TABLE OF CONTENTS.

ALPHABETICAL LIST OF HOSPITALS, with addresses and telephone numbers.

MEDICAL COLLEGES, giving a brief historical sketch, equipment, entrance and graduation requirements, scholarship, curriculum, faculty.

MEDICAL LIBRARIES, number of volumes.

MEDICAL LABORATORIES, giving all Culture and Anti-toxin Stations in Boston.

STATE BOARDS AND COMMISSIONS, giving their powers, officers, etc., laws relating to practice of medicine and commitments, State Inspectors.

BOARDS OF HEALTH of Greater Boston.

MEDICAL SCHOOL INSPECTORS of Greater Boston.

TOWN AND CITY PHYSICIANS of Greater Boston.

MEDICAL OFFICERS of the Massachusetts Volunteer Militia and the Boston Section of the United States Reserve Medical Corps.

HOSPITALS (Public and Private), State Hospitals, Asylums, Sanitoria, Homes, Dispensaries, Convalescent Homes, giving location, rules of admissions, visiting hours, consulting and visiting staff, telephone, etc.

TABLE OF CONTENTS—Concluded.

SOCIETIES—Foreign, National, Interstate, State and Local, giving object, qualifications, dates of meetings and officers.

MISCELLANEOUS INFORMATION.

PHYSICIANS OF GREATER BOSTON, giving alma mater, year of graduation, hospital training, college position, hospital appointments, medical examiner, membership in medical societies, specialty, medical literary contributions, office hours and location, alphabetically arranged.

MEDICAL STREET DIRECTORY.

LIST OF CITIES AND TOWNS THE DIRECTORY COMPRISES.

OBSTETRICAL CHART—giving the approximate date of quickening (known as the Israelus Chart).

MEMORANDA for obstetric cases, infectious diseases, dates of medical society meetings and lectures.

GENERAL INDEX.

INDEX TO ADVERTISEMENTS.

PREFACE.

IT IS especially gratifying to the publishers to be called upon to revise the third edition in so short a time. It bespeaks the confidence reposed in this publication by the medical profession. It is a source of pleasure to see so many physicians subscribe for the Medical Directory of Greater Boston, consecutively, since it was first published (and many have sent us advance checks). It makes us feel that the original object of the editor — *i e.,* to fill an hiatus heretofore unfilled — has been successfully accomplished. When the first edition was projected, there was no directory in existence that gave full data of every physician regardless ot subscription. We have lived up to this principle until now. We have eliminated all irregular practitioners and all medical degrees, except M. D., from the directory from the very beginning. We have applied the same principle to our advertising pages. The medical profession knows all about our fair treatment, and it shows its appreciation and approval by subscribing for the book.

We note a marked progress in private hospitals. Greater Boston is teeming with reputable private hospitals for the benefit of both patient and physician. We have reached a stage when patients can get better treatment, and more economically, in private hospitals than they can obtain in our modern suites. We notice the improvement in public and semi-public institutions. Great improvement has been effected in health boards.

Death claimed quite a number during the interval of our publication. New arrivals, however, outnumber the departed ones. Our additional list is quite large.

We are very thankful to the medical fraternity in general, and to our subscribers in particular, for the encouragement and aid given us. We sincerely thank the institutions for furnishing us the data promptly. We are very grateful to Dr. M. Gerstein, to whom this publication owes its very existence, for editing this edition at a great personal sacrifice.

We made every effort to live up to our motto, "Omne Trinum Perfectum." We know that we have not reached the stage of perfection, but permit us to assure you of our aspirations in that direction.

Ever ready to serve the medical profession again,

THE BOSTON MEDICAL PUBLISHING CO.

August 1, 1911.

*POEM

By OLIVER WENDELL HOLMES, M. D.

BROTHERS in art, who live for others' needs
In duty's bondage, Mercy's gracious deeds,
Of all who toil beneath the circling sun
Whose evening rest than yours more fairly won?
Though many a cloud your struggling morn obscures,
What sunset brings a brighter sky than yours?

I, who your labors for a while have shared,
New tasks have sought, with new companions fared,
For nature's servant far too-often seen
A loiterer by the waves of Hippocrene;
Yet round the earlier friendship twines the new,
My footsteps wander, but my heart is true,
Nor e'er forgets the living or the dead
Who trod with me the paths where science led.

How can I tell you, O my loving friends!
What light, what warmth, your joyous welcome lends
To life's late hour? Alas! my song is sung,
Its fading accents falter on my tongue.
Sweet friends, if, shrinking in the banquet's blaze,
Your blushing guest must face the breath of praise,
Speak not too-well of one who scarce will know
Himself transfigured in its roseate glow;
Say kindly of him what is, chiefly, true,
Remembering always he belongs to you;
Deal with him as a truant, if you will,
But claim him, keep him, call him brother still!

---

* Extracts from a poem read at a dinner given in his honor by the Medical Profession of the city of New York, April 12, 1883.

CUSHING HOSPITAL, 61 Parker Hill Ave., Boston

This Hospital is open to all cases of either sex, provided they are not infectious, offensive, or insane, or otherwise objectionable.

There is a Training School connected with the Hospital, the nurses being particularly selected and instructed for the care of private patients, especially of surgical and obstetrical cases.

The Hospital is situated on high ground overlooking the parkway between Brookline and Boston, and commands fine views of the city and suburbs. The air is pure and free from dust or smoke.

The building is large and commodious; it has been constructed especially for the purposes for which it is used, and has been designed to offer peculiar facilities for the comfort, safety and seclusion of patients.

The extensive views, open grounds and broad verandas make this a very pleasant place for invalids. Many of the private rooms open on the veranda by long windows, through which a bed or couch can be passed, so that patients who require a systematic open-air treatment by night and day will here receive particular attention under very advantageous circumstances.

Experience has shown the great benefits of open-air treatment before and after surgical operations.

For further particulars apply to

Grace E. Rochford, M. D.,
Resident Physician.

MEDICAL COLLEGES.

BOSTON UNIVERSITY SCHOOL OF MEDICINE.

Organized 1873. 82 East Concord Street, Boston.

The first four years' course of graded medical instruction ever offered in this country was instituted by this School in the spring of 1878. For twelve years it was maintained alongside the older three years' course, and the student was given opportunity to elect between the two. In the summer of 1890 the faculty were satisfied that the time had arrived to discontinue the shorter course and to make the longer one the required course for all students. At that time the announcement was made that the change would go into effect in the fall of 1891; but as several students immediately appeared who were anxious to begin the new course without delay, provision was made for them, and the required four years' course was commenced in the fall of 1890. Since that date the requirement has been four years of professional study before promotion to the degree of Doctor of Medicine. This is one of the most important steps ever taken in America in behalf of thorough medical education.

The School has from its inception been closely affiliated with the Homeopathic Medical Dispensary and the Massachusetts Homeopathic Hospital; the very marked and continuous growth of these institutions adding greatly to the clinical facilities at the disposal of the faculty. To these facilities there was added in 1886 the Westborough Insane Hospital, where in the course of twenty years upwards of 6700 patients have been treated, thus offering clinics of exceptional value and size. Another addition to the clinical facilities is the Maternity Department of the Hospital, established ten years ago, which, added to the exceptional opportunities for obstetrical work presented by the Dispensary, enables the School to offer its students superior training in obstetrics. The latest addition is the John C. Haynes Memorial Hospital for Contagious Diseases with accommodations for one hundred and twenty or more patients. These combined facilities constitute advantages in the way of clinical work not surpassed by those of any medical school in the country. The Massachusetts Homeopathic Hospital, mostly built by private munificence, but enlarged by the bounty of the State, is one of the largest general hospitals under homeopathic management in the world. The new college building contains physiological, pathological and microscopical laboratories fully equipped, each able to accommodate fifty students at the same time; a library capable of holding forty-five hundred volumes; a pathological museum with room for one hundred thousand specimens; and on each of the four stories a fine lecture or reading room and private laboratory or work room. These, added to the facilities afforded by the former school building, make this one of the largest and best equipped medical colleges in the country.

REQUIREMENTS FOR ADMISSION.

Candidates who have taken their first degree in Arts, Philosophy or Science are admitted without examination on exhibition of their diplomas to the Board of Examiners. A "Medical Student's" Certificate or a "Full Course" Certificate from the Regents of the University of the State of New York, and credentials from those Preparatory Schools recognized by the New England College Entrance Certificate Board, and from such other High or Preparatory Schools as after investigation may be approved by the Executive Committee, certifying to competency in such subjects as are included in the examinations for entrance to this School, will be accepted in lieu of entrance examinations. All other applicants are examined in the following branches:—

1. English.—An essay of not less than two hundred words on subjects to be assigned by the examining board, to be written at the time and place of examination. No candidate will be accepted in English whose work is notably deficient in points of spelling, punctuation, idiom, or division into paragraphs.

2. College entrance examinations, i. e., a thorough knowledge of Latin grammar and prose composition and the evidence of having read such Latin authors as Caesar and Virgil, or authors of equivalent value, with ability to translate from them.

3. French or German.—The translation at sight of ordinary easy prose is the chief feature of these examinations.

History.—An examination in History may be sustained for one in French or German. Myers' General History or its equivalent; Fiske's or Higginson's History of the United States.

4. Mathematics.—Arithmetic including a thorough knowledge of the metric system.

Algebra, to simple equations containing two unknown quantities.

Plane Geometry.

5. Physics.—An amount represented by Gage's Elements of Physics or its equivalent.

6. Chemistry.—An amount represented by Remsen's "Briefer Course," Shepard, or Newell.

A knowledge of biology is not among the requirements for admission, but its importance to the medical student cannot be overestimated. Before entering a medical school a student should have at least an elementary course in Zoology from Protozoa up to Mammalia. The possession of a somewhat comprehensive knowledge of comparative anatomy renders the study of Human Morphology much more simple, attractive, impressive and satisfactory than it otherwise can be.

In 1912 the requirements for admission to the school will be one year of attendance, or its equivalent, at a college or technical school including in its curriculum English, Latin, German or French, Mathematics, Physics, Chemistry and Biology.

CURRICULUM OF FOUR YEARS' COURSE.

A thorough and comprehensive curriculum—one sufficient to impart to the student a complete scientific as well as practical medical education—has been arranged. To each term and each year certain studies are assigned, in which the student is required to become proficient before entering upon more advanced studies.

First Year.

Anatomy (elementary), Anatomy (advanced), Dissections, Physiology (first year), Chemistry, General and Analytical; Microscopy and Histological Technique; Bacteriological Technique, Histology and Embryology, Minor Surgery, Pharmaceutics, Homeopathy (Principles of).

Second Year.

Physiology (second year: didactic), Physiology (laboratory, experimental), Medical and Physiological Chemistry, Toxicology, Elements of Medicine, Theory and Practice, Materia Medica, Diseases of the Skin, Obstetrics, General Pathology, Surgical Pathology, Pathological Histology, Sanitary Science.

Third Year.

Materia Medica, Theory and Practice; Surgery: General, Operative, Regional and Genito-Urinary; Clinical Microscopy, Clinical and Operative Obstetrics, Gynaecology (clinical), Diseases of the Chest, Diseases of the Throat and Nose, Diseases of Children, The "Organon" and "Chronic Diseases," Clinics, Dispensary Practice (spring term).

Fourth Year.

Materia Medica, Clinical Medicine, Clinical Surgery, Orthopedic Surgery, Gynaecology (surgical), Diseases of the Eye, Diseases of the Ear, Anatomy; Histology and Diseases of the Nervous System; Electro-therapeutics, Insanity, Diseases of the Rectum, Venereal Diseases, Mechanical and Hydro-Thereapeutics, Medical Jurisprudence, Medico-Insurance, Dispensary Practice, Clinics and Clinical Reports.

FIVE YEARS' COURSE.

In announcing the establishment of an optional five years' course of study, Boston University School of Medicine again demonstrates its claim to stand in the vanguard of medical education. This course meets the demand of the time for increasingly thorough preparation for a medical career, and is altogether in accord with the high traditions of progress and leadership of which the School is justly proud.

The five years' course is offered under the following conditions:

1. That the first four years be essentially as at present arranged.

II. That the fifth year be spent in special laboratory or clinical work under the direction of the Executive Committee and include at least five hundred hours elected from the various courses specified below.

III. That a thesis embodying the results of original work be presented to the Registrar thirty days prior to the date of graduation, the acceptability of this thesis to be decided by the professor to whom it may be referred by the Executive Committee.

IV. That at the discretion of the Executive Committee eight months' service as interne in a hospital of at least fifty beds be accepted in lieu of three hundred hours' work; or twelve months' service in lieu of four hundred hours.

V. That the degree M. B., or Ch. B. be awarded to those students following the five years' course who complete the first four years with a sufficient degree of credit, and that the degree M. D. "cum laude" be conferred upon those who satisfactorily fulfil the final requirements.

VI. Those who already possess the degree M. D. and who present evidence of competency in the full curriculum of this School may be admitted to the work of the fifth year, and upon its satisfactory completion will receive the degree M. D. "cum laude."

COMBINATION COURSE.

The Faculty of Boston University School of Medicine feel that very great significance attaches to the announcement of a new combined course.

In this course, by the cooperation of the College of Liberal Arts and the School of Medicine, a student will find it possible to obtain the academic degree of Bachelor of Science and the professional degree, Doctor of Medicine, by six years' work in Boston University.

POST-GRADUATE COURSES.

Graduates in Medicine, who are approved by the Faculty, will be admitted to the School, and allowed to attend such lectures as they choose, and will be entitled to receive a certificate of such attendance. Those who wish to review any of their past studies, or to investigate new subjects, will have excellent opportunities in the laboratories of the School, as well as in the daily clinics of the Hospital and Dispensary. In order to obtain the Diploma of the School, they must pass a satisfactory examination in the entire work of the senior year, and present evidence of competency in the full curriculum of the School.

Summer post-graduate courses for several years have been offered in the specialties, but in June, 1910, following "clinical week," in response to numerous demands there was instituted a six-weeks Summer Term, which included clinical, didactic and laboratory exercises in seventeen different departments. Similar courses will be offered for the summer of 1911 to those graduates whose inclination is to utilize clinical opportunities and seek the latest advances in the diagnosis and treatment of disease.

SPECIAL COURSES.

Persons approved by the Executive Committee may be admitted to special courses, which, however, shall not count as any part of the regular four-years course.

The degree Doctor of Medicine "cum laude" will be granted to candidates who, having fulfilled all the requirements of the School, have attained in each study pursued in the School not less than 85 per cent,

The degree Doctor of Medicine "cum lande" will be granted to candidates who satisfactorily fulfill the final requirements of the five years' course.

TUITION FEES.

Matriculation (paid but once)	$ 5.00
Tickets including three lecture terms, each year	125.00
Tickets for graduates of other medical colleges, one year	125.00
Graduation as Bachelor of Medicine or Surgery (M. B. or C. B.)	10.00
Graduation as Doctor of Medicine	30.00
For the fifth year of the five years' course	50.00

SCHOLARSHIPS, ETC.

Lucius Clapp Scholarship Fund offers material assistance annually to four needy students of advanced standing whose industry and ability justify the Faculty in awarding scholarship aid.

Wade Scholarship.—A limited number of scholarships, resulting from the income of the Wade Fund, bequeathed for the benefit of poor and worthy young women, are at the disposal of the officers of the School, and will be available to such as require assistance.

Bailey-Crane Scholarship Fund offers material assistance annually to a few women.

Clara A. Thacher Scholarship is now available.

Alumni Scholarship Fund.—The income from this fund is now available for the assistance of needy students of advanced grade and satisfactory attainments. Two scholarships of fifty dollars each will be granted during the ensuing year to students recommended by the Executive Committee of the School to the Executive Committee of the Association.

The Robert Dawson Evans Scholarship Fund will be available for the benefit of needy students whose record in the School gives evidence of special proficiency.

Garfield Scholarship.—A fund has been contributed, the income of which will be used to aid such young men as the Faculty may deem most worthy.

Fenno Tudor Loan Fund.—This fund, left by the late Mrs. Fenno Tudor, to aid women in the Medical School, will be loaned in sums not exceeding fifty dollars, to meritorious women students, upon suitably endorsed notes, bearing interest at six per cent.

George Russell Loan Fund.—This fund, left by the late Dr. George Russell, will be loaned, in sums not exceeding fifty dollars, to meritorious men students upon suitably endorsed notes, bearing interest at six per cent.

The Ladies' Aid Association offers pecuniary and other assistance to a limited number of women students. Scholarship aid is its chief purpose, but it also aims to give practical counsel and encouragement to those women students coming from a distance who are strangers to city life.

The Massachusetts Society for the University Education of Women has been able, as a part of its work, generously to assist medical students in Boston University.

Traveling Fellowship.—Friends of the School and of higher medical education have contributed toward a fund which promises soon to be available, to help in defraying the expenses of a year's study in Europe, immediately after graduation, of a male student whose record in the School merits such assistance.

THE FACULTY.

William E. Huntington, Ph. D., S. T. D., LL. D., President.
Richard W. Husted. Esq., Treasurer.
John P. Sutherland, M. D., Dean, Professor of Theory and Practice.
Frank C. Richardson, M. D., Registrar, Professor of Neurology and Electro-Therapeutics.
Herbert C. Clapp, M. D., Secretary, Professor Diseases of the Chest.
Walter Wesselhoeft, M. D., Emeritus Professor of Clinical Medicine.
Frederick B. Percy, M. D., Professor of Clinical Medicine.
J. Herbert Moore, M. D., Professor of Materia Medica and Diseases of Children.
Howard P. Bellows, M. D., Professor of Otology.
Edward P. Colby, M. D., Professor of Nervous Diseases.
John L. Coffin, M. D., Professor of Diseases of the Skin.
John H. Payne, M. D., Professor of Ophthalmology.
Horace Packard, M. D., Professor of Surgery.
N. Emmons Paine, M. D., Professor of Mental Diseases.
George B. Rice, M. D., Professor of Diseases of the Nose and Throat.
J. Wilkinson Clapp, M. D., Emeritus Professor of Pharmaceutics.
Nathaniel W. Emerson, M. D., Professor of Gynaecology.
George R. Southwick, M. D., M. R. C. S., Professor of Clinical Gynaecology.
Frederick P. Batchelder, M. D., Professor of Physiology.
George H. Earl, M. D., Professor of Obstetrics.
Winfield Smith, M. D., Professor of Operative Surgery.
Arthur W. Weysse, Ph. D., M. D., Professor of Experimental Physiology.

William H. Watters, M. D., Professor of Pathology and Curator of the Museum.
J. Herbert Moore, M. D., Professor of Diseases of Children.
J. Emmons Briggs, M. D., Professor of Clinical Surgery.
Edward E. Allen, M. D., Professor of Anatomy.
Allan Winter Rowe, Sc. B., M. S., Ph. D., Professor of Chemistry.

In addition to the above the following constitute the full Faculty:

Sarah S. Windsor, M. D., Associate Professor of Obstetrics.
Eliza B. Cahill, M. D., Associate Professor of Gynaecology.
William F. Wesselhoeft, M. D., Associate Professor of Surgery.
Martha E. Mann, M. D., Associate Professor of Diseases of Women.
Charles H. Thomas, M. D., Associate Professor of Clinical Medicine.
Frederick W. Halsey, M. D., Lecturer on Diseases of the Rectum.
Everett W. Burdett, LL. B., Lecturer on Medical Jurisprudence.
A. Howard Powers, M. D., Lecturer on Clinical Surgery.
William A. Ham, M. D., Demonstrator of Anatomy.
Percy G. Browne, M. D., Lecturer on Diseases of the Chest.
Neidhard H. Houghton, M. D., Lecturer on Diseases of the Nose and Throat.
Geo. S. Adams, M. D., Clinical Lecturer on Insanity.
Frank E. Allard, M. D., Lecturer on Physical Economics.
Wesley T. Lee, M. D., Lecturer on Theory and Practice.
J. Arnold Rockwell, Jr., M. D., Lecturer on Diseases of the Stomach and Intestines.
Orren B. Sanders, M. D., Lecturer on Venereal Diseases.
Clarence Crane, M. D., Lecturer on Minor Surgery.
Fred S. Piper, M. D., Lecturer on Theory and Practice.
Edward S. Calderwood. M. D., Lecturer on Anatomy.
Marion R. Horton, M. D., Lecturer on Elementary Materia Medi
George H. Wilkins, M. D., Lecturer on Theory and Practice.
John P. Rand, M. D., Lecturer on the History of Medicine.
Thos. E. Chandler, M. D., Lecturer on Surgical Pathology.
Alonzo G. Howard, M. D., Lecturer on Orthopedic Surgery.
Charles T. Howard, M. D., Lecturer on Clinical Surgery.
Edwin P. Ruggles, M. D., Lecturer on Obstetrics.
DeWitt G. Wilcox, M. D.. Lecturer on Genito-Urinary Surgery.
Nelson M. Wood, M. D.. Lecturer on Diseases of Children.
Albert S. Briggs, M. D., Instructor in the Elements of Medicine.
Mary A. Leavitt, M. D.. Lecturer on Materia Medica and Instru in Surgical Anaesthesia.
Alice S. Woodman, M. D., Instructor in Histology.
Dana F. Downing, M. D., Instructor in Physiology.

Elizabeth E. Shaw, M. D., Instructor in Obstetrics.
Charles A. Eaton, M. D., Instructor in Pathology.
Solomon C. Fuller, M. D., Laboratory Instructor in Anatomy and Histology of the Nervous System.
J. Walter Schirmer, M. D., Instructor in Sanitary Science.
Frederick W. Colburn, M. D., Instructor in Otology.
Benjamin T. Loring, M. D., Assistant in Clinical Microscopy.
John H. Urich, M. D., Assistant in Diseases of the Skin.
Wilson F. Phillips, M. D., Assistant in Diseases of Women.
Lowell T. Clapp, Ph.C., Lecturer on Pharmaceutics.
Anna T. Lovering, M. D., Librarian.
Executive Committee:—John P. Sutherland, M. D., Frank C. Richardson, M. D., George B. Rice, M. D., Herbert C. Clapp, M. D., Frederick P. Batchelder, M. D., Arthur W. Weysse, M. D., Richard W. Husted, Esq., 688 Boylston Street, Treasurer.

COLLEGE OF PHYSICIANS AND SURGEONS.

Organized 1880. 571 Shawmut Avenue, Boston.

By unanimous vote of the House and Senate of the Commonwealth of Massachusetts, this College was granted authority to confer the degree of Doctor of Medicine.

It was one of the first colleges to demonstrate the practicability of co-education in medical science, by extending full benefits and privileges equally to men and women. By twenty-nine years of steady growth, it is shown that liberality and justice in medical education are widely appreciated.

Students receive thoroughly practical lectures and laboratory work at this College, and particular attention is given to clinical teaching both at the Dispensary and at the bedside in the homes of the poor.

This is a great factor in fitting students to successfully follow out the practice of their profession.

GENERAL OUTLINE OF THE CURRICULUM.

First Year.

Anatomy (Otseology), Physiology, General Chemistry, Materia Medica, Histology, Embryology, Chemical, Histological, Anatomical, Embryological and Physiological Laboratories.

Second Year.

Anatomy, Histology, Physiology, Physical Diagnosis, Medical Chemistry, Materia Medica and Therapeutics, Pathology, Bacteriology, Hygiene, Physiological Chemistry; Bacteriological, Physiological, Chemical, Pathological and Anatomical Laboratories.

Third Year.

Medicine, Surgery, Obstetrics, Pathology and Pathological Laboratory, Clinical Medicine, Surgical Anatomy, Dermatology, Operative Surgery, Clinical Diagnosis; Practical Clinical Work in Medicine, Obstetrics and Surgery; Genito-Urinary Diseases.

Fourth Year.

Medicine, Surgery, Obstetrics, Gynecology, Laryngology; Medical Jurisprudence; Clinical and Practical Work in Medicine, Surgery, Obstetrics, Gynecology, Nervous and Mental Diseases, Diseases of Eye and Ear, Pediatrics, Electro-Therapentics, Genito-Urinary Diseases, Special Medical Pathology and Therapy.

Fifth Year.

Consists of hospital, clinical and such other work as the Board of Censors may require.

EXAMINATIONS.

All examinations are held in College buildings, are conducted in writing, and are arranged as follows:

At end of first year: Anatomy, Physiology, General Chemistry and on such other studies or branches as may be required for the first year course.

At end of second year: Materia Medica and Therapeutics, Pathology, and other studies or branches that may be required for the second year course.

At end of third year: Obstetrics, Practice, Surgery and other studies or branches that may be required for the third year course.

At end of fourth year: Surgery, Gynecology, Practice of Medicine, and such subjects as have been required to be pursued in the fourth year course.

ADMISSION REQUIREMENTS.

Creditable certificates of good moral character, signed by two physicians of good standing in the State, Territory, or District in which the applicant last resided.

The Association of American Medical Colleges has prescribed the following minimum requirement for admission to the medical course:

(a) A bachelor's degree from an approved college or university.

(b) A diploma from an accredited high school, normal school, or academy requiring for admission evidence of the completion of an eight-year course in primary and intermediate grades, and for graduation not less than four years of study, embracing not less than two years (4 points) of foreign language, of which one must be Latin, two years (4 points) of mathematics, two years (4 points) of English, one year (2 points) of history, two years (4 points) of laboratory science, and six years (12 points) of further credit in language, literature, history or science.

(c) An examination in the following branches:

A. Required 18 points; Mathematics 4 points; English 4 points; History 2 points; Language, two must be Latin, 4 points; Science taken from physics, chemistry, botany, zoology, 4 points.

B. Optional (to 12 points); English 2 points; History 6 points; Language, 6 points; Manual Training, 2 points; Mechanical Drawing, 1 point; Natural Science (botany, biology, zoology) 2 points; Physical Science (chemistry, physics) 2 points; Trigonometry, 1 point; Astronomy (1), Civics (1), Geology (1), Physical Geography (1), Physiology, and Hygiene (1), Political Economy (1).

(One point in any subject in a high school or academic course demands not less than five periods per week of forty-five minutes each for eighteen weeks.)

(d) Certificates from reputable instructors recognized by the State board of medical examiners duly authorized by law or by the superintendent of public instruction in States having no examining board may be accepted in lieu of any part of this examination.

Sec. 2. This examination must be conducted by or under the authority of the Board of Examiners or the superintendent of public instruction of the city or State in which the college is located. In no case shall it be conducted by any person connected with the faculty, medical or otherwise, of the institution to which the student is seeking admission.

Sec. 3. A student may be allowed to enter on his medical work conditioned in not more than six points, and these conditions must be removed by satisfactory examinations before he is allowed to enter on the second year of his medical course.

GRADUATION REQUIREMENTS.

Candidates must be at least 21 years of age. They must have attended four annual courses of lectures of not less than six months' duration each at this College; or, have attended three such courses at some other recognized medical college or colleges, and one at this; or, have attended two such courses at some other recognized medical college or colleges, and two at this; or, have attended one such course at some other recognized medical college, and three at this; or, having been admitted to advanced standing in this College, shall be required to have attended at this College such courses of lectures as shall be necessary to complete the curriculum of four annual courses of lectures in medical colleges, and to have pursued, including the attendance on lectures, the study of medicine for four calendar years. Candidates must have dissected all parts of the cadaver.

Each student is required before graduating to furnish satisfactory written reports of forty medical, ten surgical and six obstetrical cases personally attended and a like certificate of having seen five cases in each of the clinical departments.

The presentation of a satisfactory thesis is a requirement for graduation. If of conspicuous merit it will receive honorable mention; if also of a suitable character, it may be read at the College commencement exercises. Theses must be completed and delivered to the Dean on or before the 15th of May. The thesis which a candidate presents must be written by himself or herself, and must be on some subject connected with medicine.

Evidence of good moral character must be presented (this must include unexceptionable conduct during attendance at the College).

The enforcement of the requirements heretofore announced concerning the fifth year of study in this College is no longer a necessity, thanks to the liberal policy of the City of Boston as manifested by recent acts of the Mayor, Board of Aldermen and Board of Trustees of the Boston City Hospitals, whereby the clinical advantages in the city institutions are henceforth to be opened alike to medical students of all medical colleges; therefore, this College will hereafter grant its regular diploma to duly qualified students who have pursued their medical studies for the four full years.

Each student who has completed the fifth year of study to the satisfaction of the Board of Censors will receive an additional certificate under seal of said Board testifying to that fact.

EXPENSES.

Matriculation (yearly)	$ 5.00
Full Course of Lectures, for 1st year	75.00
Full Course of Lectures for 2d year	100.00
Full Course of Lectures for 3d year	100.00
Full Course of Lectures for 4th year	100.00
Four Courses of Lectures (in advance)	300.00
Graduation Fee (payable but once)	30.00
Each Laboratory	5.00
Dissecting Material	at cost
Laboratory Material and Apparatus	at cost
Operative Surgery Laboratory	2.50

PRIZES.

Degrees with Honor. Desiring to show its appreciation of distinguished merit, as well as to stimulate laudable emulation, the College may confer the degree of Doctor of Medicine "magna cum laude" upon those students whose examinations show superior attainments.

To the member of the graduating class who secures the highest rank in the examinations of the course will be presented a pocket case of surgical instruments.

No prize will be awarded to any student who at the time is deficient in any study of a course which he has pursued, nor to any whose conduct and deportment has been objectionable at any time during the course.

North End Dispensary and Hospital appointments of undergraduates, as clinical assistants, are made at intervals throughout the year. Undergraduates serving as clinical assistants may receive certificates of service when they graduate from the College.

BENEFICIARY.

By a provision of the Shurtleff Fund, established by will of Rev. David Shurtleff, a number of acceptable persons who can give satisfactory evidence of their inability to pay the regular college fees, may be enrolled as students. Income from the above source is influenced by the earnings of stock investments, therefore the number of students who can be received will vary accordingly. Applicants should consult the Registrar.

There will be opportunity offered for a limited number of nurses and special assistants to earn a part of their expenses while in college.

Applicants must have written recommendations of character, satisfactory to the factulty, and must be able to pass all entrance examinations.

It is hoped that as many friends of the College, as are able, will personally provide special funds to aid deserving students. There is no object more worthy of bequest than medical education.

FACULTY.

Thomas Davison Crothers, A. M., M. D., Dean.
Arthur Sherman Kneil, A. B., Registrar.

PROFESSORS.

Anatomy—Loring Grimes, M. D.; Curtis Briggs Cotton, M. D.
Hygiene and Public Health—Marshall James Mosher, M. D.
Materia Medica—Roy John Boynton, M. D.
Materia Medica and Therapeutics—Maurice Gerstein, M.D.
Medicine, Theory and Practice—John Gilbert, M. D.; Edward Everett Hawes, M.D.; Charles Francis Berry, M. D.
Obstetrics—Eugene Wason, A. M., M.D.; Wendell Phillips Hudson, M. D.
Physical Diagnosis—Rudolph Ernest Trenholm Rhames, M. D.
Physiology—Albert Eber Miller, M. D.; Arthur Morong, A. B., M. D.; William Alexander Sinclair, M. D.
Psychology and Spirit and Drug Neuroses—Thomas D. Crothers, A. B., M. D.
Surgery—Frank Leslie Burt, Ph. B., M. D.; James Blenkhorn, M. D.; Edward Everett Hawes, M. D.; Curtis Briggs Cotton, M. D.

LECTURERS ON SPECIAL SUBJECTS AND OTHER INSTRUCTORS.

Anatomy—Ira Everett Dyas, M. D.; Elliott Daniel Robbins, M. D.; Charles Joseph Walsh, M. D.
Bandaging and Surgical Dressings—Charles F. Berry, M. D.
Chemistry, General—Silas Bradford, Ph. G., Ph. C., Dorchester; Merritt Jenkins, Ph. B., D. M. D., 157 North St., North Weymouth.
Chemistry, Medical—J. Conrad Ross, Ph. C., M. D.
Clinical Diagnosis—Arthur Morong, A. B., M. D.
Clinical Medicine—Max Ziselman, M. D.
Dental Chemistry and Metallurgy—Paul Gardner White, D. M. D.
Dermatology and Genito-Urinary Diseases—William Corbett McLean, M. D.

Dental Pathology and Therapeutics—Louis Harrington Marshall, M. D., D. D. S.
Electro-Therapeutics—Walter Samuel Deane Hitchcock, M. D.
Gynecology—Edward James Fitzgibbon, M. D.
Life Insurance Examinations—Edward E. Hawes, M. D.
Materia Medica and Therapeutics—Charles Edward Buck, M. D., Ph. G.; Charlotte Elizabeth Cooke-Arnold, M. D.
Military Surgery and Tropical Diseases—John Smith Fogg, M. D.
Operative Dentistry—Eugene Todhunter Vincent, D. D. S., 93 Massachusetts Avenue.
Ophthalmology—George Andrew Moore, M. D.
Oral Surgery, Extracting, Anaesthetics and Orthodontia—Paul Gardiner White, D. M. D.; James Francis Gilbert, M. D., D. D. S.
Pathology Laboratory—Frank Carr Carlton, B. S., M. D.
Pediatrics—Barnard Lecherzack Bernard, M. D.; Oliver Edward Bixby, M. D.
Physical Diagnosis—Isaac Daniel Carl, M. D.
Practical Dentistry, Demonstrators—George Frederick Shurtleff, M. D.; Joseph Charles Devlin, D. D. S.; Dr. Alban Berchmans Chrysostome Descroix.
Prosthetic Dentistry and Special Technics—J. W. Cail, D. D. S.
Rectal Diseases—George Henry Packard, M. D.
Surgery—Edward Charles Thompson, M. D.; Ernest Bradford Schallenbach, M. D.
Technics, Crown and Bridge Work—Benjamin Almerin Green, M. D., D. D. S.

BOARD OF CENSORS.

The Dean, President and Registrar of the college will appoint annually, in June or thereafter, a President, Secretary and not less than five other persons, who together shall constitute the Board of Censors, who shall serve for one year or until their successors are appointed; but no person shall be eligible to membership on this Board except a practising physician in good standing and who is not otherwise connected with the College.

This Board shall meet annually in June, prior to the graduation exercises.

HARVARD MEDICAL SCHOOL.

Longwood, Ave., Boston.

Three professorships of Medicine were established at the University in the years 1782 and 1783. The first degrees in Medicine were conferred in 1788. Before 1811, the degree conferred upon graduates of the School was that of Bachelor of Medicine; beginning with 1811, the degree has been Doctor of Medicine. In 1810, the lectures given in Medicine were transferred from Cambridge to Boston, where the first Medical College was built in 1815.

The course of study required in this School for the degree of M. D. is of four years' duration. This requirement was established at the beginning of the year 1892-93.

The academic year begins on the Thursday following the last Wednesday in September, and ends on the last Wednesday in June. In order that the time of study shall count as a full year, students of all classes must present themselves on the first day of the school year and register their names with the Secretary.

There is a Christmas recess from December 23 to January 2 inclusive, and a recess of one week's duration in April.

THE NEW BUILDING.

In September, 1906, the Medical School removed from its quarters on Boylston Street to commodious new buildings on Longwood Avenue, distant about a mile from the old building. At the new site the School possesses twenty-six acres of land. Eleven acres are now occupied by the Medical School buildings; the other fifteen are reserved for hospitals which, it is hoped, will be built on this ground in the near future.

The new buildings are five in number: one is designed for administrative and four for laboratory purposes. The administration building contains the necessary offices, several lecture rooms, and the Warren Anatomical Museum. The laboratory buildings provide extensive accommodations for various departments grouped in the buildings as follows: (1) anatomy, comparative anatomy, histology, and embryology; (2) physiology, comparative physiology, biological chemistry, and theory and practice of physic; (3) pathology, bacteriology, neuropathology, and surgical pathology; (4) hygiene, pharmacology, comparative pathology, and surgery.

The laboratory buildings are all constructed on one general plan,—two parallel wings united by an amphitheatre. Above each amphitheatre is a large departmental library.

ADMISSION OF STUDENTS.

I. Students who have acquired from a recognized college or scientific school a degree in arts or science, following the completion of a course of at least three collegiate years, are admitted as regular students and candidates for the degree of M. D., provided they present certificates showing that they have done satisfactory work in chemistry equivalent to two college courses, with laboratory work in each amounting at least to four hours per week. These courses in chemistry should include general chemistry, organic chemistry, and qualitative analysis; some practice in making careful quantitative determinations is desirable. In case the student cannot present such certificates in chemistry he will be required to pass examinations in these subjects. Students who are not quite able to fulfil all of the requirements in chemistry may enter conditioned in chemistry; but they must make up the condition before the beginning of the second term of the first year.

II. Candidates who present certificates showing that they have completed two years of undergraduate work at a recognized college or scientific school will be admitted as special students, provided the are able to read French or German and have taken the following college courses, with at least four hours of laboratory work per week in each. (The minimum proportion of a college year to be devoted to each is indicated.)

Physics (1-4 year).
General Chemistry (1-4 year).
Qualitative Analysis (1-8 year).
Organic Chemistry (1-8 year).
Zoology (which must include dissection of vertebrates and work with the microscope) (1-4 year).

Special students who attain an average grade within five points of the honor mark in their years of residence at the Harvard Medical School will be accepted as candidates for the degree of M.D.

Although students are admitted to the Medical School under the conditions indicated under I, it is recommended to those who propose to study medicine that they include if possible among their studies in college certain courses which serve as a direct preparation for or are aids in the study of medicine. Such studies are:—

Chemistry as outlined under I, and without which students are not admitted to the Medical School.

Physics. A college course in experimental physics extending through the college year and including at least four hours of laboratory work per week. The laboratory work should consist largely of accurate physical measurements.

Biology. Two college courses with laboratory work in each amounting to at least four hours per week. This work should include general biology, the dissection of vertebrates, and practice in the use of the microscope and in microscopic technique.

French and German. Any course requiring considerable practice in reading.

The courses offered by the Harvard Faculty of Arts and Sciences which fit these recommendations are as follows: Physics C; Chemistry 1, 2, and 3; Zoology 1, 2, 3, and 4; Botany 2; together with several courses in French and German.

ADMISSION TO ADVANCED STANDING.

Students who began their professional studies in other recognized medical schools may be admitted to advanced standing and become candidates for the degree of M.D. under the following conditions:—

All persons who apply for admission to the advanced classes must furnish a satisfactory certificate of time spent in medical studies, must pass examinations and fulfil all requirements of laboratory and practical work in the branches already pursued by the class to which they seek admission, and fulfil all other requirements for admission enumerated under I. Other students who fulfil the requirements for admission enumerated under II may be admitted to advanced standing as special students provided they furnish satisfactory certificate of time spent in medical studies, pass examinations and fulfil all requirements of laboratory and practical work in branches already pursued by the class to which they seek admission. Special students admitted to advanced standing may be accepted as candidates for the degree of M.D. provided they attain an average grade within five points of the honor mark in the years of their residence at the Harvard Medical School.

A graduate of another medical school of recognized standing may obtain the degree of M.D. at this University, after a year's study in the undergraduate course, by passing all examinations and by fulfilling all requirements of laboratory and practical work required in the full undergraduate course, and by fulfilling all requirements for admission. These examinations may be taken only at the times set for the regular examinations in September, February (mid-year examination), and June.

Applicants for advanced standing and graduates of another medical school who have fulfilled in another recognized medical school the requirements of laboratory or practical work of a department of this School may be excused from repeating such requirements, provided the instruction which they have received is considered satisfactory by the Committee on Admission in conference with the head of the department concerned.

DEGREES.

Degree of Doctor of Medicine.

Every candidate for the degree of Doctor of Medicine at this University must be at least twenty-one years of age, and of good moral character. He must fulfil all the requirements for admission to this Medical School; must give evidence of having studied in a recognized Medical School at least four full years, of which one year must be spent at this School; must pass all the required examinations, and fulfil satisfactorily the special requirements enumerated above.

The degree of Doctor of Medicine will be given to those candidates who fulfil the above requirements. The degree of Doctor of Medicine cum laude will be given to candidates who have obtained an average of eighty per cent., or over, in all the required examinations.

Candidates for the degree must make application for it in writing, on blanks furnished at the Dean's office, on or before May 1 of the year in which they propose to graduate.

Candidates for the degree of Doctor of Medicine are not required to present a thesis; but they may present a voluntary thesis which, if of conspicuous merit, may receive honorable mention; if the thesis is also of a suitable character, it may be read at the Commencement exercises. These must be completed and delivered to the Dean on or before the first day of May.

A graduate of another Medical School of recognized standing may obtain the degree of Doctor of Medicine at this University by fulfilling all the requirements for undergraduates above mentioned, but he may take the examination in any subject only at the times when regularly it is held, that is, in September, at the mid-year, or in June.

Degree of Doctor of Public Health.

The degree of Doctor of Public Health is open to holders of the degree of Doctor of Medicine from the Harvard Medical School or other recognized Medical Schools, and to other properly quualified persons. Candidates for the degree of D.P.H. must spend not less than one year in work upon a special subject, approved by the Committee on the Degree of D.P.H., and present a thesis containing some original research acceptable to the Faculty of Medicine. Candidates for this degree may be given credit for any course offered in any department of the University, provided it has the approval of the Faculty of Medicine, and candidates from other institutions may be admitted to advanced standing. A minimum of one year in residence shall be required of all candidates for the degree of D.P.H. Information in regard to this degree may be had from Professor M. J. Rosenau, Chairman of the Committee on the Degree of D.P.H.

FEES AND EXPENSES.

The fees are:—For matriculation, five dollars; for instruction, two hundred dollars for each year (if in two payments, at the first, one hundred and twenty dollars; at the second, eighty dollars); for a half-year alone, one hundred and twenty dollars. During the first year there are the following additional expenses: two dollars for each of the three parts required for dissection; three dollars for laboratory materials in Histology; three dollars for physiological material; and a maximum of ten dollars a year for chemical material, in addition to the charge for breakage of glass apparatus.

Degree of D.P.H.

A fee of $150 is charged for tuition, and $5 for matriculation. Of this amount, $95 must be paid to the Bursar at the beginning of the academic year without the presentation of a bill; the remaining $60 must be paid on or before January 31. No degree can be conferred until all dues to the University have been discharged.

Degree of A.M. and Ph.D.

For these degrees, a fee of $150 is charged for tuition, and a graduation fee of $20. Of this amount, $90 must be paid to the Bursar at the beginning of the academic year without the presentation of a bill; the remaining $60 must be paid on or before January 31st. The graduation fee of $20 must be paid before Commencement. No degree can be conferred until all dues to the University have been discharged.

FELLOWSHIPS AND SCHOLARSHIPS.

Fellowships.

Bullard Fellowships. In 1891, William Story Bullard, of Boston, gave the sum of fifteen thousand dollars for the establishment of three fellowships of five thousand dollars each "in memory of three physicians who were distinguished for their honorable personal character and for their professional services in this community." Accordingly the three following fellowships were established:—

The George Cheyne Shattuck Memorial Fellowship; The John Ware Memorial Fellowship; The Charles Eliot Ware Memorial Fellowship. The income of the first two is two hundred and twenty-five dollars each, and of the last, two hundred and fifty dollars.

The income of the first two is two hundred and twenty-five dollars each, and of the last, two hundred and fifty dollars.

The income from any one or all of these fellowships may be paid to any student or member of the medical profession who shall be selected by the Administrative Board of the Medical School to make such original investigations in Medical Science as in their opinion will be most useful to the profession and to the community. The results of such investigations shall not, however, be published as a research performed under the grant of a Bullard Fellowship, unless the work shall have received the approval of the Committee. If published with the approval of the Committee, mention shall be made of the fact that the work was done under a Bullard Fellowship.

Holders of Bullard Fellowships are required to do an amount of work equivalent to not less than ten hours a week throughout the academic year and to present to the Committee at the end of the academic year a report on the amount and result of the work performed.

Applications for the Bullard Fellowships must be handed to the Dean on or before October 1..

Charles Follen Folsom Teaching Fellowship. In 1908 eleven thousand eight hundred and forty-three dollars and sixty-four cents was given by more than sixty persons in memory of Charles Follen Folsom, A.B. 1862, M.D. 1870, Lecturer on Hygiene, 1877-79, on Hygiene and Mental Diseases, 1879-80, on Mental Diseases, 1880-82; Assistant Professor of Mental Diseases, 1882-85, and Overseer, 1891-1903. It was the desire of the givers that there be established in the Medical School a Charles Follen Folsom Teaching Fellowship in Hygiene or in Mental and Nervous Diseases, and that the incumbent receive the annual income of the fund, or such part of it as may be consistent with the standing rules of the Corporation in such cases. This fellowship, with an income of five hundred and twenty-five dollars, has been assigned to the Department of Hygiene until the further order of the President and Fellows.

Austin Fellowships. Six teaching fellowships, of five hundred dollars each, have been established from the income of the Austin Fund and assigned to the Medical School.

Proctor Fund. A bequest of fifty thousand dollars by Ellen Osborne Proctor for the purpose of promoting the study of chronic diseases. The income of this fund is to be devoted to the care in hospital of persons afflicted with chronic disease, and to investigations into the nature and treatment of the same. The special disposition of the income of this fund is under the control of the heads of the departments of Theory and Practice of Physic, Clinical Medicine, and Pathology.

Scholarships.

The Cheever Scholarship is awarded to a student of the first-year class. The Hayden Scholarship may be so awarded. All the other Scholarships are awarded to members of the three upper classes.

Edward M. Barringer Scholarships. From the estate of Edward M. Barringer, of Schenectady, N. Y., thirty thousand two hundred and thirteen dollars and forty-nine cents has been received as his residuary bequest establishing the "Edward M. Barringer fund." "And I direct that the said 'President and Fellows' forever maintain from the income of said rest and residue (if the same shall be sufficient) two scholarships for students in said Medical School, the annual amount or value of such scholarships to be fixed from time to time by the said President and Fellows in their best discretion, but at not less than $300 and $200 respectively; and with such conditions as to them shall seem best, to be called respectively 'Edward M. Barringer Scholarship No. 1,' and 'Edward M. Barringer Scholarship No. 2.'" These scholarships, with the incomes named above are awarded to deserving students, preferably those of the fourth class.

Lucius F. Billings Scholarship, with an income of two hundred and twenty-five dollars, was founded in 1900 from a bequest under the will of Lucius F. Billings. The income may be divided between two or more students.

The James Jackson Cabot Scholarship; with an income of two hundred and seventy-five dollars. In 1906, Arthur T. Cabot, Samuel Cabot, and Guy C. Cabot gave six thousand dollars to establish the James Jackson Cabot Fund in the Medical School. The income remaining after adding a certain percentage to the principal each year is preferably, but not necessarily, to be used for a scholarship "to aid and encourage practical work in scientific medicine."

David Williams Cheever Scholarship, with an income of two hundred and fifty dollars, was founded in 1889 by David Williams Cheever, M.D., LL.D., of Boston, of the Class of 1852. It is to be awarded to a poor and meritorious student of the first year, after three months' probation in the Medical School.

Orlando W. Doe Scholarship. The bequest of Orlando Witherspoon Doe (A.B. 1865, M.D. 1869) was five thousand dollars. One-half of the income derived therefrom, amounting to one hundred dollars, "is to be given annually as a scholarship to a deserving student in the Medical department."

Joseph Eveleth Scholarships. Three Scholarships with an annual income of two hundred dollars each. Founded from the residuary bequest of thirty-seven thousand eight hundred and ninety-seven dollars and fourteen cents, made by Joseph Eveleth, of Boston, "for aiding deserving and indigent young men in obtaining an education in said College or any of the schools connected therewith." Three Scholarships on this foundation have been assigned to the Harvard Medical School.

The Lewis and Harriet Hayden Scholarship for colored students was founded in 1894 from a bequest of Mrs. Harriet Hayden. The income, two hundred and fifty dollars, may be divided between two or more students.

Hilton Scholarships. Two scholarships with an income of two hundred and twenty-five dollars each were founded in 1897 from a bequest of William Hilton.

Claudius M. Jones Scholarship, with an income of two hundred and fifty dollars, is from a bequest of six thousand dollars by Claudius Marcellus Jones, of the Class of 1866, M.D. 1875.

Alfred Hosmer Linder Scholarship, with an income of two hundred and fifty dollars, was founded in 1895 by Mrs. George Linder. It is to be awarded to a needy student who shall have proven himself to be of sound principles and marked ability.

The Joseph Pearson Oliver Scholarship, with an income of four hundred dollars, was founded in 1904 by patients of the late Joseph Pearson Oliver, M. D., 1871, to be awarded "to such needy and deserving student of the Medical School as the Administrative Board shall annually recommend."

Charles B. Porter Scholarship, with an income of two hundred and fifty dollars, was founded in 1897 from a bequest of five thousand dollars by William L. Chase.

Charles Pratt Strong Scholarship, with an income of two hundred and twenty-five dollars, was founded in 1894 by friends and patients of the late Charles Pratt Strong, of the Class of 1876, M.D. 1881.

Isaac Sweetser Scholarship, with an income of two hundred and fifty dollars at present, was founded in 1892 by Mrs. Anne M. Sweetser. The income is to be "devoted to the aid of poor students of ability who would not otherwise be able to continue the studies necessary for their profession."

The John Thomson Taylor Scholarship, with an income of two hundred and fifty dollars, was founded in 1899 by Mrs. Frederic D. Philips in memory of her brother, John Thomson Taylor, who died in 1889. He was a student of the Medical School from 1887 to 1889.

Edward Wigglesworth Scholarship, with an income of two hundred and fifty dollars, was founded in 1897 by the family of the late Edward Wigglesworth, of the Class of 1861, M.D. 1865, the yearly income of the fund to be paid to a needy and deserving student of the Medical School whom the Administrative Board shall recommend.

Francis Skinner Fund. A fund of five thousand dollars was established in 1905, the income of which shall be placed at the disposal of the Dean of the Medical School to be used by him in small sums to meet the urgent needs of meritorious students in the payment of term-bills or other expenses. Two hundred dollars is available annually.

This fund remained as an anonymous gift until 1908, when by vote of the President and Fellows of Harvard College it was named the Francis Skinner Fund in honor of the late Francis Skinner, Esq., the donor.

Cotting Gift. The income of a fund received from the late Dr. Benjamin E. Cotting will be given to such medical student or students as the Administrative Board may select, having regard to the pecuniary needs, intellectual capacity, faithfulness and earnest endeavor, rather than to highest scholarship merely. The amount to be awarded annually will be one hundred and twenty-five dollars.

John Foster Fund. The income of the John Foster Fund, amounting to about one hundred and fifty dollars, is available in alternate years in the Law School and in the Medical School, for one or more meritorious students needing assistance. The next assignment in the Medical School will be made in 1912.

James Ewing Mears Scholarship in Medicine. Dr. J. Ewing Mears has entered into an agreement with the President and Fellows whereby he has provided for the payment of $225 a year during his life-time for the maintenance of a scholarship in the Medical School; and the permanence of this scholarship has been secured by a bequest of $5000. The scholarship is to be awarded to a young man whose financial resources are such that he cannot, unaided, acquire a medical education, and whose scholarship is good. This scholarship is to be held for the full course of four years in the Medical School, subject to the standing the recipient shall maintain in scholarship and to his good conduct as a student of the School.

The Loan Fund of the Medical Class of 1879. The Medical Class of 1879 has given the sum of $436.79 to be used as a loan fund to aid any student or students in the Medical School in accordance with the request of the Class, or, in the absence of such request, under the direction of the Faculty of Medicine.

These scholarships and gratuities are awarded to such men among those applying for and needing assistance as give evidence of having done the best work either in this School or in preparatory course elsewhere.

All applications for scholarships or pecuniary aid, except for the Cheever and Hayden Scholarships, must be handed to the Dean on or before May 1.

Applications for the Cheever and Hayden Scholarships must be handed to the Dean on or before November 30. These scholarships are open only to students who are members of the school at the time of application.

Blank forms, on which all applications for pecuniary aid must be made, may be obtained at the Dean's office.

PRIZES.

Boylston Medical Prizes.—These prizes, which are open to public competition, are offered annually for the best dissertations on questions in medical science proposed by the Boylston Medical Committee.

At the annual meeting held in Boston in 1909 a prize was awarded to Dr. Francis H. McCrudden, for an essay entitled "The Quantitative Separation of Calcium and Magnesium in the Presence of Phosphates and Small Amounts of Iron; devised especially for the Analysis of Foods, Urine and Feces."

For 1911 two prizes are offered:—

1. A prize of seventy-five dollars for the best dissertation on "The Results of Original Work in Anatomy, Physiology, or Physiological Chemistry." The subject to be chosen by the writer.
2. A prize of seventy-five dollars for the best dissertation on "The Results of Original Investigations in Pathology, Bacteriology, Therapeutics, or Pharmacology." The subject to be chosen by the writer.

Dissertations on these subjects must be sent postpaid to H. C. Ernst, M. D., Harvard Medical School, Boston, Mass., on or before January 1st, 1911.

For 1912 two prizes are offered:—

1. A prize of seventy-five dollars for the best dissertation on "The Results of Original Work in Anatomy, Pathology, or Bacteriology." The subject to be chosen by the writer.

2. A prize of seventy-five dollars for the best dissertation on "The Results of Original Investigations in Physiology, Physiological Chemistry, Pharmacology, or Experimental Therapeutics." The subject to be chosen by the writer.

Dissertations on these subjects must be sent postpaid to H. C. Ernst, M. D., Harvard Medical School, Boston, Mass., on or before January 1st, 1912.

In awarding these prizes prefrence will be given to dissertations which exhibit original work, but if no dissertation is considered worthy of a prize, the award may be withheld.

Each dissertation must bear in place of its author's name some sentence or device, and must be accompanied by a sealed packet bearing the same sentence or device, and containing within the author's name and residence. Any clew by which the authorship of a dissertation is made known to the Committee will debar such dissertation from competition.

Dissertations must be printed or typewritten, and their pages must be bound in book form.

The Boylston Medical Committee is appointed by the President and Fellows, and consists of the following physicians: William F. Whitney, M. D., Chairman; Harold C. Ernst, M. D., Secretary; Franz Pfaff, M. D., Theobald Smith, M. D., William T. Porter, M. D., Edward H. Nichols, M. D., John Warren, M. D.

The address of the Secretary of the Boylston Medical Committee is Harold C. Ernst, M. D., Harvard Medical School, Boston, Mass.

William H. Thorndike Prize.—A prize of two hundred dollars will be given annually to the author of the best essay on some subject in any branch of Surgery.

The students of the Harvard Medical School and graduates under five years' standing of any recognized medical school are eligible in competition for this prize.

The essays must be sent to the Dean of the Harvard Medical School, Longwood Avenue, Boston, Mass., U. S. A., on or before November 1 of each year, and the award will be made annually on December 24. If no essay is considered worthy of a prize, no award will be made.

Otological Prize.—For the best preparation illustrating the osseous anatomy of the ear or for the best thesis showing original work on an otological subject, a prize of twenty-five dollars is offered, open to fourth-year students.

Other Prizes.—The Bowdoin, Dante, Sumner and Toppan Prizes, offered by the Faculty of Arts and Sciences, are open to students in all departments of the University. Full particulars in regard to these prizes may be found on pages 540-543, and 593 of the University Catalogue.

COURSES OF STUDY FOR GRADUATES.

The Faculty has arranged, for graduates of recognized medical schools, an improved plan of instruction, embracing nearly all the branches of practical and scientific medicine. It is designed to supply good opportunities for clinical and laboratory study.

The laboratories of the School are well equipped for practical work, and the clinical advantages offered by the hospitals of Boston furnish abundant material for all purposes of instruction.

Instructors in the Medical School are members of the medical and surgical staffs of these institutions, to all of which students are admitted under their immediate supervision.

All regular lectures (not clinical) in the undergraduate department of the School are open to men doing graduate work during their connection with the School.

Instruction is conducted in small classes and under the personal direction of the heads of departments.

Instruction is given throughout the academic year, October to June.

FEES.

The fees for the separate courses in the several departments vary from $5 to $125.

An extra fee is required for the use of material in laboratory, dissecting, and operative courses.

Graduates seeking admission to any of the graduate courses must first register their names at the Dean's office at the Medical School, where all fees are payable, and obtain a receipt to be shown at the first exercise.

For further information and full description of the courses and lectures for graduates, address the Dean, Harvard Medical School, Longwood Avenue, Boston, Mass.

SUMMER COURSES OF INSTRUCTION.

During the summer of 1910, courses in many branches of practical and scientific medicine will be given by teachers in the School. These courses will be clinical in character and will be given at the Hospitals and Dispensaries by the physicians and surgeons on duty. Practical instruction will also be given in several of the Laboratories of the School by the instructors in charge. These courses are open only to graduate and undergraduate students of medical schools recognized by the Faculty of Medicine, and to such others as the Dean of the Faculty approves.

A list of the Summer Courses will be announced early in the Spring. For further information address the Director of the Harvard Summer School of Medicine, Harvard Medical School, Boston, Mass.

FACULTY.

Faculty of Medicine.

Abbott Lawrence Lowell, LL.B., LL.D., President; Henry A. Christian, M. D., Dean, and Hersey Professor of the Theory and Practice of Physic; Channing Frothingham, M. D., Secretary of the Faculty.

Administrative Board.

Henry A. Christian, M. D., Dean, and Hersey Professor of the Theory and Practice of Physic; Charles M. Green, M. D., Professor of Obstetrics; Francis B. Harrington, M. D., Lecturer on Surgery; George G. Sears, M. D., Assistant Professor of Clinical Medicine; Frank B. Mallory, M. D., Associate Professor of Pathology; John L. Morse, M. D., Assistant Professor of Pediatrics; Walter B. Cannon, M.D.; George Higginson, Professor of Physiology; John Warren, M. D., Assistant Professor of Anatomy; Elmer E. Southard, M. D., Bullard Professor of Neuropathology.

Anatomy.

Thomas Dwight, M. D., LL. D., Parkman Professor of Anatomy.
John Warren, M. D., Assistant Professor of Anatomy.
David Cheever, M. D., Demonstrator of Anatomy.
Harris P. Mosher, M. D., Instructor in Anatomy.
Luther D. Sheppard, Jr., M. D., D. M. D., Instructor in Dental Histology and Dental Anatomy.
John B. Hartwell, M. D., Assistant in Anatomy.
Robert M. Green, M. D., Assistant in Anatomy.
Elisha Flagg, M. D., Assistant in Anatomy.
Walter M. Boothby, M. D., Assistant in Anatomy.
Albert Ehrenfried, M. D., Assistant in Anatomy.

William S. Whittemore, M. D., Assistant in Anatomy.
George G. Smith, M. D., Assistant in Anatomy.
Zabdiel B. Adams, M. D., Assistant in Anatomy.

Comparative Anatomy.

Charles S. Minot, S. D., LL. D., D. Sc., James Stillman Professor of Comparative Anatomy.
Frederic T. Lewis, M. D., Assistant Professor of Embryology.
John L. Bremer, M. D., Demonstrator of Histology.
Leonard W. Williams, Ph. D., Instructor in Comparative Anatomy.
Luther D. Shepard, Jr., M. D., D. M. D, Instructor in Dental Histology.
Franklin P. Johnson, A. B., Austin Teaching Fellow in Histology and Embryology.
Charles H. Danforth, A. M., Teaching Fellow in Histology and Embryology.
Chester A. Heuser, A. M., Austin Teaching Fellow in Histology and Embryology.

Physiology.

Walter B. Cannon, M. D., George Higginson Professor of Physiology.
Ernest G. Martin, Ph. D., Assistant Professor of Physiology.
Alexander Forbes, Instructor in Physiology.
James B. Ayer, M. D., Fellow in Physiology.
Ralph E. Myers, M. A., Fellow in Physiology.
Eugene L. Porter, A. M., Austin Teaching Fellow in Physiology.

Comparative Physiology.

William T. Porter, M. D., LL. D., Professor of Comparative Physiology.

Biological Chemistry.

Otto Folin, Ph. D., Hamilton Kuhn Professor of Biological Chemistry.
Lawrence J. Henderson, M. D., Assistant Professor of Biological Chemistry.
Harry W. Goodall, M. D., Assistant in Biological Chemistry.
Chester J. Farmer, Assistant in Biological Chemistry.
Chauncey J. V. Pettibone, S. B., Research Assistant in Biological Chemistry.
Francis B. Kingsbury, A. B., Teaching Fellow in Biological Chemistry.
Archibald B. Macallum, M. D., Austin Teaching Fellow in Biological Chemistry.

Bacteriology.

Harold C. Ernst, M. D., Professor of Bacteriology.
S. Burt Wolbach, M. D., Assistant Professor of Bacteriology.
Langdon Frothingham, M. D. V., Instructor in Bacteriology.
Calvin G. Page, M. D., Assistant in Bacteriology.
Henry J. Perry, M. D., Assistant in Bacteriology.
Arthur M. Worthington, M. D., Assistant in Bacteriology.
Eugene E. Everett, M. D., Assistant in Bacteriology.
Edward N. Tobey, M. D., Assistant in Bacteriology.
Cleaveland Floyd, M. D., Austin Teaching Fellow in Bacteriology.

Pathology.

William T. Councilman, M. D., LL. D., Shattuck Professor of Pathological Anatomy.
Frank B. Mallory, M. D., Associate Professor of Pathology.
James H. Wright, M. D., Sc. D., Assistant Professor of Pathology.
Ernest E. Tyzzer, M. D., Assistant Professor of Pathology.
Frederick H. Verhoeff, M. D., Instructor in Ophthalmic Pathology.
Ernest T. F. Richards, M. D., C. M., Instructor in Pathology.
Herman M. Adler, M. D., Assistant in Pathology.
Calvin B. Faunce, Jr., M. D., Fellow in Pathology.
Hans Barkan, M. D., Assistant in Pathology.

Comparative Pathology.

Theobald Smith, M. D., LL. D., George Fabyan Professor of Comparative Pathology.
Marshal Fabyan, M. D., Instructor in Comparative Pathology.
Charles T. Ryder, M. D., Austin Teaching Fellow in Comparative Pathology.

Neuropathology.

Elmer E. Southard, M. D., Bullard Professor of Neuropathology.
Herman M. Adler, M. D., Assistant in Neuropathology.
Ernest T. F. Richards, M. D., C. M., Assistant in Neuropathology.
Samuel T. Orton, M. D., Assistant in Neuropathology.

Legal Medicine.

George B. Magrath, M. D., Instructor in Legal Medicine.

Preventive Medicine and Hygiene.

Milton J. Rosenau, M. D., Professor of Preventive Medicine and Hygiene.
Arthur I. Kendall, Ph. D., Instructor in Preventive Medicine and Hygiene.
Harold L. Amoss, S. M., Assistant in Preventive Medicine and Hygiene.
Frederick M. Allen, M. D., Fellow in Preventive Medicine and Hygiene.
Edwin H. Schorer, M. D., Fellow in Preventive Medicine and Hygiene.

Materia Medica and Therapeutics.

Franz Pfaff, M. D., Professor of Pharmacology and Therapeutics.
Louis Nelson, M. D., Instructor in Pharmacology.
David L. Williams, M. D., Assistant in Materia Medica.

The Theory and Practice of Physic.

Henry A. Christian, M. D., Hersey Professor of the Theory and Practice of Physic.
Elliott P. Joslin, M. D., Instructor in the Theory and Practice of Physic.
Arthur K. Stone, M. D., Instructor in the Theory and Practice of Physic.
Henry F. Hewes, M. D., Instructor in the Theory and Practice of Physic.
George S. C. Badger, M. D., Instructor in the Theory and Practice of Physic.
Joseph H. Pratt, M. D., Instructor in the Theory and Practice of Physic.
Thomas F. Leen, M. D., Assistant in the Theory and Practice of Physic.
Francis W. Palfrey, M. D., Alumni Assistant in the Theory and Practice of Physic.
William B. Robbins, M. D., Assistant in the Theory and Practice of Physic.
Charles L. Overlander, M. D., Assistant in the Theory and Practice of Physic.
Channing Frothingham, Jr., M. D., Assistant in the Theory and Practice of Physic.
Roger I. Lee, M. D., Assistant in the Theory and Practice of Physic.
Richard M. Smith, M. D., Assistant in the Theory and Practice of Physic.

Clinical Medicine.

Frederick C. Shattuck, M. D., LL. D., Jackson Professor of Clinical Medicine.
George G. Sears, M. D., Assistant Professor of Clinical Medicine
Richard C. Cabot, M. D., Assistant Professor of Clinical Medicine.
Herman F. Vickery, M. D., Instructor in Clinical Medicine.
Henry Jackson, M. D., Instructor in Clinical Medicine.
William H. Smith, M. D., Instructor in Clinical Medicine.
James M. Jackson, M. D., Instructor in Clinical Medicine.
Franklin W. White, M. D., Instructor in Clinical Medicine.
William H. Robey, Jr., M. D., Instructor in Clinical Medicine.
Edwin A. Locke, M. D., Instructor in Clinical Medicine.
Frederick T. Lord, M. D., Instructor in Clinical Medicine.
J. Herbert Young, M. D., Alumni Assistant in Clinical Medicine.
Gerald Blake, M. D., Assistant in Clinical Medicine.

Tropical Medicine.

Theobald Smith. M. D., George Fabyan Professor of Comparative Pathology, will supervise the instruction in Tropical Medicine. Courses which are intimately related to this field of medicine will be found under Pathology, Bacteriology, and Clinical Medicine.

Pediatrics.

Thomas Morgan Rotch, M. D., Professor of Pediatrics.
John H. McCollum, M. D., Professor of Contagious Diseases.
John L. Morse, M. D., Assistant Professor of Pediatrics.
Maynard Ladd, M. D., Instructor in Pediatrics.
Charles H. Dunn, M. D., Clinical Instructor in Pediatrics.
Henry I. Bowditch, M. D., Assistant in Pediatrics.
William P. Lucas, M. D., Assistant in Pediatrics.
Edwin H. Place, M. D., Assistant in Pediatrics.
Philip H. Sylvester, M. D., Assistant in Pediatrics.
Fitz B. Talbot, M. D., Fellow in Pediatrics.

Roentgen Ray.

Walter J. Dodd, M. D., Instructor in the Use of the Roentgen Ray.
Samuel W. Ellsworth, M. D., Assistant in the use of the Roentgen Ray.
Percy Brown, M. D., Assistant in the Use of the Roentgen Ray.
Arial W. George, M. D., Assistant in the Use of the Roentgen Ray.

Surgery.

The Division of Surgery is composed of the departments of surgery, clinical surgery, orthopedic surgery, and surgical pathology.

Maurice H. Richardson, M. D., Moseley Professor of Surgery.
Harry Cushing, M. D., Professor of Surgery.
Paul Thorndike, M. D., Assistant Professor of Genito-Urinary Surgery.
Edward H. Nichols, M. D., Assistant Professor of Surgical Pathology and Assistant Professor of Surgery.
Charles A. Porter, M. D., Assistant Professor of Surgery.
John B. Blake, M. D., Assistant Professor of Surgery.
Robert B. Greenough, M. D., Assistant Professor of Surgery.
Hugh Cabot, M. D., Instructor in Genito-Urinary Surgery.
James G. Mumford, M. D., Instructor in Surgery.
Howard A. Lothrop, M. D., Instructor in Surgery.
William E. Faulkner, M. D., Instructor in Surgery.
Samuel J. Mixter, M. D., Lecturer on Surgery.
George H. Monks, M. D., M. R. C. S., Lecturer on Surgery.
Francis B. Harrington, M. D., Lecturer on Surgery.
Charles L. Scudder, M. D., Lecturer on Surgery.
Fred B. Lund, M. D., Lecturer on Surgery.
James S. Stone, M. D., Assistant in Surgery.
Ernest A. Codman, M. D., Assistant in Surgery.
Joshua C. Hubbard, M. D., Assistant in Surgery.
Daniel F. Jones, M. D., Assistant in Surgery.
Le Roi G. Crandon, M. D., Assistant in Surgery.
Walter C. Howe, M. D., Assistant in Surgery.
Channing C. Simmons, M. D., Assistant in Surgery.
Fred T. Murphy, M. D., Assistant in Surgery.
John Homans, M. D., Assistant in Surgery.
Torr W. Harmer, M. D., Alumni Assistant in Surgery.
John B. Swift, Jr., M. D., Assistant in Surgery.
Halsey B. Loder, M. D., Austin Teaching Fellow in Surgery.
Horace Binney, M. D., Assistant in Genito-Urinary Surgery.

Orthopedics.

Edward H. Bradford, M. D., Professor of Orthopedic Surgery.
Robert W. Lovett, M. D., Assistant Professor of Orthopedic Surgery.
Elliott G. Brackett, M. D., Instructor in Orthopedics.
Augustus Thorndike, M. D., Instructor in Orthopedics.
Robert Soutter, M. D., Assistant in Orthopedics.
Robert B. Osgood, M. D., Assistant in Orthopedics.

Obstetrics and Gynaecology.

Charles M. Green, M. D., Professor of Obstetrics.
Franklin S. Newell, M. D., Assistant Professor of Obstetrics and Gynaecology.
Malcolm Storer, M. D., Instructor in Gynaecology.
Ernest B. Young, M. D., Instructor in Gynaecology.
Howard T. Swain, M. D., Instructor in Obstetrics.
William P. Graves, M. D., Assistant in Gynaecology.
Leo V. Friedman, M. D., Assistant in Obstetrics and Gynaecology.
James R. Torbert, M. D., Assistant in Obstetrics.
Nathaniel R. Mason, M. D., Assistant in Obstetrics and Gynaecology.
Robert L. DeNormandie, M. D., Assistant in Obstetrics.

Dermatology and Syphilis.

John T. Bowen, M. D., Edward Wigglesworth Professor of Dermatology.
Abner Post, M. D., Assistant Professor of Syphilis.
Charles J. White, M. D., Instructor in Dermatology.
Harvey P. Towle, M. D., Assistant in Dermatology.
C. Morton Smith, M. D., Assistant in Syphilis.
Frederick S. Burns, M. D., Assistant in Dermatology.

Neurology and Psychiatry.

James J. Putnam, M. D., Professor of Diseases of the Nervous System.
Philip Coombs Knapp, M. D., Clinical Instructor in Diseases of the Nervous System.
Edward W. Taylor, M. D., Instructor in Neurology.
Edward Cowles, M. D., LL. D., Instructor in Mental Diseases.
George T. Tuttle, M. D., Clinical Instructor in Mental Diseases.
William Noyes, M. D., Clinical Instructor in Mental Diseases.
George A. Waterman, M. D., Assistant in Neurology.

Ophthalmology.

Myles Standish, M. D., Williams Professor of Ophthalmology.
Alexander Quackenboss, M. D., Instructor in Ophthalmology.
Henry H. Haskell, M. D., Instructor in Ophthalmology.
Edmund W. Clap, M. D., Assistant in Ophthalmology.
Fred M. Spalding, M. D., Assistant in Ophthalmology.

Otology.

Clarence J. Blake, M. D., Walter Augustus Lecompte Professor of Otology.
Eugene A. Crockett, M. D., Instructor in Otology.
Philip Hammond, M. D., Instructor in Otology.
William F. Knowles, M. D., Assistant in Otology.
Alfred M. Amadon, M. D., Assistant in Otology.
Harris P. Mosher, M. D., Assistant in Otology.
David H. Walker, M. D., Assistant in Otology.

Laryngology and Rhinology.

Algernon Coolidge, Jr., M. D., Assistant Professor of Laryngology.
J. Payson Clark, M. D., Instructor in Laryngology.
Frederic C. Cobb, M. D., Instructor in Laryngology.
Rockwell A. Coffin, M. D., Instructor in Laryngology.
Joseph L. Goodale, M. D., Instructor in Laryngology.
Harris P. Mosher, M. D., Instructor in Laryngology.
Harry A. Barnes, M. D., Assistant in Laryngology.
George H. Wright, D. M. D., Assistant in Laryngology.

TUFTS COLLEGE MEDICAL SCHOOL.

416 Huntington Avenue, Boston, Mass.

The Tufts College Medical School was established in Boston in 1893. It is co-educational, women being admitted upon the same terms as men. In its first year there were six members of the Faculty, and seventee other instructors, or twenty-five in all. In the session 1910-11, there are thirty-four members of the Faculty and seventy-six other instructors, or one hundred and ten in all. In its first year there were eighty students; in the session 1910-11 there are 388 students. In its first year, there was one clinic connected with the school; in the session 1910-11 there are seventeen clinics. The school was first located in rooms at 188 Boylston Street, where it remained three years, when an enrollment of 174 students made larger quarters necessary. Temporary accommodations were procured for the session 1896-97 in the building formerly occupied by the Chauncy Hall School, while a building was in process of construction on Shawmut Avenue. This building was occupied in the session 1897-98, and it was believed that it would meet the school's needs for a number of years. At the end of three years this building was found to be inadequate to the constantly increasing number of students, and to the constantly increasing requirements of medical education. A new building was erected on Huntington Avenue, and was occupied in the session 1901-02. Increasing requirements have again necessitated more commodious quarters, and during the past summer this building has been enlarged and remodeled at an expense of $50,000. A fourth story has been added, and the building is now completely equipped with every facility for teaching Medicine in accordance with present requirements. There are six lecture rooms, the largest seating 400, the smallest seating 100, and each having the most modern seating arrangement. On the second, third and fourth floors, extensive laboratories have been provided which give every facility for teaching Pathology, Bacteriology, Physiology, Histology, Chemical Pathology, Chemical Physiology, Neuropathology, Hematology and Pharmacology. Private research laboratories are connected with each general laboratory. The building has been made complete in every respect. It is heated and ventilated throughout by both the direct and indirect system, and is lighted by electricity. The laboratories have been arranged to give the best natural light. The lecture rooms have been planned to combine modern seating arrangements with the best acoustic properties, and are thoroughly equipped with opaque projection and lantern slide apparatus. The building is on the line of the Huntington Avenue Subway cars (except the Roxbury and Dorchester lines). All exercises are conducted at the school building and at the hospitals.

SESSIONS OF THE SCHOOL.

The annual course of lectures begins on the last Wednesday in September of each year, and continues thirty-six weeks until the second Wednesday in June.

OUTLINE OF THE COURSE.

The course of study is a graded one, covering four annual sessions. In general the first two years consist of didactic and laboratory work; the last two years are chiefly clinical. During the latter part of the fourth year a certain latitude is allowed in the choice of elective subjects, but the course is otherwise uniform and the required subjects cover thoroughly the general ground of medicine, surgery, and the important special subjects.

For the first thre years the school session is divided into two semesters of seventeen weeks each.

First Year.—First Semester.

Anatomy—Lectures, recitations, demonstrations and dissecting. Twenty-eight hours a week.

*Chemical Physiology—Lectures, recitations, and laboratory work. Eleven hours a week.

Second Semester.

Elementary Hygiene—Lectures. One hour a week, ten lectures.

Applied Anatomy—Lectures and demonstrations, and laboratory week.

Histology—Lectures, recitations, demonstrations, and laboratory work. Nine hours a week.

Physiology—Lectures, recitations, demonstrations, conferences, and laboratory work. Twenty hours a week.

Second Year.—First Semester.

Pathology—Lectures, recitations, demonstrations, and laboratory work. Twenty-five hours a week.

Bacteriology—Lectures, recitations, demonstrations, and laboratory work. Five hours a week.

Embryology—Lectures, recitations, and laboratory work. Three hours a week.

Second Semester.

Chemical Pathology—Lectures, recitations, demonstrations, and laboratory work. Seventeen hours a week.

Materia Medica and Therapeutics—Lectures, recitations, and laboratory work in Pharmacology. Twelve hours a week.

Toxicology—Lectures, recitations, demonstrations, and laboratory work. Three hours a week.

Bandaging and Surgical Technique—Lectures, demonstrations, and section exercises. Twenty-four hours in all.

The following subject is given throughout the school year:

Physical Diagnosis—Lectures, demonstrations, recitations and section exercises. Forty-eight hours in all.

Third Year.

The following subjects are given throughout the school year:

Theory and Practice—Lectures and recitations. Three hours a week.

Surgery—Lectures and recitations (three hours), and two clinical lectures. Five hours a week.

Obstetrics—Lectures, recitations, and demonstrations. (Attendance upon at least four cases of labor is required—see "clinics" below.) Three hours a week.

---

*To take the place of General Chemistry which will be required for admission on and after 1911.

Diseases of Children—One lecture at the school and one clinical lecture. Two hours a week.

Medical Diagnosis (including a preliminary work in Clinical Medicine)—Lectures and recitations (three hours a week), and *clinical lectures (two hours a week). Five hours a week.

Hygiene and Sanitation—Lectures. Two hours a week.

Ophthalmology—Twenty-four lectures.

Laryngology—Twenty-four lectures.

First Semester.

Neurology—One *clinical lecture a week.

Second Semester.

Neuropathology—Fifteen lectures and eight hours of laboratory work.

Hematology—Sixteen lectures and twenty-four hours of laboratory work.

Pulmonary Diseases and Climatology—One clinical lecture* a week.

Gynaecology—Lectures and recitations. Three hours a week.

Genito-Urinary Diseases—Sixteen lectures.

Fourth Year.

The fourth year is divded into three periods:—

The first period (twelve weeks) ends at the Christmas recess. The second period (thirteen weeks) ends at the spring recess. The third period (six weeks) follows the spring recess.

The work of the fourth year is required and elective.

The work of this year is essentially clinical, and largely in sections.

The required work includes a continuation of the clinical work in the general subjects of medicine and surgery, and a grounding in the essentials of those specialties which have not been studied in the third year. The most of these special subjects are completed before the Christmas recess.

The elective work is a continuation of the work of the required course along selected lines. The student is required to take a certain amount of work, but may exercise his choice as to what he will elect from a large number of subjects offered.

---

*Clinical lectures are given at the hospitals connected with the School.

Clinical Medicine (including Pulmonary Diseases)—Lectures and conferences at the School (two hours), and clinical lectures (three hours). Five hours a week, thirty weeks.

Clnical Surgery—Lectures and conferences at the School (two hours), and one clinical lecture and operations (two hours). Four hours a week, thirty weeks.

General Medicine—Lectures and recitations. Two hours a week, thirty-one weeks.

Abdominal Surgery—Lectures and recitations. Three hours a week, sixteen weeks.

Neurology—One conference at the School and two clinical lectures each week. Three hours a week, sixteen weeks.

Psycho-Pathology—Lectures. Two hours a week during second period (twelve weeks).

Children's Diseases—Lectures and conferences. One hour a week during first period (twelve weeks).

Orthopedic Surgery—Lectures, recitations, and demonstrations. Two hours a week during first period (twelve weeks).

Otology—Clinical lectures. Two hours a week during first period (twelve weeks).

Rectal Diseases—Lectures. One hour a week during first period (twelve weeks).

Operative Obstetrics—Eighteen hours during the second period.

Electro-Therapeutics—Lectures. One hour a week during first period (twelve weeks).

Clinical Gynecology—*Clinics (in small sections) during first and second periods (twenty-five weeks). Conferences once a week during second period (thirteen weeks).

Medical Jurisprudence—Lectures and demonstrations. One hour a week during first and second periods (twenty-five weeks).

Dermatology—*Clinical lectures. Two hours a week during second and third periods (eighteen weeks).

Operative Surgery and Surgical Anatomy—This course is a subdivision of Clinical Surgery, and consists of lectures, demonstrations, and section work in operations on the cadaver. Three hours a week for twelve weeks (second and third periods).

Mental Diseases—Lectures and clinical visits at hospitals for the insane. Two hours a week during second and third periods (eighteen weeks).

---

*Clinical lectures are given at the hospitals connected with the School.

ELECTIVE SUBJECTS.

Elective subjects are classified according to the amount of time occupied by each course. Twelve hours of lectures or clinics constitute one point. Each student is required to choose seven points of electives.

REQUIREMENTS FOR ADMISSION.

Candidates are admitted in two ways: (1) By credentials; (2) By examination.

Admission by Credentials.

Graduates of colleges, universities, and high schools approved by the New England College Entrance Certificate Board, and students holding Regents' diplomas showing a four-year course in a high school in New York State, are admitted without examination, except in Chemistry. These candidates must also present a certificate of proficiency in Latin and in Physics.

An examination in Chemistry is required of all candidates.

Candidates from schools west of New York may present full statements of their record and the courses pursued, for consideration by the Committee on Admission.

Admission by Examination.

Candidates for admission by examination must have received adequate preparation in certain subjects falling in two groups, known respectively as the Primary and the Secondary Group. A unit represents a year's study in any subject in a secondary school, representing approximately a quarter of a full year's work.

The Primary Group.

Elementary English, 3; Elementary Latin, 2; Elementary Physics, 1; Elementary Algebra, 1 1-2; Plane Geometry, 1.

Candidates are required to present all the subjects of the Primary Group and a selection of subjects from the Secondary Group aggregating 3 units, according to the value indicated below. One of these units must be that representing Chemistry.

Note: Beginning with the class entering in 1912, candidates will be required to submit subjects from the Secondary Group aggregating 5 1-2 units.

The Secondary Group.

Elementary—Greek, 2; Latin, 2; French, 2; German, 2; History, 1; Chemistry, 1; Physics, 1; Botany, 1; Zoology, 1; Geology and Geography, 1; Mechanical Drawing, 1; Freehand Drawing, 1; Shop Work, 1; Economics, 1-2.

Intermediate—Latin, 1; French, 1; German, 1.

Advanced—Greek, 1; Latin, 1; French, 1; German, 1; History, 1; Algebra, 1-2; Trigonometry, 1-2; Solid Geometry, 1-2.

Entrance Examinations.

The Medical School will no longer offer examinations in June, but will depend upon the examinations conducted by the College Entrance Examination Board, which will be held from June 19 to June 24, 1911.

All applications for examination must be addressed to the Secretary of the College Entrance Examination Board, Post Office Sub-Station 84, New York, N. Y., and must be made upon a blank form, to be obtained from the Secretary of the Board upon application.

Advanced Standing.

Allowance is made for time spent in the study of medicine in other accredited medical schools, but no credit is given for examinations passed in other schools, except by special vote of the Committee of Instruction.

Students presenting evidence of a course equivalent to the course in general chemistry given in the first year in this School are regarded as having anticipated this subject, upon passing the fall examination.

GRADUATION.

For the Degree of M. D.

Candidates for the degree of Doctor of Medicine must have fulfilled the following requirements:—

1. They must furnish certificates that they are twenty-one years of age.
2. The Faculty must be be satisfied of their good moral character.
3. They must have attended four full courses of medical study at some accredited medical college, the last of which shall have been at this School as members of the fourth-year class, and no two courses in the same twelve months.

4. They must have passed all the required examinations, and have performed the required amount of laboratory and clinical work.

HONORS.

Students who have attended four full courses of lectures at this School, and have obtained an average of ninety per cent. in their examinations, shall be eligible to "summa cum laude"; and students who have obtained an average of eighty per cent. shall be eligible to "cum laude," in connection with the degree received.

FEES AND EXPENSES.

A matriculation fee of five dollars is payable each year.

A charge of one hundred and fifty dollars for tuition is payable in advance.

If desired, the tuition may be paid in instalments, in which case an additional charge of five dollars is made, and the fees are then paid as follows:—

First Payment:—Five dollars for matriculation fee and seventy-five dollars on account of the tuition, a total of eighty dollars, payable at the beginning of the first semester.

Second payment:—Seventy-five dollars, the balance of the tuition, and five dollars, the additional charge, a total of eighty dollars, payable at the beginning of the second semester, or before February 1.

There is no charge for anatomical material or for laboratory supplies.

POST-GRADUATE FEES.

Post-graduate fee for graduates of other schools	$150.00
Single course	50.00
Post-graduate fee for graduates of this School	60.00
Single course	30.00
Anatomical material	at cost

There are no scholarships connected with the School.

FACULTY OF THE MEDICAL SCHOOL.

Frederick William Hamilton, A. M., D. D., LL. D., President, Tufts College.

Harold Williams, A. B., M. D., LL. D., Dean, and Professor of the Theory and Practice of Medicine.

Frederic Melancthon Briggs, A.B., M.D., Professor of Clinical Surgery and Secretary of the Faculty.
John Lewis Hildreth, A. M., M. D., LL. D., Professor of Clinical Medicine, Emeritus.
Ernest Watson Cushing, A. B., M. D., LL. D., Professor of Abdominal Surgery and Gynaecology.
Edward Osgood Otis, A. B., M. D., Professor of Pulmonary Diseases and Climatology.
Henry Jabez Barnes, M.D., Professor of Hygiene.
Charles Alfred Pitkin, A. M., Ph. D., Professor of General Chemistry.
Morton Prince, A. B., M. D., Professor of Diseases of the Nervous System.
Frank George Wheatley, A. M., M. D., Professor of Materia Medica and Therapeutics.
Henry Beckles Chandler, C. M., M. D., Professor of Ophthalmology.
James Sullivan Howe, M. D., Professor of Dermatology.
Edward Binney Lane, A. B., M. D., Professor of Mental Diseases.
Edward Maverick Plummer, M. D., Professor of Otology.
George Hamlin Washburn, A. B., M. D., Professor of Obstetrics.
John Jenks Thomas, A.M., M.D., Assistant Professor of Neurology.
John Lincoln Ames, A. B., M. D., Associate Professor of the Theory and Practice of Medicine.
William Elisha Chenery, A. B., M. D., Professor of Laryngology.
Charles Melville Whitney, M. D., Professor of Genito-Urinary Diseases.
Robert Worthington Hastings, A. M., M. D., Assistant Professor of Children's Diseases and Librarian.
Edmund Channing Stowell. A. B., M. D., Assistant Professor of Children's Diseases.
George Andrew Bates, M. Sc., D. M. D., Professor of Histology.
Eugene Thayer, A. M., M. D., Demonstrator of Anatomy.
George Van Ness Dearborn, A. M., M. D., Ph. D., Professor of Physiology.
George Warton Kaan, M. D., Professor of Clinical Gynaecology.
Charles Fairbank Painter, A. B., M. D., Professor of Orthopedic Surgery.
Robert Michael Merrick, M. D., Assistant Professor of Children's Diseases.
Charles Davidson Knowlton, M.D., Assistant Professor of the Theory and Practice of Medicine.
Alfred William Balch, Ph.G., M. D., Assistant Professor of Medical Chemistry and Toxicology.

Timothy Leary, A.M., M.D., Professor of Pathology and Medical Jurisprudence.

Frank Lee Drummond Rust, M. D., Associate Professor of Ophthalmology.

David Daniel Scannell, A. B., M. D., Assistant Professor of Clinical Surgery.

Harry Homer Germain, M. D., Assistant Professor of Anatomy.

Olga Cushing-Leary, M. D., Assistant Professor of Pathology and Bacteriology.

OTHER INSTRUCTORS.

William Schofield, A. M., LL. B., Lecturer in Medical Jurisprudence.

Walter Elmore Fernald, M. D., Clinical Lecturer in Mental Diseases.

Edward Lambert Twombly, A. B., M. D., Instructor in Clinical Gynaecology.

Benjamin Tenney, A. M., M. D., Instructor in Surgery.

Francis Joseph Keleher, A. M., M. D., Instructor in Medical Jurisprudence.

Edward Allen Pease, A. B., M. D., Instructor in Clinical Surgery.

Elmond Arthur Burnham, A. B., Instructor in Clinical Medicine.

John Matthew Connolly, A. M., M. D., Assistant in Children's Diseases.

Charles Balfour Darling, A. B., M. D., Instructor in Abdominal Surgery and Clinical Gynaecology.

William Robie Patten Emerson, A. B., M. D., Instructor in Children's Diseases.

Edward Norton Libby, A. B., M. D., Instructor in Clinical Medicine.

Harry Gray Chase, B. S., Lecturer in Physics.

Richard Fitch Chase, M. D., Instructor in Clinical Medicine and Lecturer in Gastro-Intestinal Diseases.

Arthur Willard Fairbanks, M. D., Instructor in Neurology.

John Shepard May, A.B., M.D., Instructor in Obstetrics.

Francis Dennis Donoghue, M. D., Instructor in Clinical Surgery.

Thomas Francis Greene, M. D., Assistant in Obstetrics.

Frederick Winslow Stetson, A. B., M. D., Assistant in Clinical Medicine.

Edward Eliphalet Thorpe, M. D., Instructor in Medical Chemistry.

Henry Fowler Ransford Watts, M. D., Assistant in Clinical Medicine.

Arthur Lambert Chute, M. D., Instructor in Genito-Urinary Diseases.

Theodore Charles Erb, M. D., Instructor in Obstetrics.

George Hale Ryder, Ph. B., M. D., Assistant in Ophthalmology.
Joseph Henry Saunders, A. B., M. D., Assistant in Clinical Medicine.
Frank Percival Williams, M. D., Instructor in Rectal Diseases.
Guy Monroe Winslow, A. B., Ph. D., Instructor in Hostology.
Theodore Chapin Beebe, Jr., A.B., M.D., Instructor in Surgery.
William Herbert Grant, M. D., Instructor in Clinical Gynaecology
Henry Melville Chase, B. S., M. D., Demonstrator of Bandaging and Surgical Technique.
James Crowley Donoghue, M. D., Instructor in Clinical Medicine.
Joseph Ligne Lockary, C. M., M. D., Assistant in Obstetrics.
Stephen Rushmore, A. B., M. D., Instructor in Clinical Gynaecology.
Samuel Wright Crittenden, M. D., Assistant in Mental Diseases.
James William Hinckley, M. D., Instructor in Clinical Gynaecology.
Freeman Augustus Tower, A. B., M. D., Lecturer in Neuropathology.
Robert Eaton Andrews, A. B., M. D., Assistant Demonstrator of Anatomy.
Elwood Tracy Easton, M. D., Instructor in Ophthalmology.
Frank Butler Granger, A. B., M. D., Instructor in Electro-Therapeutics.
Henry Demarest Lloyd, A. B., M. D., Assistant Demonstrator of Anatomy.
George Albert McEvoy, M. D., Assistant in Clinical Medicine.
Loring Bradford Packard, A. B., M. D., Instructor in Clinical Surgery.
Luther Gordon Paul, M. D., Instructor in Clinical Surgery and Assistant Demonstrator of Anatomy.
Wiliam Lawton Thompson, A. B., M. D., Instructor in Obstetrics and Assistant in Bacteriology.
Horace Keith Boutwell, B. S., M. D., Instructor in Clinical Medicine.
Harry Linenthal, A. B., M. D., Assistant in Pulmonary Diseases.
Walter Freeman Nolen, M. D., Assistant Demonstrator of Anatomy.
John Dresser Adams, M.D., Assistant Demonstrator of Anatomy.
Franklin E. Campbell, M. D., Instructor in Chemical Pathology and Toxicology.
Herbert Seymour Gay, M. D., Assistant in Clinical Gynaecology.
Bradford Kent, M. D., Assistant in Pulmonary Diseases.
John Allen MacCormick, B. A., M. D., Assistant in Clinical Gynaecology.
Henry Joseph Fitzsimmons, A. B., M. D., Assistant in Clinical Surgery.

Frank Eugene Haskins, Ph. G., M. D., Assistant Demonstrator of Anatomy and Instructor in Pharmacology.
William Russell MacAusland, M. D., Assistant in Orthopedics.
Arthur Cushing Pearce, M. D., Assistant in Pathology and Bacteriology.
Dunlap Pierce Penhallow, B. S., L. S. S., M. D., Assistant in Clinical Surgery.
Cadis Phipps, A. B., M. D., Assistant in Hematology.
Frederick Reis, M. D., Instructor in Chemical Pathology and Toxicology.
Dana Warren Drury, M. D., Assistant in Otology.
Frank Howard Lahey, M. D., Instructor in Clinical Surgery.
Hyman Morrison, A. B., M. D., Assistant in Hematology.
John Thomas Williams, M. D., Assistant Demonstrator of Anatomy.
Richard Henry Houghton, M. D., Assistant in Pulmonary Diseases.
Charles Allen Riley, M. D., Assistant in Pulmonary Diseases.
Grace Elizabeth Rochford, M. D., Assistant in Bacteriology.
James Francis Coupal, B. S., M. D., Assistant in Histology.
Albert John Adams Hamilton, M. D., Assistant Demonstrator of Anatomy.
Joseph Aloysius Mehan, M. D., Assistant in General Chemistry.
William Joseph Brickley, M. D., Instructor in Clinical Surgery.
Andrew Paine Cornwall, M. D., Assistant in Orthopedics.
Raymond Eugene Gates, M. D., Assistant in General Chemistry.
Gaetano Praino, M. D., Assistant in Clinical Medicine.
Elwin Harrison Wells, M. D., Assistant in Physiology.
George Russell Callender, M. D., Instructor in Pathology and Bacteriology.
Harry Howard Flagg, M. D., Assistant in Physiology.
Joseph Edward Hallisey, M. D., Assistant in Hematology.
George Francis McIntire, M.D., Instructor in Clinical Surgery and Assistant Lecturer.
Solomon Hyman Rubin, M. D., Assistant in Histology.
Winthrop Shirley Blanchard, M. D., Instructor in Pathology and Bacteriology.
Ernest Willoughby Gates, D. M. D., Assistant in General Chemistry.
George Henry Scott, M. D., Assistant Demonstrator of Anatomy.
George Pierce Towle, M. D., Assistant Demonstrator of Anatomy.

MEDICAL LIBRARIES.

THE BOSTON CITY HOSPITAL LIBRARY.

This library building was opened March, 1892. It consists of a spacious reading room in which the Medical Staff holds its meetings, and examinations for Internes are held. There are about 3,600 bound volumes, made up of reference books and medical journals. The two other rooms contain the records,—the largest collection in Boston,—pamphlets and monographs.

It is a beautifully appointed library. Open to the Medical Staff and House Officers of the Boston City Hospital only. The arrangement of the records gives considerable credit to the Librarian,

Librarian in charge--Miss Power.

BOSTON MEDICAL LIBRARY.

Organized 1875. The object of this Association is to maintain a library of books, journals and pamphlets on medical and scientific subjects. All persons who may be approved by the committee on admissions are eligible to membership. The library is located at 8 Fenway, Boston. It is open daily, except Saturdays, Sundays and holidays, from 9.30 A. M. to 10 P. M. Saturdays until 6 P M., except during July, August and September. The library contains 66,890 volumes and 44,673 pamphlets.

President, Geo. B. Shattuck, M. D.

Vice-Presidents—Robert T. Edes, M. D., Edwin H. Brigham, M. D., Ernest B. Young, M. D.

Secretary—Oliver F. Wadsworth, M. D.

Librarian—John W. Farlow, M. D.

Assistant Librarian—James F. Ballard.

Treasurer—Elisha Flagg, M. D.

Curator of Medical Medals—Malcolm Storer, M. D.

Library Curator—Edwin H. Brigham, M. D.

Cataloguer—Mrs. E. J. Collins.

Committee on Library and Finance—The President, Secretary, Treasurer and Librarian ex-officiis, Charles P. Putnam, M. D., Morton Prince, M. D., Walter L. Burrage, M. D., Frederick J. Cotton, M. D., Fred T. Murphy, M. D.

Committee on Medical and Social Meetings—David Cheever, M. D., George S. C. Badger, M. D., Horace Binney, M. D.

Committee on Membership and Elections—Harry W. Goodall, M. D., Louis W. Gilbert, M. D., Walter E. Ladd, M. D., Robert M. Green, M. D., Channing Frothingham, M. D.

BOSTON PUBLIC LIBRARY.

Copley Square, Boston. It has about 30,000 medical books. The trustees have placed a deposit station at Boston Medical Library, and has transferred about 17,000 books (books not found at present in the Medical Library). Any physician can obtain these books on presenting a library card.

BOSTON UNIVERSITY SCHOOL OF MEDICINE.

The library of the school, upon the first floor of the new laboratory building, consists of the reading and book room, and the librarian's office. The former contains five thousand valuable volumes, including many important works of reference.

The reading room is supplied with the current numbers of from thirty to forty of the leading homeopathic and allopathic journals. Students have the use of the reading room during term time, from 9 A. M. until 5 P. M. daily. The librarian is in attendance every day except Saturday from 11 A. M. until 3.30 P. M. to loan books, and to assist the students in their work. There is a complete card catalogue of the books, and of a large number of valuable pamphlets and monographs.

The income of a legacy left by the late Dr. Harriet K. Hunt provides a number of text-books, some of which are loaned to women students by the term when desired.

HARVARD MEDICAL SCHOOL.

Medical School students who are engaged in research work may have access to the special libraries of the various departments on application to the persons in charge. These libraries are seven in number, consisting of three large combined departmental libraries in buildings B, C, and D, and four small separate departmental libraries in building E. The total number of books in all the libraries is 12,788, and of pamphlets 23,820. In addition 306 medical journals and society publications are taken, of which a few, however, are duplicates. The students have a small general medical library for their own use in their reading room in the Administration Building.

The College Library at Cambridge is open to the students of this School.

TREADWELL LIBRARY.

Massachusetts General Hospital. It contains 7,067 volumes, 3,706 pamphlets, and 77 periodicals, besides hospital records.

Grace W. Myers, Assistant Librarian.

TUFTS MEDICAL SCHOOL.

The library at the Medical School is open daily from 9.00 A. M. to 5.00 P. M., except Sundays and holidays. This library is intended to provide text-books for reference, and the latest editions of all text-books used in the school are furnished. These cannot be taken from the Reading Room. In addition, the library contains a large number of reference books in general medicine and general surgery, and in all special branches of each. These works are loaned to the student free of charge, and can be taken out. Complete files of various medical journals provide a valuable addition to the school library.

MEDICAL LABORATORIES.

BACTERIOLOGICAL LABORATORY OF THE BOSTON BOARD OF HEALTH.

B. L. Arms, M. D., Director; E. Marion Wade, B. A., Assistant Director. 30 Huntington Ave., Boston. Tel. B. B. 1500.

Examinations made. Any disease of a bacteriological nature and dangerous to public health will be examined free of charge.

Hours for Receiving Specimens.—Specimens are received at the laboratory daily throughout the year from 8.30 A. M. to 6 P. M., except Sundays and legal holidays, when the hours are from 8.30 A. M. to 10 A. M., and from 1.30 P. M. to 6 P. M. After these hours, and until 11 P. M., cultures may be sent, at the physician's expense, direct to Laboratory, and dropped through chute in the door into an incubator.

Transmission of Specimens.—Outfits for specimens from Tuberculosis, Diphtheria, Typhoid, Malaria, Ophthalmia Neanatorum, and Glanders are kept at certain drug stores appointed for the purpose, and known as "culture stations." The diphtheria outfit should be examined before leaving the culture station. If the serum is dry or liquified return the same as "not good," and ask for a fresh outfit. After the specimen is collected it may be taken or sent directly to the laboratory. If preferred, specimens from cases of Tuberculosis, Diphtheria, and Glanders may be returned to the station from which the outfits were obtained. They must not be mailed under any circumstances. If received at the culture station before its closing hour they are forwarded free to the laboratory the same day. Typhoid and Malaria specimens should not be left at the stations, but should be sent directly to the laboratory by mail. If special examinations are required the specimens should be sent by special messenger at the physician's expense, and the attention of the laboratory should be specifically called to the specimen at the time of its delivery.

Swab and Five-Hour Examinations in cases of Suspected Diphtheria.—When requested, the laboratory will examine during hours (9 A. M. to 5 P. M.; Saturdays, 9 A. M. to 12 M.; Sundays and holidays, 9 A. M. to 10 A. M.) the swabs from cases for diagnosis directly. in about 75 per cent. of the cases proving positive after the ordinary incubation, a positive diagnosis can be made from the swab without waiting for incubation, thus saving from fifteen to twenty-four hours. Cultures for diagnosis brought into the laboratory before 12 M. will, excepting on Saturdays, Sundays and holidays, be given a five-hour incubation, and if positive will be reported by telephone at about 5 P. M. In all cases the regular over-night incubation is made and the result reported.

Reports.—Early reports from the specimens submitted are of importance chiefly in the diphtheria diagnostic work. Everything else is subordinated to obtaining these results quickly. All positives for diagnosis, and all doubtful or unsatisfactory results where a second examination may be desirable, are reported to the physician by telephone when possible. Negative results for diagnosis, and cultures for release are not reported by telephone, except upon request. All results are reported to physicians by mail, whether telephoned or not.

The diphtheria results are usually available by 9.30 A. M., sputum and typhoid results by 11 A. M., and other examinations by 12 M. Telephone inquiries should not be made before these hours.

Persons Eligible for Examination.—Boston physicians may send specimens from patients resident within or outside of Boston. Physicians resident outside of Boston may send specimens from patients resident in Boston. When both physician and patient reside outside of Boston specimens should be sent to the State Board of Health, unless there is a local laboratory.

CULTURE STATIONS.

To insure free delivery at the laboratory the same day, specimens must reach the stations before the hours given below. After these hours, and until midnight, cultures may be sent, at the physician's expense, direct to laboratory, and dropped through a chute in the door into an incubator.

City.

Laboratory, 30 Huntington Ave.
Baker, Chester A., Massachusetts Ave., corner Boylston St.
Burden, R. M. & Co., 308 Hanover Street.

Rourke, D. F., 365 Washington Street.

Outfits for diphtheria, tuberculosis, typhoid, malaria and ophthalmia may be obtained at any of the above stations.

Diphtheria and tuberculosis specimens may be returned to the culture stations for transmisson to the laboratory. Typhoid, malaria and ophthalmia preparations must be forwarded by mail.

The stations in bold type are both City culture stations and (free) State antitoxin stations. The following are (free) antitoxin stations, but not culture stations.

Marion, H. S., 2845 Washington Street, Roxbury; C. L. Brackett, Heath and Bromley Streets, Roxbury; K. J. Hart, 1100 and 1270 Dorchester Avenue, Dorchester; Sam'l Meadows, Washington Street and Bowdoin Avenue, Dorchester; State Board of Health, 141 State House; R. Simpson, Hanover and Charter Streets, Boston.

NUTRITION LABORATORY OF THE CARNEGIE INSTITUTION OF WASHINGTON, D. C.

Villa Street, Boston. Tel. Brkl. 2035.
Director—Francis G. Benedict, Ph. D.

The major portion of the researches are on normal individuals, studying fundamental laws of metabolism. Incidentally an extensive investigation into the metabolism of diabetics has been carried out in nconjunction with Dr. Elliott P. Joslin, of Boston. A research of fundamental importance on oxygen therapy has just been completed, and a special apparatus particularly adapted for hospital, bedside metabolism experiments has been elaborated in the past year.

STATE BOARDS AND COMMISSIONS.

STATE BOARD OF CHARITY.

The following State institutions are under the supervision of the Board:—

The State Infirmary at Tewksbury; the State Farm at Bridgewater; The Lyman School for Boys at Westborough; The State Industrial School for Girls at Lancaster; The Mass. State Sanitorium at Rutland; and the Mass. Hospital School at Canton; Penikese Hospital (leper); Industrial School for Boys at Shirley; Rutland Sanatorium; Lakeville, North Reading and Westfield Hospitals for Tuberculosis.

The Board, under a recent act, has to investigate all applications for new charitable corporations and report to the Secretary of State. It has also the right to inspect old charitable institutions and corporations.

Leontine Lincoln, Chairman; Charles H. Adams, Vice Chairman; Frances Greeley Curtis, David F. Tilley, Charles B. Johnson, Abraham C. Ratchesky, Jeffrey R. Brackett, Thomas Downey, Ada Elliott Sheffield, Robert W. Kelso, Secretary of the Board; J. F. Lewis, M. D., Superintendent State Adult Poor; James E. Fee, Superintendent State Minor Wards.

STATE BOARD OF HEALTH OF MASSACHUSETTS.

Henry P. Walcott, M. D., Cambridge, Chairman; Julian A. Mead, M. D., Watertown; Hiram F. Mills, C. E., Lawrence; Gerard C. Tobey, Esq., Wareham; James W. Hull, Pittsfield; Charles H. Porter, Quincy; Robert W. Lovett, M. D., Boston; Mark W. Richardson, M. D., Secretary.

Powers and Duties of the State Board of Health.

Following are the powers and duties of the State Board of Health as defined by section 4, chapter 75 of the Revised Laws:—

Said board shall take cognizance of the interests of health and life among the citizens of the commonwealth, make sanitary investigations and inquiries relative to the causes of disease, and especially of epidemics, the sources of mortality and effects of localities, employments, conditions and circumstances on the public health, and relative to the sale of drugs and food and the adulterations thereof; and shall gather such information relative thereto as it considers proper for diffusion among people. It shall advise the government relative to the location and other sanitary conditions of any public institutions; and shall have oversight of inland waters, sources of water supply and vaccine institutions, and may, for the use of the people of the commonwealth, produce and distribute antitoxin, and vaccine lymph. It shall annually examine all main outlets of sewers and drainage of cities and towns of the commonwealth, and the effect of sewage disposal, and shall annually report thereon to the general court, with such recommendations for the protection of the interests of persons and property and for the prevention of offensive odors and objectionable conditions as it considers expedient.

On the tenth day of July, 1907, the following were appointed by the Governor to be State inspectors of health:—

District 1.—Dr. Adam G. MacKnight, Fall River.
District 2.—Dr. Elliott Washburn, Taunton.
District 3.—Dr. Wallace C. Keith, Brockton.
District 4.—Dr. Harry Linenthal, Boston.
District 5.—Dr. Frank L. Morse, Somerville.
District 6.—Dr. William W. Walcott, Natick.
District 7.—Dr. J. William Voss, Beverly.
District 8.—Dr. William Hall Coon, Lawrence.
District 9.—Dr. Charles E. Simpson, Lowell.
District 10.—Dr. Lewis Fish, Fitchburg.
District 11.—Dr. Melvin G. Overlook, Worcester.
District 12.—Dr. James V. W. Boyd, Springfield.
District 13.—Dr. John S. Hitchcock, Northampton.
District 14.—Dr. Lyman A. Jones.

Section 49. A householder who knows that a person in his family or house is sick of smallpox, diphtheria, scarlet fever or any other infectious or contagious disease declared by the state board of health to be dangerous to the public health shall forthwith give notice thereof to the board of health of the city or town in which he dwells. Upon the death, recovery or removal of such person, the householder shall disinfect to the satisfaction of the board such rooms of his house are articles therein as, in the opinion of the board, have been exposed to infection or contagion. Should one or both eyes of an infant become inflamed, swollen and red, and show an unnatural discharge at any time within two weeks after its birth, it shall be the duty of the nurse, relative or other attendant having charge of such infant to report in writing within six hours thereafter, to the board of health of a city or town in which the parents of the infant reside, the fact that such inflammation, swelling and redness of the eyes and unnatural discharge exist. On receipt of such report, or of notice of the same symptoms given by a physician as provided by the following section, the board of health shall take such immediate action as it may deem necessary in order that blindness may be prevented. Whoever violates the provisions of this section shall be punished by a fine of not more than one hundred dollars.

The following diseases are declared to be dangerous to the public health:

Actinomycosis, Asiatic cholera, Cerebro-spinal meningitis, Diphtheria, Glanders, Leprosy, Malignant pustule, Measles, Scarlet fever, Smallpox, Tetanus, Trichinosis, Tuberculosis, Typhoid fever, Typhus fever, Varicella, Whooping Cough, Yellow fever, Ophthalmia Neonatorum, Anterio Poliomyelitis.

During the legislative session of 1910 the most important acts passed were:

CHAPTER 79.

Resolve to Provide Further for an Investigation by the State Board of Health of Infantile Paralysis.

Resolved, That there be allowed and paid out of the treasury of the commonwealth the sum of five thousand dollars, to be expended under the direction of the state board of health in its investigation of the disease known as anterior poliomyelitis or infantile paralysis.

CHAPTER 458.

An Act Relative to the Prevention of Ophthalmia Neonatorum.

Section 1. The state board of health shall furnish, free of cost, to physicians registered under the laws of the commonwealth such prophylactic remedy as it may deem best for the prevention of ophthalmia neonatorum.

Section 2. To carry out the provisions of this act there may be expended annually from the treasury of the commonwealth a sum not exceeding twenty-five hundred dollars.

An Act to Restrict the Use of Common Drinking Cups.

Section 1. In order to prevent the spread of communicable diseases, the state board of health is hereby authorized to prohibit in such public places, vehicles or buildings as it may designate the providing of a common drinking cup, and the board may establish rules and regulations for this purpose.

Section 2. Whoever violates the provisions of this act, or any rule or regulation of the state board of heath made under authority hereof shall be deemed guilty of a misdemeanor and be liable to a fine not exceeding twenty-five dollars for each offence.

Section 3. All acts and parts of acts inconsistent herewith are hereby repealed.

Section 4. This act shall take effect on the first day of October, nineteen hundred and ten.

Rules and Regulations Concerning the Use of the Common Drinking Cup.

At a meeting of the State Board of Health held on July 21, 1910, the following regulations were made concerning the use of the common drinking cup, in accordance with the provisions of Chapter 428 of the Acts of 1910:

On and after Oct. 1, 1910, it shall be unlawful to provide a common drinking cup: (a) In any public park, street or way; (b) In any building or premises used as a public institution, hotel, theatre, public hall or public school; (c) In any rairoad station, railroad car, steam or ferry boat.

STATE BOARD OF INSANITY OF MASSACHUSETTS.

Herbert B. Howard, M. D., Chairman; William F. Whittemore, Michael J. O'Meara, M. D., Henry P. Field, E. W. Taylor, M. D., Owen Copp, M. D., Secretary.

It has charge of Worcester State Hospital, Taunton State Hospital, Northampton State Hospital, Danvers State Hospital, Worcester State Asylum, Westborough State Hospital, Foxborough State Hospital, Medfield State Asylum, Monson State Hospital, Gardner State Colony, Wrentham State School and Boston State Hospital.

Commitments and Admissions.

Section 28. The state board of insanity shall divide the state into districts which it may change from time to time, from each of which the insane, epileptic and feeble-minded shall be committed to certain specified state hospitals or schools, except such as are committed to the Westborough state hospital under the provisions of section thirty-five, or to any state hospital when the expense of their support is paid by themselves or their friends, or upon the written approval of the said board, and also except such as may be committed or admitted to the McLean Hospital, or to any licensed private hospital or house.

Section 29. Either of the judges of probate for the county of Suffolk, the judge of probate for the county of Nantucket or a justice of a police, district or municipal court, except the municipal court of the city of Boston, within his county, may commit to any hospital or receptacle for the insane, public or private, designated by the state board of insanity, in accordance with the provisions of the preceding section, any insane person then residing or being in said county, who in his opinion is a proper subject for its treatment or custody. No special justice of a police, district or municipal court shall make a commitment except in case of the absence or incapacity of the justice, or other emergency.

Section 30. No person shall be committed to any hospital or receptacle for the insane, public or private, unless there has been filed with the judge a certificate of the insanity of such person by two physicians as provided in section thirty-two, nor without an order therefor, signed by one of the judges named in the preceding section, stating that the judge finds that the person committed is insane and is a proper subject for treatment in a hospital for the insane and either that he has been an inhabitant of the commonwealth for the six months immediately preceding such finding or that provision satisfactory to the state board of insanity has been made for his maintenance or that by reason of insanity he would be dangerous if at large. The order of commitment shall also authorize the custody of the insane person either at the hospital to which he shall first be committed or at some other hospital or receptacle to which he may be transferred. Said judge shall see and examine the alleged insane person, or state in his final order the reason why it was not considered necessary or advisable so to do. The hearing, unless a jury is summoned, shall be at such place as the judge shall appoint. In all cases the judge shall certify in what place the insane person resided at the time of his commitment; or if the commitment is ordered by a court, the court shall certify in what place the insane person resided at the time of the arrest upon the charge for which he was held to answer before such a court; and such certificate shall, for the purposes of the preceding section, be conclusive evidence of his residence.

Section 31. If in the opinion of the judge additional medical testimony as to the mental condition of the alleged insane person is desirable, he may appoint a third physician to examine and report thereon. The fee for making such examination and report shall be the same as is provided for making a certificate under the provisions of section forty-eight.

Section 32. A physician shall not make a certificate of insanity unless he makes oath that he is a graduate of a legally chartered medical school or college, that he has been in the actual practice of medicine for three years since his graduation and for three years last preceding the making of said oath, and that he is registered in accordance with the provisions of chapter seventy-six of the Revised Laws, nor unless his standing, character and professional knowledge of insanity are satisfactory to the judge. A physician who makes such certificate shall have examined the alleged insane person within five days of his signing and making oath to the certificate, and shall state therein that in his opinion such person is insane and a proper subject for treatment in a hospital for the insane, and the facts on which his opinion is based. A copy of the certificate, attested by the judge, shall be delivered with the insane person to the superintendent of the hospital or receptacle to which the person shall have been committed, to be kept on file with the order of commitment, and he shall forthwith transmit to the state board of insanity copies of such certificate, of the statement required by the provisions of section thirty-three and of the order of commitment. A certificate bearing date more than ten days prior to the commitment of any person alleged to be insane shall be void, and no certificate shall be valid or received in evidence if signed by a physician holding any office or appointment, other than that of consulting or advisory physician, in a hospital or receptacle for the insane to which such person is committed.

Section 33. Upon every application for the commitment or admission of a person as a patient to an institution described in section seven a statement in a form prescribed by the state board of insanity shall be filed with the application, or within ten days after the commitment or admission, giving as nearly as can be ascertained the facts therein required. A copy of the statement shall be transmitted to the superintendent of the institution and filed with the order of commitment or the application for admission. The superintendent shall in the case of insane persons, within two days after the reception of such patient, send notice of his commitment or admission by mail, postage prepaid, to all persons whose addresses appear on the said statement, and to any other two persons whom the patient may designate.

Section 34. After hearing such evidence as he may consider sufficient, the judge may, either before or after the certificate required by section thirty has been filed, issue a warrant for the apprehension and bringing before him of the alleged insane person, if in his judgment the condition or conduct of such person renders it necessary or proper so to do. The warrant may be directed to and served by a qualified officer or by a private person named in the warrant; and pending examination and hearing such order may be made relative to the care, custody or confinement of such alleged insane person as the judge shall see fit.

Section 35. In making a commitment of an insane person, the judge shall inquire of the applicant for his commitment whether he desires the insane person to be treated according to homeopathic principles of medicine, and if he does, such insane person shall be committed to the Westborough state hospital in preference to any other place, if that hospital is capable of receiving him; and inmates of other state hospitals for the insane desiring homeopathic treatment, or for whom such treatment is desired by their families or by the applicant for their commitment, may be transferred by the state board of insanity to the Westborough state hospital.

Section 36. The judge may, in his discretion, issue a warrant to the sheriff or his deputy, directing him to summon a jury of six men to hear and determine whether the alleged insane person is insane.

Section 37. The jurors shall be selected in equal numbers from the place in which the trial is had and one or two adjoining places, as the judge shall order. The jurors shall be selected and impaneled as provided in chapter forty-eight of the Revised Laws, and in the counties of Suffolk and Nantucket they may all be taken from one place.

Section 38. The judge shall preside at such trial, and administer to the jury an oath faithfully and impartially to try the issue, and the verdict of the jury shall be final.

Section 39. If by reason of challenges or otherwise there is not a full jury of the persons summoned, the judge shall cause the officer who served the summons, or in his absence the officer attending the jury, to return persons to supply the deficiency; and shall have the same authority as the supreme judicial court to enforce the attendance of jurors and witnesses and to impose fines for non-attendance.

Section 40. The officer who summons and attends the jury shall receive therefor four cents a mile for all necessary travel, ane one dollar and fifty cents for each day that he attends upon them; and the jurors and witnesses shall be entitled to such compensation as is prescribed for jurors and witnesses in the supreme judicial court.

Section 41. Each judge shall keep a docket or record of the causes relative to insane persons coming before him, numbered or otherwise properly designated, and the disposition thereof. He shall also receive and keep on file the original application, statement of applicant and certificate of physicians, and the copy of the order of commitment, attested by, and with the return thereon of, the officer or other person serving the same. Said docket or record and other documents required to be kept as above shall be transmitted, on the death, resignation or removal of the judgeto his successor in office.

Section 42. The superintendent or manager of any hospital for the insane, public or private, may without an order of a judge as provided in sections twenty-nine and thirty, receive into his custody and detain in such hospital for not more than five days any person whose case is certified to be one of violent and dangerous insanity or of other emergency by two physicians qualified as provided in section thirty-two by a certificate conforming in all respects to the provisions of said section, which certificate may be filed with a judge, as the certificate required by section thirty. The officers required by section eighty-six, or any member of the district police shall upon the request of the applicant or of one of the said physicians, cause the arrest and delivery of such a person to such superintendent or manager. The person applying for such an admission shall within five days cause the alleged insane person to be committed or removed from the hospital, and failing thereof be liable to the hospital for the expenses incurred and to a penalty of fifty dollars, which may be recovered by the hospital in an action of contract.

Section 43. If a person is found by two physicians, qualified as provided in section thirty-two to be in such mental condition that his commitment to a hospital for the insane is necessary for his proper care or observation, he may be committed by any of the judges mentioned in section twenty-nine to a state hospital for the insane or to the McLean Hospital, under such limitations as the judge may direct, pending the determination of his insanity.

Section 44. The superintendent of any state hospital for the care, treatment or observation of the insane and the McLean Hospital may receive for temporary care, not exceeding seven days, any person suffering from mental disease, on the written application of his natural or legal guardian or, if there be none, upon the written application of a chief or captain of police, any member of the district police, a selectman, the state board of charity or the state board of insanity, together with the certificate of a physician qualified as provided in section thirty-two, that such temporary care is necessary by reason of mental disease. The person applying for such an admission shall within seven days cause the patient to be committed, provided he does not sign a request to remain under the provisions of section forty-five, or to be removed from the hospital, and failing thereof shall be liable to the hospital for the expenses incurred and to a penalty of fifty dollars, which may be recovered by the hospital in an action of contract.

Section 45. The superintendent or manager of any institution, public or private, to which an insane person may be committed, may receive and detain therein as a boarder and patient any person who is desirous of submitting himself to treatment, and who makes written application therefor and whose mental condition is such as to render him competent to make the application. Such person shall not be detained for more than three days after having given notice in writing of his intention or desire to leave the institution. The charges for the support of such person in a state institution shall be governed by the provisions of law applicable to the support of an insane person in such institution, provided the approval of the state board of insanity shall be obtained in writing.

Section 46. If a patient is received into any such institution under the provisions of the four next preceding sections, the superintendent or manager thereof shall give immediate notice of such reception to the state board of insanity, stating all the particulars of the case.

Section 47. If a woman is committed to an institution under the supervision of the board, the committing magistrate shall, unless she is accompanied by a father, husband, brother or son, designate a woman to be an attendant or one of the attendants to accompany her thereto.

Section 48. Except as is otherwise provided the compensation of the judges, physicians and officers taking part in the commitment or admission of persons to institutions described in section seven in accordance with the provisions of this act, shall be as follows:—The judge if required to go from his office or place of business to see and examine the person committed or admitted, shall be allowed all necessary expenses of travel. If a special justice hears and determines the application he shall receive compensation at the rate provided in section sixty-nine of chapter one hundred and sixty of the Revised Laws: provided, however, that he shall not receive more than four dollars and the necessary expense of travel for each commitment. The fee for each physician making a certificate shall be four dollars, and twenty cents for each mile traveled one way. The fees for officers serving process shall be the same as are allowed by law in like cases.

Section 49. All necessary expenses attending the apprehension, examination, trial, commitment or delivery of an alleged insane, epileptic or feeble-minded person, dipsomaniac, inebriate or one addicted to the intemperate use of narcotics or stimulants, shall, if the commitment is to a state institution for such persons, be allowed and certified by the judge and presented as often as once a year to the county commissioners, who shall examine and audit the same; and all necessary expenses attending the apprehension, examination or trial of any such person who if a commitment had been made would have been committed to a state institution for such person, when allowed in the discretion of the judge and certified by him and presented and audited as herein provided, and all expenses of examination and delivery of persons mentioned in section fifty-eight of this act when certified by a judge authorized by law to make commitments in the county in which such person is an inhabitant shall be paid by the county in which such person is an inhabitant. If the person is an inmate of an institution at the time of his commitment, such expenses shall be repaid to such county by the county in which he resided at the time of his admission to the institution, or, if he had no residence, by the county from which he was sent to the institution; and the necessary expenses of returning to a state institution a person temporarily absent therefrom, under the provisions of section seventy-five, shall be paid by such person or his guardian, relative or friend if of sufficient ability, or may be paid by such county, if a new commitment of such person would otherwise be necessary. If application is made for the commitment of a person whose expenses and support are not to be paid by the commonwealth, the said expenses shall be paid by the applicant or by a person in his behalf.

Dipsomaniacs, Inebriates, Etc.—Sections 50-56.

Section 50. Any of the judges named in section twenty-nine may commit to the Foxborough state hospital, the McLean Hospital, or to a private licensed hospital or house, any male, or to any hospital or licensed receptacle, for the insane, public or private, except the Foxborough state hospital, any female, who is subject to dipsomania or inebriety either in public or private or who is so addicted to the intemperate use of narcotics or stimulants as to have lost the power of self control; but no such commitment shall be made until satisfactory evidence is presented to the judge by whom the proceedings for commitment are heard that such person is not of bad repute or of bad character apart from such habits of intemperance. The magistrate who receives the application for such commitment shall examine on oath the applicant and all other witnesses, shall reduce the application to writing and cause it to be subscribed and sworn to by the applicant. He shall cause a summons and copy of the application to be served upon such person in the manner provided by section twenty-five of chapter two hundred and seventeen of the Revised Laws. Such person shall be entitled to a hearing, unless after receiving said summons he shall in writing waive a hearing; and in that case the magistrate may issue an order for his immediate commitment to said hospital without such hearing if he is of the opinion that such person is a proper subject for its treatment and custody. The commitment may be made forthwith, if the examining physician certifies the case to be one of emergency. A person committed as aforesaid may be detained for two years from the date of his commitment and no longer.

Section 51. A person may appeal from the order of commitment as a dipsomaniac or inebriate, or as addicted to the intemperate use of narcotics or stimulants, to the superior court, sitting for criminal business in the county from which he is committed, in the manner provided by section twenty-eight of chapter one hundred and fifty-seven of the Revised Laws, but he shall be held in such hospital to abide the final order of the court until he recognizes in the manner provided in section twenty-two of chapter two hundred and nineteen of the Revised Laws, as amended. Upon such appeal the judge who ordered the commitment may bind the witnesses by recognizance as provided in chapter two hundred and seventeen of the Revised Laws, and shall make a copy of the order of commitment and other proceedings in the case and transmit the same with the recognizance, if any, to the clerk of the superior court. If the appellant so requests, an issue or issues shall be framed and submitted to a jury in the superior court.

Section 52. If the appellant fails to enter and prosecute his appeal he shall be defaulted on his recognizance, and the superior court may enter an order in like manner as if he had been ordered to be committed by that court; and process may issue, if necessary, to bring him into court to be recommitted.

Section 53. The appellant may at any time before the copy of the proceedings has been transmitted to the superior court be brought personally before the judge from whose order the appeal was taken, and, at his request, may be permitted by the judge in his discretion to withdraw his appeal and abide by the order of said judge, who shall order that the appellant comply with the order appealed from in the same manner as if it were then imposed.

Section 54. Any person who is a dipsomaniac or inebriate or addicted to the intemperate use of narcotics or stimulants, who is desirous of submitting himself for treatment in the Foxborough state hospital, or any hospital for the insane, or any hospital or receptacle licensed under the provisions of section twenty-four and makes written application therefor, may be received by the trustees, superintendent or manager of such hospital or receptacle and detained therein as a boarder and patient. Such person shall not be detained for more than three days after having given notice in writing of his intention or desire to leave the institution. The charges for the support of such person in a state institution shall be governed by the provisions of law applicable to the support of an insane person in said institution, provided the approval of the state board of insanity shall be obtained in writing.

Section 55. The trustees of the Foxborough state hospital shall receive and care for, according to law and in separate quarters, such insane persons as may be transferred to that hospital be the state board of insanity.

Section 56. The provisions of this chapter relative to the commitment of insane persons to a hospital for the insane shall, unless it is otherwise expressly provided, apply to and govern commitments under the provisions of sections fifty to fifty-three inclusive, except that it shall be specifically alleged that a person who is committed thereunder is a dipsomaniac or inebriate or is so addicted to the intemperate use of narcotics or stimulants as to have lost the power of self control, instead of alleging that he is insane.

Epileptics.—Sections 57, 58.

Section 57. A person of the age of ten years or over who is subject to epilepsy, if he is not a criminal, inebriate or violently insane, may, if insane, be committed to the Monson state hospital, in accordance with the provisions for the commitment of other insane persons, or may, if dangerous to himself or others by reason of epilepsy, be commited thereto in the manner provided for the commitment of dipsomaniacs and inebriates.

Section 58. The trustees of said hospital may receive and detain therein as a patient any person of the age of ten or over certified to be subject to epilepsy by a physician qualified as provided in section thirty-two, who desires to submit himself to treatment and makes written application therefor, and whose age and mental condition are such as to render him competent to makes such application, or for whom application is made by a parent or guardian. No such patient shall be detained more than three months after having given notice in writing of his intention or desire to leave the hospital. Upon the patient's reception at the hospital, the superintendent shall report the particulars of the case to the board of insanity, who may investigate the same.

Feeble-Minded.—Sections 59-65.

Section 59. There shall be six trustees, on the part of the commonwealth, of the Massachusetts School for the Feeble-Minded, one of whom shall annually be appointed by the governor, with the advice and consent of the council, for a term of six years.

Section 60. The annual appropriation for the support of said school shall be made upon condition that the board of trustees shall be composed of twelve persons, six of whom shall be appointed by the governor, with the advice and consent of the council; and that the said school shall be subject to the same supervision of the state board of insanity as are the state hospitals for the insane. The trustees of said school shall annually prepare and send to the state board of insanity a written or printed report of its proceedings, income and expenditures, properly classified, for the year ending on the thirtieth day of November, stating the amount appropriated by the commonwealth, the amount expended under such appropriation, the whole number and the average number of inmates, the number and salaries of officers and employees, and such other information as the board may require.

Section 61. The Massachusetts School for the Feeble-Minded and the Wrentham State School shall each maintain a school department for the instruction and education of feeble-minded persons who are within the school age or who in the judgment of the trustees thereof are capable of being benefited by school instruction, and a custodial department for the care and custody of feeble-minded persons beyond the school age or not capable of being benefited by school instruction.

Section 62. Persons received by the Massachusetts School for the Feeble-Minded and by the Wrentham State School shall from time to time be classified in said departments as the trustees shall see fit, and the trustees may receive and discharge pupils at their discretion, and may at any time discharge any pupil or other inmate and cause him to be removed to his home or to the place of his settlement.

Section 63. If upon application in writing a judge of probate finds that a person is a proper subject for the Massachusetts School for the Feeble-Minded or the Wrentham State School, he may commit him thereto by an order of commitment directed to the trustees thereof, accompanied by the certificate of a physician, qualified as provided in section thirty-two, that such person is a proper subject for said institution.

Section 64. The trustees of said institutions may at their discretion receive, maintain and educate in the school department, any feeble-minded person from this commonwealth, gratuitously or otherwise, upon application being made therefor by the parent or guardian of such person, which application shall be accompanied by the certificate of a physician, qualified as provided in section thirty-two, that such person is deficient in mental ability, and that in the opinion of the physician he is a fit subject for said school. Special pupils may be received from any other state or province at a charge of not less than three hundred dollars a year. The trustees may also at their discretion receive, maintain and educate in the school department other feeble-minded persons, gratuitously or upon such terms as they may determine.

Section 65. If an inmate of the Massachusetts School for the Feeble-Minded or the Wrentham State School shall have reached the limit of school age or in the judgment of the trustees shall be incapable of being further benefited by school instruction, or if the question of the commitment to or continuance in either of the said schools of any inmate, including inmates who may have been transferred from one department of such school to another, under the provisions of section sixty-two, is in the opinion of the trustees and of the state board of insanity a proper subject for judicial inquiry, the probate court for the counties of Middlesex and Norfolk, respectively, upon the petition in writing of said trustees, or of said board or of any member of either body, and after such notice as the court may order, may in its discretion order such inmate to be brought before the court, and shall determine whether or not he is a feeble-minded person, and may commit him to such school or either department thereof, or may order him to be discharged therefrom.

Hospital Cottages for Children.—Sections 66, 67.

Section 66. The governor, with the advice and consent of the council, shall appoint five trustees of the Hospital Cottages for Children, one of whom shall be appointed annually, who shall hold office for a term of five years from the date of their appointment. They shall serve without compensation, and, with the trustees elected by said corporation, shall have the management of the business and property of said corporation and the general supervision of its cottages. The trustees of said corporation shall annually prepare and send to the state board of insanity a written or printed report of all its proceedings, income and expenditures, properly classified, for the year ending on the thirtieth day of November, stating the amount expended under any appropriation from the general court, the whole number and average number of beneficiaries, the number and salaries of officers and persons employed, and such other information as said board may require.

Section 67. The state board of insanity may send to and keep at said Hospital Cottages for Children such number of children afflicted with epilepsy as shall be approved by the trustees and superintendent thereof, to be maintained at such expense to the commonwealth as shall be determined by said state board and said trustees.

MASSACHUSETTS BOARD OF REGISTRATION IN MEDICINE.

Organized July, 1894. Office, State House, Boston.

Applicants are admitted to examinations by an "examination ticket," showing the date of the examination and the holder's number, which are issued when applications are filed. Rejected applicants entitled to a re-examination are given tickets if applied for not later than five days before the examination date. Examinations are conducted in the English language only.

In the examinations held this year the Board has made a beginning in conducting them along the lines of practical work in microscopy, in the laboratory and in demonstrations on the manikin. A mixed examination, written, oral and practical, is best calculated to insure an actual test of one's qualifications to enter upon the practice of medicine. Such an examination shows not only what one knows, but what he can do. It also brings to the front the weak points in medical schools which still cling principally to the old system of lecture-room instruction.

Examinations are held on the second Tuesday in March, July and November. Special examinations have been held this year in May and September, as in previous years.

The time devoted to each examination is three days. The questions are grouped in seven sets, and the answers are rated on a scale of 0 to 100. When general averages fall below 75 per centum, examinations are classed unsatisfactory.

The questions are intended to be practical, and to cover substantially the instruction in the high-grade medical schools in this country. The subjects on which the examinations are principally conducted are anatomy and histology, physiology and hygiene, pathology and bacteriology, surgery, obstetrics and gynaecology, diagnosis and therapeutics, and pediatrics and toxicology.

Applicants who furnish satisfactory evidence of having conducted a reputable practice for ten years or more are frequently admitted to an examanination largely oral. It is the opinion of the Board that such an examination for old practitioners is best adapted to meet the requirements of the law, and is far more likely to be just to them.

Previous to two years ago the Board admitted applicants who had received their medical training in foreign schools, and who could neither speak nor write the English language. Such applicants were allowed to write their papers in their own language, on condition that they would pay the cost of translations secured by the Board for the purpose of rating; but there being some doubt as to the legality of examinations conducted in this manner, the opinion of the Attorney-General of the Commonwealth was requested. His opinion being adverse to such procedure, only those who can speak and write English are admitted.

Since the organization of this department, the Board has issued 8,978 certificates of registration.

The number of names now in the card catalogue is approximately 7,850. The difference between the number of names in the catalogue and the number of certificates of registration issued represents the number (828) of registered persons who have died since the organization of the Board. It should not be understood, however, that the names in the catalogue represent definitely the number of practitioners in the Commonwealth at the present time. Many have settled in other States. The approximate number of physicians in the State at present is 6,150 —a ratio of 1-500 of the inhabitants.

Law Relating to Registration of Physicians in Massachusetts.

(Revised Laws, Chapter 76, Sections 1-9.)

Section 1. There shall be a board of registration in medicine consisting of seven persons, residents of this commonwealth, who shall be graduates of a legally chartered medical college or university having the power to confer degrees in medicine, and who shall have been for ten years actively employed in the practice of their profession. No member of said board shall belong to the faculty of any medical college or university, and no more than three members thereof shall at one time be members of any one chartered state medical society. One member thereof shall annually in June be appointed by the governor, with the advice and consent of the council, for a term of seven years from the first day of July following.

Section 2. Said board shall hold regular meetings on the second Tuesday of March, July and November of each year, and additional meetings at such times and places as it may determine. At the regular meeting in July, it shall organize by the choice of a chairman and secretary who shall hold their offices for the term of one year. The secretary shall give a bond to the treasurer and receiver-general in the penal sum of five thousand dollars, with sufficient sureties to be approved by the governor and council, for the faithful performance of his official duties.

Section 3. Applications for registration shall be made upon blanks to be furnished by the board, and shall be signed and sworn to by the applicants. Each applicant for registration shall furnish satisfactory proof that he is twenty-one years of age or over and of good moral character and, upon payment of a fee of twenty dollars, shall be examined by said board. If he is found by four or more members thereof to be twenty-one years of age or over, of good moral character and qualified, he shall be registered as a qualified physician and shall receive a certificate thereof signed by the chairman and secretary. An applicant who fails to pass an examination satisfactory to the board, and is therefore refused registration, shall be entitled within one year after such refusal to a re-examination at a meeting of the board called for the examination of applicants, without the payment of an additional fee; but two such re-examinations shall exhaust his privilege under his original application. Said board, after hearing, may by unanimous vote revoke any certificate issued by it and cancel the registration of any physician who has been convicted of a felony or of any crime in the practice of his profession. All fees received by the board shall, once in each month, be paid by its secretary into the treasury of the commonwealth.

Section 6. The board shall investigate all complaints of the violation of the provisions of section eight, and report the same to the proper prosecuting officers.

Section 7. Examinations shall be wholly or in part in writing in the English language, and shall be of a scientific and practical character. They shall include the subjects of anatomy, surgery, physiology, pathology, obstetrics, gynaecology, practice of medicine and hygiene, and shall be sufficiently thorough to test the applicant's fitness to practise medicine.

Section 8. Whoever, not being lawfully authorized to practise medicine within this commonwealth and registered as aforesaid, holds himself out as a practitioner of medicine, or practises or attempts to practise medicine in any of its branches, or whoever practises medicine or surgery under a false or assumed name, or under a name other than that by which he is registered, or whoever personates another practitioner of a like or different name, shall, for each offence, be punished by a fine of not less than one hundred nor more than five hundred dollars, or by imprisonment for three months. or by both such fine and imprisonment. In a case in which a provision of this or the preceding section has been violated, the person who committed the violation shall not recover compensation for services rendered.

Section. 9. The provisions of the preceeding sections shall not be held to discriminate against any particular school or system of medicine, to prohibit medical or surgical service in a case of emergency or to prohibit the domestic administration of family remedies. They shall not apply to a commissioned medical officer of the United States army, navy or marine hospital service in the performance of his official duty; to a physician or surgeon from another state who is a legal practitioner in the state in which he resides, when in actual consultation with a legal practitioner of this commonwealth; to a physician or surgeon residing in another state and legally qualified to practise therein, whose general practice extends into the border towns of this commonwealth, if such physician does not open an office or designate a place in such towns where he may meet patients or receive calls; to a physician authorized to practise medicine in another state when he is called as the family physician to attend a person temporarily abiding in this commonwealth; nor to registered pharmacists in prescribing gratuitously, osteopathists, pharmacists, clairvoyants, or persons practising hypnotism, magnetic healing, mind cure, massage, Christian science or cosmopathic method of healing, if they do not violate any of the provisions of section eight.

Officers.

Samuel H. Calderwood, M. D., Chairman; Edwin B. Harvey, M. D., Secretary; Walter P. Bowers, M. D., Augustus L. Chase, M. D., Matthew T. Mayes, M. D., Nathaniel R. Perkins, M. D., Chas. H. Cook, M. D.

BOARDS OF HEALTH OF GREATER BOSTON.

Training School for Nurses connected with the Asylum.

ARLINGTON HEALTH RESORT.

Arlington Heights. Arthur H. Ring, M. D., Barbara T. Ring, M. D.

BAY STATE HOSPITAL.

Established 1905. 310 Bay State road, Boston. Tel. Brookline 1629.

This is a private hospital containing 12 beds. Faces the Charles River and is fully equipped. Charges, $20 per week and upwards.

THE BERKELEY INFIRMARY.

Incorporated 1905. Founded 1905. 44 Dwight Street, Boston.

The purpose of the Berkeley Infirmary is to give the best possible medical advice and treatment to poor patients, to combine with this social service, and where necessary to act as a connecting link between the patient and the proper charitable agency.

The equipment consists of a house with six rooms specially fitted for clinical work, including a laboratory for pathological and bacteriological research.

Tuberculosis Class meets weekly. Arrangements may be made for medical attendance in cases of confinement.

Any self-respecting persons, unable to pay regular office fees, are admitted for medical advice and treatment. There is no charge for consultation. Medicine is twenty-five cents or less, and free when patients are unable to pay.

The Infirmary is open from 10.30 A. M. to 12 M. daily, except Sunday.

Officers.

Board of Directors—Miss Eleanora Adams, Mr. Herbert S. Allen, Dr. Samuel Breck, Miss Lucy E. Dewey (Clerk), Miss Bertha Eddy, Clifton H. Dwinell (Treasurer), Elmer W. Barron, M. D., Francis P. Joyner, M. D.

Secretary Social Service Department.—Mabel Merwyn Barkley.

Assistant to the Physicians to Out-Patients with Diseases of Skin—E. Laurence Oliver, M. D.

Assistant Surgical Pathologist—H. F. Hartwell, M. D.

Assistant in Clinical Pathology—Francis L. Burnett, M. D.

Assstant in Clinical Bacteriology—Albert E. Steele, M. D.

Assistant Skiagrapher—George W. Holmes, M. D.

The hospital has at its disposal two Dalton Scholarships, with an annual income of $500 each, devoted to investigation in the science of medicine.

Candidates are nominated to the Board of Trustees by a Committee with recommendations for the information of the Board. They are either Internes of the General Hospital or male graduates of a regular American Medical College. The nature of the work in medical investigation proposed to be prosecuted by each candidate is designated.

The Out-Patient Department, in Fruit Street, is open daily, except Sundays and holidays, between 8.30 and 10 A. M., for the treatment of the poor only. If a physician has been employed, a letter from him is necessary.

"Ether Day" has been celebrated on the 16th of October for the last few years, and it will undoubtedly remain a fixed holiday of the institution.

There is a training school for nurses connected with the hospital. Miss Sarah E. Parsons, Superintendent.

Convalescent Hospital, Waverley.

Thirty beds. Superintendent, Frederic A. Washburn, M. D., Resident Physician Massachusetts General Hospital.

MASSACHUSETTS HOME FOR INTEMPERATE WOMEN.

Faxon, Dr. W. O. Faxon, Dr. Thomas F. Greene, Dr. Lyman S. Hapgood, Dr. C. E. Hills, Dr. Frederick T. Hyde, Dr. C. M. Hutchinson, Dr. E. S. Johnson, Dr. Herbert Johnson, Dr. B. M. Latham, Dr. C. F. Maguire, Dr. Charles A. Ordway, Dr. Geo. C. Parcher, Dr. F. J. Pierce, Dr. M. B. Raynes, Dr. Frederick Shaw, Dr. Hovey L. Shepherd, Dr. L. F. Smalley, Dr. A. J. Stevens, Dr. Wm. N. Tenney, Dr. H. C. Valentine, Dr. John E. Walsh, Dr. G. W. Winchester, Dr. Frank T. Woodbury, Dr. Chas. B. Wormelle.

MASSACHUSETTS SCHOOL FOR FEEBLE MINDED.

Opened 1846. Located at Waltham near the Clematis Brook Station.

Superintendent—Walter E. Fernald, M. D.

Assistant Physicians—F. J. Russell, M. D., Anna M. Wallace, M. D., Edith E. Woodill, M. D.

Templeton Colony for the Feeble Minded is located in Templeton, three miles from Baldwinville.

MASSACHUSETTS STATE INFIRMARY.

Tewksbury, Mass.

Established in May, 1852, as the State Almshouse. On May 23, 1900, the name of the institution was changed, by an Act of the Legislature. to State Hospital.

The first Hospital for Consumptive Men was opened in 1900. Prior to this, the patients, with the exception of a few small wards, were all housed in very large wards and dormitories, containing fifty or more patients each, and the consumptives were separate as far as was possible, but yet were of necessity moving in and out around the other patients much of the time.

The management is vested in a Board of seven Trustees appointed by the Governor. The State Board of Charity and the State Board of Insanity have supervisory powers over their respective departments.

The function of the State Hospital is to care for those indigent persons, sick, feeble or in distress, within its Commonwealth, who have no legal residence in any of its cities and towns.

It is supported by yearly appropriations by the State Legislature, and all expenses are paid by the State Treasurer. No charges for board or treatment are made by the Hospital.

The admission to the Hospital is obtained by application to the local Overseers of the Poor, who are empowered to issue permits for admission, or by the State Board of Charity, or by a transfer by the State Board of Insanity in cases of insane patients.

The patients in the State Hospital are classified and cared for in departments as follows: Department for the Insane, capacity 700; General Hospital Department, capacity 600; House Department, capacity 800; Hospital for Consumptives, capacity 300; Total, 2400.

The visiting hours are from 10 o'clock until 4 o'clock every day except Sundays and holidays.

Trustees—Emery M. Low, Brockton; Anna F. Prescott, Boston; Joseph A. Smart, Andover; Helen R. Smith, Newton; John B. Tivnan (Chairman), Salem; Payson W. Lyman, Fall River; Leonard Huntress, Lowell.

Consulting Board of Physicians and Surgeons—M. H. Richardson, M. D., Boston; B. Joy Jeffries, M. D., Boston; J. J. Putnam, M. D., Boston; James C. White, M. D., Boston; Charles M. Greene, M. D., Boston; Octavius T. Howe, M. D.. Lawrence;; John M. Gile, M. D., Hanover, N. H.; Henry Ehrlich, M. D., Boston; J. V. Meigs, M. D., Lowell; Robert E. Bell, M. D., Lowell.

Officers and Medical Staff—John H. Nichols, M. D., Supt. and Resident Physician; George A. Peirce, M. D., Asst. Supt. and Physician; Howard F. Holmes, M. D., First Assistant

Assistant Physicians—Alfred J. Roach, M. D., Anna E. Barker, M. D., Harry R. Coburn, M. D., Walter H. Crosby, M. D., George P. Laton, M. D., Sherman Perry, M. D., Hanford Carvell, M. D., Thomas V. Uniac, M. 2D., Frederick M. Hollister, M. D., Dennis L. Black, M. D.

There is a training school for nurses at this Hospital and a regular course of study is followed.

McDONALD HOSPITAL.

Established 1906. Located at 72 Summit Avenue, Brookline. Telephone 22967 Brookline. 50 beds. General hospital. Medical and surgical cases. Ward patients, $10.00 per week. Private rooms, $15.00 to $40.00.

McLEAN HOSPITAL.

Founded 1818. Waverley, Mass. Tel. Belmont 105.

Its purpose is the care and treatment of the insane. Capacity, 220 beds.

The hospital is devoted to the care and treatment of insane. Cases of epilepsy, alcohol and drug habits are not admitted. The patients received are committed in the regular way by the Courts, or if their mental condition is such as to make it legal, they are received voluntarily upon their own request in writing.

The rates, based on the expense to the hospital, vary from $25 to $100 per week. A reduction from the lowest rate is often made by the Trustees for deserving cases.

The medical staff is a resident one and the patients are constantly under observation. Friends of patients are allowed to visit them on any week day between the hours for meals.

Medical Staff.

Medical Superintendent—George T. Tuttle, M. D.

First Assistant Physician—Frederic H. Packard, M. D.

Second Assistant Physician—Earl D. Bond, M. D.

RUTLAND STATE SANATORIUM.

Opened October 10, 1898, at Rutland. This institution was the first one of its kind in the United States. It admits Incipient Tuberculosis cases.

Consulting Physicians—Herbert C. Clapp, M. D., Boston; Edward O. Otis, M. D., Boston

Consulting Laryngologist—A. C. Getchell, M. D., Worcester.

Resident Medical Officers.

Superintendent—P. Challis Bartlett, M. D.

Physicians—James A. Lyon, M. D., John M. Wise, M. D., Herbert F. Gammons, M. D.

Bacteriologist—Clarence Murphy.

Laboratory Assistant—E. Ray Buhrman.

The Rutland State Sanatorium for the treatment of Pulmonary Tuberculosis (Consumption of the Lungs) is located in Rutland, Mass., on the Central Massachusetts Railroad, eleven miles from Worcester, about twelve hundred feet above sea level. It is built on the pavilion plan and accommodates three hundred and fifty patients.

The primary object of the Institution is the arrest of the disease, and only such patients will be admitted as are deemed not too far advanced for reasonable hope of radical improvement. The Sanatorium is not a home for the hopelessly sick; the purpose being to give sanatorium treatment only.

Residents of Massachusetts only are admitted, preference being given to citizens of the United States.

Patients who do not improve after a stay in the Sanitorium sufficiently long to test the effects of treatment will be advised not to remain, and their friends will be expected to arrange their removal.

The charge for board and treatment will be uniform at the rate of four dollars ($4.00) per week. No private patients are received. Payment of board must be assured before applicants will be admitted.

In consideration of the nominal charge made for board and treatment all patients who are physically able are expected to do some work daily under medical supervision.

The classification of applicants is that adopted by the National Association for the Study and Prevention of Tuberculosis, viz.— Class I (Incipient, Favorable)—Class II (Moderately Advanced)—Class III (Far Advanced).

Applicants of the first class are usually admitted at once. Those of the second class are admitted if there are not enough of the first class applying to fill the beds, if in the judgment of the admitting physician the treatment at the Sanatorium will materially benefit them. Those of the third class are not admitted.

Patients admitted here may have their applications sent in by any registered physician of Massachusetts. Physicians can get these application blanks by applying to the Secretary of the Board of Trustees, 3 Joy Street, Boston. All applications are sent to the office of the Trustees, and patients are placed on the waiting list of whichever Sanatorium seems most desirable.

The Sanatorium Station is Muschopauge, on the Central Massachusetts R. R. The Sanatorium carriage meets the train at Muschopauge that leaves Boston (Track 17, North Union Station), at 1.40 P. M. Public carriages meet all trains.

SIMPSON HOSPITAL.

Wellesley College Grounds. 15 beds.
Resident Physician—Katherine P. Raymond, M. D.
Consulting Physician—Edward E. Bancroft, M. D.

SMALLPOX HOSPITAL.

112 Southampton Street, Boston. 35-40 beds. In charge of the Boston Board of Health.

THE SOMERVILLE HOSPITAL.

Organized 1891. Crocker Street, Somerville. Tel. Somerville 128.

Second Vice-President—Lina H. Diemar, M. D.
Secretary—W. A. Ham, M. D.
Assistant Secretary—W. H. Flanders, M. D.
Treasurer—G. D. Bliss, M. D.
Auditor—H. J. Lee, M. D.
Censors—F. W. Halsey, M. D., Lucy B. Hall, M. D., A. G. Howard, M. D.

BOSTON MEDICAL ASSOCIATION.

Organized in 1806. This Society furnishes a table for medical fees.

Secretary—Edwin H. Brigham, M. D.

BOSTON MEDICAL SOCIETY.

Organized 1897. Meets monthly.
President—George McKee, M. D.
First Vice-President—L. A. O. Goddu, M. D.
Second Vice-President—W. H. H. Briggs, M. D.
Secretary—Jos. Prenn, M. D.
Treasurer—N. N. Levins, M. D.
Board of Directors—J. S. Lockhart, M. D., I. J. E. Shapira, M. D., F. J. Kelleher, M. D., F. B. Conway, M. D., H. M. Rothblatt, M. D.

THE BOSTON SOCIETY OF EXAMINING PHYSICIANS AND SURGEONS.

Organized in April, 1907, for the purpose of getting together all physicians and surgeons of Boston and vicinity who regularly make physical examinations for any purpose other than the prescribing of drugs and treatment. The Society meets three times a year and the Annual Meeting occurs in April.

President—Frank E. Allard, M. D.

Vice-Presidents—Edward M. Greene, M. D., Timothy Leary, M. D., Edward B. Lane, M. D.

Secretary—James H. Stevens, M. D.

Treasurer—John S. Phelps, M. D.

Board of Directtors—F. M. Briggs, M. D., J. L. Ames, M. D., F. Hanly, M. D., H. H. Hartung, M. D., F. D. Donoghue, M. D.

BOSTON SOCIETY FOR MEDICAL IMPROVEMENT.

Incorporated 1839. In 1894 the Boston Society for Medical Observation amalgamated with it. Meetings are held on the first Monday of the month. Annual meeting in January.

President—J. G. Mumford, M. D.

Secretary and Treasurer—Robert M. Green, M. D.

BOSTON SOCIETY OF MEDICAL SCIENCES.

Organized 1869. Its object is the promotion of the sciences connected with medicine. Meetings are held on the third Tuesday of each month from November to April.

President—H. C. Ernst, M. D.

Treasurer—F. B. Mallory, M. D.

Secretary—Cleaveland Floyd, M. D.

BOSTON SOCIETY OF PSYCHIATRY AND NEUROLOGY.

Organized 1880. Its object is the discussion of psychological subjects. Meetings are held on the third Thursday of the month from October to May.

President—J. J. Thomas, M. D.

Secretary and Treasurer—F. H. Packard, M. D.

Executive Committee—C. W. Page, M. D., W. E. Fernald, M. D., President and Secretary ex-officio.

BOWDITCH CLUB.

Organized 1898. It is devoted to the study of medicine and allied sciences. The number of active members is limited to 25, but persons other than physicians are also eligible for membership.

BROOKLINE MEDICAL CLUB.

Meets second Wednesday in the month. The annual meeting is in October.

President—G. W. Kaan, M. D.

Vice-President—R. W. Hastings, M. D.

Secretary and Treasurer—H. Hale Powers, M. D.

CAMBRIDGE HOMOEOPATHIC MEDICAL SOCIETY.

Organized 1905.
President—W. Wesselhoeft, M. D.
Secretary—J. A. Rockwell, M. D.

CAMBRIDGE MEDICAL IMPROVEMENT SOCIETY.

Meets on third Monday in the month. Annual meeting in October.

President—A. W. Dudley, M. D.
Secretary and Treasurer—F. McGirr, M. D.

CARNEY HOSPITAL ALUMNI ASSOCIATION.

Annual meeting, third Wednesday in April.
President—W. H. Burke, M. D.
Vice-President—P. F. Butler, M. D.
Secretary—J. J. Hurley, M. D.

CHILDREN'S HOSPITAL ALUMNI CLUB.

Organized 1902. Annual meeting second Thursday in January.

President—F. A. Washburn, M. D.
Vice-President—Herbert J. Hall, M. D.
Executive Committee—Henry I. Bowditch, M. D., J. Young, M. D., Philip H. Sylvester, M. D.

THE CLINICAL CLUB.

Organized 1885. Meetings held on the third Friday of the month from October to May.

Secretary—David N. Blakely, M. D.

COMMITTEE ON MILK AND BABY HYGIENE.

4 Joy Street, Boston. Tel. Haymarket 2139.

Its purpose is to establish Milk Stations in Boston and to encourage breast feeding and the education of mothers in the care of babies.

Vice-Presidents—Richard C. Cabot, M. D., J. M. T. Finney, M. D. (Baltimore), Geo. W. Gay, M. D., T. F. Harrington, M. D., C. F. Hoover, M. D. (Cleveland), H. Lilienthal, M. D. (New York), H. C. Moffit, M. D. (San Francisco), E. H. Stevens, M. D., Major General Leonard Wood, M. D., U. S. A., Alfred Worcester, M. D.

Secretary—David Cheever, M. D.

Treasurer—W. H. Prescott, M. D.

Councillors—J. W. Bartol, M. D., F. B. Lund, M. D., J. M. Peters, M. D.

HUGHES CLUB.

Organized 1878. Meets third Friday in the month.
Secretary—E. P. Colby M. D.

HYDE PARK MEDICAL SOCIETY.

Meets third Monday of every month.
President—Chas. Sturtevant, M. D.
Vice-Presidents—J. H. O'Connor, M. D., C. E. Bryant, M. D.
Secretary—A. L. Grover, M. D.
Treasurer—E. H. Baxter, M. D.

Directors—Charles F. Stack, M. D., A. D. Holmes, M. D., J. H. Connor, M. D.

JUNIOR MEDICAL REVIEW CLUB.

Meetings are held twice a month—first and third Mondays.
Chairman—John B. Hawes. 2d, M. D.

LYNN MEDICAL FRATERNITY.

Organized 1897. Its membership comprises most of the physicians of Lynn and vicinity.
President—W. T. Hopkins, M. D.
Vice-President—Archibald H. Martin, M. D.
Secretary-Treasurer—H. P. Bennett, M. D.
Executive Committee—Drs. Gay, Jones, Beddard, Bicknell, and Parcher.

MALDEN MEDICAL SOCIETY.

Meets on the second Saturday of the month. Annual meeting in September.
President—R. H. Thompson, M. D.
Vice-President—W. W. Lougee, M. D.
Secretary—W. H. McBain, M. D.
Treasurer—W. W. Hartwell, M. D.

MASS. ASSOCIATION OF BOARDS OF HEALTH.

Organized 1890. Its objects are the advancement of sanitary science, the promotion of better organization and co-operation among the local Boards of Health, and the uniform enforcement of sanitary laws and regulations. Any person interested in hygiene may become a member by election at a regular meeting of the Association. Meetings are held quarterly in January, March, July and October. The Association publishes the American Journal of Public Hygiene. The dates of publication are February, May, August and November.

This journal contains the papers read at the meetings of the Association, papers contributed by hygienists, reports of the discussions, editorials, abstracts, reviews and hygienic notes of professional interest.
President—Henry P. Walcott, M. D.
Vice-Presidents—S. H. Durgin, M. D., Charles C. Chapin,
Treasurer—Jas. B. Field, M. D.
Secretary—James C. Coffey, M. D.

MASSACHUSETTS ASSOCIATION OF CITY PHYSICIANS.

Organized 1905. For the purpose of promoting the interchange of ideas and the discussion of such problems as arise in the work of the city physicians throughout the state.

President—Edward P. Gleason M. D.

Vice-President—George L. Black, M. D.

Executive Committee—Henry Hallowell, M. D., Quincy; Frank J. Murphy, M. D., Taunton; Thomas E. Caulfield, M. D., Woburn.

MASS. ECLECTIC MEDICAL SOCIETY.

President—Sylvina A. Abbott, M. D.

Vice-President—William C. Clarke, M. D.

Corresponding Secretary—Fred G. Phillimore, M. D.

Recording Secretary—Pitts Edwin Howes, M. D.

Treasurer—Nathan L. Allen, M. D.

Librarian—Louisa M. Leverone, M. D.

Councillors—Drs. John Perrins, A. Waldo Forbush, Lillian G. Bullock, Augustus L. Chase, and F. W. Abbott.

Annual Meeting, first Thursday and Friday of June.

Semi-Annual Meeting, Tuesday following the last Monday of January.

THE MASSACHUSETTS GENERAL HOSPITAL HOUSE PUPILS ALUMNI ASSOCIATION.

Organized March, 1906.

President—Samuel W. Langmaid, M. D.

Secretary—Joseph B. Howland, M. D.

MASS. HOMEOPATHIC MEDICAL SOCIETY.

Organized 1840. Incorporated 1856.

Any person who has received the degree of doctor of medicine from a legally authorized medical institution, who sustains a good moral character, and is legally qualified to practise in the State where he resides, may become eligible to membership. Application blanks for membership may be obtained of the Secretaries.

Its meetings are held twice a year on the second Wednesday in April, and the second Wednesday in October.

President—Frank W. Patch, M. D., Framingham.

First Vice-President—George E. Percy, M. D., Salem.

Second Vice-President—George D. Bliss, M. D.

Recording Secretary—Edw. S. Calderwood, M. D.
Corresponding Secretary—Benjamin T. Loring, M. D.
Treasurer—Thomas M. Strong, M. D.
Chairman of Board of Censors—George B. Rice, M. D.

MASSACHUSETTS MEDICAL BENEVOLENT SOCIETY.

Organized 1857. Its object is to relieve such members of the medical profession and their families as may require assistance. Annual meeting of the Society is the last Thursday in October.

President—James C. White M. D.
Secretary—W. H. Prescott, M. D.
Treasurer—W. L. Richardson, M. D.

MASSACHUSETTS MEDICAL SOCIETY.

Organized 1782. It was organized by the better educated physicians to establish a standard of medical education.

Candidates for membership must be twenty-one years of age, of good moral character, and they must have received a diploma from a recognized medical school. The candidate must pass an examination satisfactory to the Board of Censors of the district in which they reside. Examinations are held on the second Thursday of May and October of each year.

The society has affiliated with it eighteen district societies, the district corresponding approximately to the counties of the State. These districts societies meet sometime between the 15th of April and the 15th of May.

The annual meeting of the Society itself is held in Boston on the second Wednesday of June.

President—George B. Shattuck, M. D.
Vice-President—Ernest M. Jack, M. D.
Secretary—Walter L. Burrage, M. D.
Treasurer—Edward M. Buckingham, M. D.
Librarian—Edward H. Brigham, M. D.

This Directory contains only the following county societies:
Essex District Medical Society.
Middlesex East District Medical Society.
Middlesex South District Medical Society.
Norfolk District Medical Society.
Norfolk South District Medical Society.
Suffolk District Medical Society.
See information about them under the different headings.

MASSACHUSETTS MEDICO-LEGAL SOCIETY.

Organized 1877. Its purpose shall be to elevate the official character of the medical examiner and to assist him in the discharge of his duties; to collect and utilize such facts as have a medico-legal value; and to excite a general interest in the subject of forensic medicine and to promote its successful cultivation.

Fellows of the Massachusetts Medical Society and members of the Massachusetts bar are eligible to become regular members, but at least two-thirds of the regular members of the Association must hold commission as medical examiners of the state. Associate membership may be conferred upon those persons distinguished in medical, legal or technical science.

The annual meeting is held in Sprague Hall, Boston Medical Library, on the same day as the meeting of the Councillors of the Massachusetts Medical Society.

President—Geo. P. Twitchell, M. D.
Vice-President—George Burgess Magrath, M. D.
Recording Secretary—O. H. Howe, M. D., Cohasset.
Corresponding Secretary—F. H. Thompson, M. D., Fitchburg.
Treasurer—A. E. Paine, M. D., Brockton.

MASSACHUSETTS SURGICAL AND GYNAECOLOGICAL SOCIETY.

Any regular graduate physician of good moral character, who is legally qualified to practise medicine in the state in which he resides, may be eligible to membership. Meetings on the second Wednesday of June and December.

President—James P. Stedman, M. D.
Vice-Presidents—Herbert D. Boyd, M. D., Wesley T. Lee, M.D.
General Secretary—Harry J. Lee, M. D.
Associate Secretary—Mary A. Leavitt, M. D.
Treasurer—Isabel G. Weston, M. D.
Auditor—Herbert C. Clapp, M. D.
Censors—Jane S. Devereaux, M. D., Benjamin T. Loring, M. D., George E. May, M. D.

MEDFORD MEDICAL SOCIETY.

Organized 1905. Meets every fourth Tuesday of the month.
President—F. R. Dame, M. D.
Vice-President—G. H. Packard, M. D.
Secretary—T. E. Campbell, M. D.

MIDDLESEX EAST DISTRICT MEDICAL SOCIETY.

President—Ernest D. Richmond, M. D.
Vice-President—Daniel C. Dennett, M. D.
Secretary—F. Robertson Sims, M. D.
Treasurer—Charles Dutton, M. D.

Councillors—Philip Hammond, M. D. (Nom. Councillor), Robert T. Edes, M. D., Albert E. Small, M. D., Julius S. Clark, M. D.

Censors—Albert E. Small, M. D. (Supervisor), Josiah P. Bixby, M. D., George W. Nickerson, M. D., Roscoe D. Perley, M. D., Harold A. Gale, M. D.

Commissioner of Trials—Ernest S. Jack, M. D.
Auditor—Harrison G. Blake, M. D.
Librarian—Albert W. Newhall, M. D.

MIDDLESEX SOUTH DISTRICT MEDICAL SOCIETY.

President, Frederick W. Taylor, M. D., Cambridge.
Vice-President—David E. Baker, M. D., Newtonville.
Secretary—Walter L. Bond, M. D., Somerville.
Treasurer—Walter Ela, M. D., Cambridge.
Librarian—Julia Tolman, M. D., Arlington.
Commissioner of Trials—F. M. Sherman, M. D., Newton.

Member of Nominating Committee of Massachusetts Medical Society—L. M. Palmer, M. D., South Framingham.

Alternate—F. W. Rice, M. D., Brighton.

Censors—Ernest D. Pillsbury, M. D., Somerville (Supervisor), Beorge P. Cogswell, M. D., Mambridge; J. W. Lawrence, M. D., Malden; Allen Greenwood, M. D., Waltham; H. T. Baldwin, M. D., Chestnut Hill.

Orator—E. A. Darling, M. D., Cambridge.

Councillors—James Dow, M. D., A. W. Dudley, M. D., E. H. Stevens, M. D., F. W. Taylor, M. D., H. P. Walcott, M. D., S. R. Lancaster, M. D., E. M. Plummer, M. D., C. E. Prior, M. D., Godfrey Ryder, M. D., M. A. Morris, M. D., H. S. Trueman, M. D., N. F. Chandler, M. D., E. D. Pillsbury, M. D., E. P. Stickney, M. D., A. Worcester, M. D., G. O. Tilton, M. D., G. W. Gay, M. D., F. W. Rice, M. D., G. L. West, M. D., G. A. Bancroft, M. D., L. M. Palmer, M. D., W S. Richardson, M. D.

NEEDHAM MEDICAL SOCIETY.

Organized January, 1911. Meetings are held monthly.
President—A. D. Kingsbury, M. D.
Secretary—J. W. Schirmer, M. D.

THE NEIGHBORHOOD MEDICAL CLUB.

Organized in 1897. Meetings are held third Thursday in the month, from October to May, inclusive.

Chairman—A. G. Howard, M. D.

Secretary—Wilson W. Phillips, M. D.

NEW ENGLAND ALUMNI ASSOCIATION OF THE NEW YORK CITY MEDICAL COLLEGES.

Second Vice-President—Laura A. C. Hughes, M. D., Boston.

Secretary—Isabelle D. Kerr, M. D., 2 Commonwealth Ave., Boston.

Treasurer—Evangeline Wilson Young, M. D., Boston.

NATIONAL MEDICAL SOCIETIES.

THE AMERICAN ACADEMY OF MEDICINE.

Organized 1876. Its object is to associate college bred physicians; to encourage the acquisition of a liberal training before entering upon the studies of medicine, to be evidenced by earning an academic degree; to study social problems relating to the physician.

The applicant for fellowship must possess: The degree of A. B., or its equivalent, or submit evidence to the Council of a preliminary training fairly equivalent to the course leading to the first degree; the degree of Doctor of Medicine; the recommendation of a fellow of the Academy. If the applicant has secured his education in some other country he must submit evidence of having pursued a scholastic course equivalent to our college course.

Annual meeting at Los Angeles, Cal., June 24-26, 1911.
President—Chas. S. Sheldon, M. D., Madison, Wis.
Secretary—Charles McIntire, M. D., Easton, Pa.

THE AMERICAN ACADEMY OF OPHTHALMOLOGY AND OTO-LARYNGOLOGY.

Annual meeting at (not yet decided), 1911.
President—Wendell Reber, M. D., Philadelphia, Pa.
Secretary—George F. Suker, M. D., Chicago, Ill.

AMERICAN ASSOCIATION OF GENITO-URINARY SURGEONS.

Annual meeting at New York, N. Y., June, 1911.
President—C. L. Gibson, M. D., New York, N. Y.
Secretary—E. L. Keyes, Jr., M. D., 109 East 34th St., New York, N. Y.

AMERICAN ASSOCIATION OF OBSTETRICIANS AND GYNECOLOGISTS.

Annual meeting at Louisville, Ky., Sept. 26, 27 and 28, 1911.
President—Herman E. Hayd, M. D., 493 Delaware Ave., Buffalo, N. Y.
Secretary—William Warren Potter, M. D., 238 Delaware Ave., Buffalo, N. Y.

AMERICAN ASSOCIATION OF RAILWAY SURGEONS.

Annual Meeting at Chicago, Oct. 18, 19, 20, 1911.
President—A. R. Mitchell, M. D., Lincoln, Neb.
Secretary—Louis J. Mitchell, M. D., 67 Wabash Ave., Chicago, Ill.

AMERICAN CLIMATOLOGICAL ASSOCIATION.

Annual meeting at Montreal, Canada, June, 1911.

President—John Winters Brannan, M. D., 11 West 12th St., New York, N. Y.

Secretary—Guy Hinsdale, M. D., Hot Springs, Va.

AMERICAN DERMATOLOGICAL ASSOCIATION.

Annual meeting at Boston, Mass., June, 1911.

President—D. W. Montgomery, M. D., San Francisco, Cal.

Secretary—James MacF. Winfield, M. D., 47 Halsey St., Brooklyn, N. Y.

AMERICAN ELECTRO-THERAPEUTIC ASSOCIATION.

Annual meeting at Philadelphia, Pa., Sept. 5-6-7, 1911.

President—Frederick de Kraft, M. D., 148 West 70th St., New York, N. Y.

Secretary—J. Willard Travell, M. D., 27 East 11th St., New York, N. Y.

AMERICAN GASTRO-ENTEROLOGICAL ASSOCIATION.

Annual meeting at Philadelphia, Pa., April 19 and 20, 1911.

President—Water B. Cannon, M. D., 688 Boylston St., Boston.

Secretary—Charles D. Aaron, M. D., 82 W. Adams Ave., Detroit, Mich.

AMERICAN GYNAECOLOGICAL SOCIETY.

Annual meeting at Atlantic City, N. J., May 23, 24, 25, 1911.

President—Reuben Peterson, M. D., Ann Arbor, Mich.

Secretary—LeRoy Broun, M. D., 148 West 77th St., New York.

AMERICAN INSTITUTE OF HOMEOPATHY.

President—Gaius J. Jones, M. D., Cleveland, O.

First Vice-President—Walter E. Nichols, M. D., Pasadena, Cal

Second Vice-President—Margaret Hassler Schantz, M. D., Reading, Pa.

Secretary—J. Richey Horner, M. D., Cleveland, O.

Treasurer—Thos. Franklin Smith, M. D., New York City.

Registrar—William O. Forbes, M. D., Hot Springs, Ark.

Honorary President—(Elected by the Senate of Seniors), Orlando S. Wood, M. D., Omaha, Neb.

AMERICAN LARYNGOLOGICAL ASSOCIATION.

Annual meeting at Philadelphia, Pa., May 29-30-31, 1911.

President—D. Bradenkyle, M. D., 1517 Walnut St., Philadelphia, Pa.

Secretary—James E. Newcomb, M. D., 118 West 69th St., New York, N. Y.

THE AMERICAN LARYNGOLOGICAL, RHINOLOGICAL, AND OTOLOGICAL SOCIETY.

Annual meeting at (date not yet decided), 1911.

President—Chevalier Jackson, M. D., Westinghouse Bldg., Pittsburg, Pa.

Secretary—Thos. J. Harris, M. D., 117 E. 40th St., New York, N. Y.

AMERICAN MEDICAL ASSOCIATION.

Organized 1847. The object of this Association is to promote the science and art of Medicine. Contributing to this end, the association endeavors to unite into one compact organization the medical profession of the United States for the purpose of fostering the growth and the diffusion of medical knowledge, of promoting friendly intercourse among American physicians, of safeguarding the material interests of the medical profession, of elevating the standard of medical education, of securing the enactment and enforcement of just medical laws, of enlightening and directing public opinion in regard to the broad problems of hygiene and of representing to the world the practical accomplishments of scientific medicine.

The membership of this Association is open to members of the constituent associations and medical officers of the Army, of the Navy and of the U. S. Public Health and Marine-Hospital Service.

Those State and Territorial Medical Associations which have become organized in accordance with the general plan of organization of the American Medical Association and which have declared by resolution their allegiance to the said American Medical Association, and which agree with other State and Territorial Medical Associations to the formation and perpetuation of the House of Delegates of the American Medical Association, are recognized as Constituent Associations.

The business body is known as the House of Delegates of the American Medical Association. It consists of delegates elected by the Constituent Associations, by the scientific sections of the American Medical Association from the medical departments of the Army, and of the Navy, and from the United States Public Health and Marine-Hospital Service. It represents the delegated powers of the members of the American Medical Association, and is the national representative body of the Constituent Associations. It elects the general officers of the Association and a board of nine trustees, and transacts all the general business of the Association of a public, professional, scientific or other nature.

The total voting membership of the House of Delegates does not exceed 150.

The next annual meeting will be held at St. Louis Mo., June 7-10, 1910.

Next annual session, Los Angeles, Cal., June 27-30, 1911.

President—William H. Welch, Baltimore.

President-Elect—John B. Murphy, Chicago.

First Vice-President—Edward E. Montgomery, Philadelphia.

Second Vice-President—Robert C. Coffey, Portland, Ore.

Third Vice-President—William G. Moore, St. Louis.

Fourth Vice-President—Henry L. E. Johnson, Washington, D. C.

Secretary—George H. Simmons, 535 Dearborn Ave., Chicago.

Treasurer—Frank Billings, Chicago.

Board of Trustees—Wisner R. Townsend, New York City, Secretary, 1911; Philip Mills Jones, San Francisco, 1911; W. T. Sarles, Sparta, Wis., 1911; M. L. Harris, Chicago, Chairman, 1912; C. A. Daugherty, South Bend, Ind., 1912; W. T. Councilman, Boston, 1912; W. W. Grant, Denver, Vice-Chairman, 1913; Frank J. Lutz, St. Louis, 1913; C. E. Cantrell, Greenville, Tex., 1913.

Judicial Council—John H. J. Upham, 186 E. State St., Columbus, O., Chairman; Lawrence M. Shaw, Osceola, Neb.; Louis A. Hahn, Guthrie, Okla.; Charles S. Huffman, Columbus, Kans.; George K. Angle, Silver City, N. Mex.

Director of Scientific Exhibit—Frank B. Wynn, 311 Newton-Claypool Bldg., Indianapolis.

AMERICAN MEDICAL EDITORS' ASSOCIATION.

Annual meeting at Los Angeles, Cal., June, 1911.

President—J. MacDonald, Jr., M. D., 92 William St., New York City.

Secretary—J. J. Taylor, M. D., Philadelphia, Pa.

AMERICAN MEDICO-PSYCHOLOGICAL ASSOCIATION.

Annual meeting at Denver, Col., June, 1911.

Charles W. Pilgrim, M. D., Poughkeepsie, N. Y.

Secretary—Charles G. Wagner, M. D., Binghamton, N. Y.

AMERICAN NEUROLOGICAL ASSOCIATION.

Annual meeting at (not yet decided), 1911.

President—H. M. Thomas, M. D., Baltimore, Md.

Secretary—Alfred R. Allen, M. D., 111 So. 21st St., Philadelphia, Pa.

AMERICAN OPHTHALMOLOGICAL SOCIETY.

Annual meeting at New London, Conn., July 11 and 12, 1911.

President—E. Gruening, M. D., New York, N. Y.

Secretary—William M. Sweet, M. D., Philadelphia, Pa.

AMERICAN ORTHOPEDIC ASSOCIATION.

President—Albert H. Freiberg, M. D., Cincinnati.

Vice-Presidents—Aurelius R. Shands, M. D., Washington, D. C.; Robert B. Osgood, M. D.

Treasurer—Gwilym G. Davis, M. D., Philadelphia.

Secretary—Ralph R. Fitch, M. D., Rochester, N. Y.

AMERICAN OTOLOGICAL SOCIETY.

Annual meeting at Atlantic City, N. J., June 26, 27, 1911.
President—Edward B. Dench, M. D., New York, N. Y.
Secretary—James F. McKernon, M. D., New York, N. Y.

AMERICAN PEDIATRIC SOCIETY..

Annual meeting at Lake Mohonk, N. Y., May 30 and 31, June 1, 1911.
President—Henry D. Chapin, M. D., New York, N. Y.
Secretary—Samuel S. Adams, Washington, D. C.

AMERICAN PROCTOLOGIC SOCIETY.

Annual meeting at Los Angeles, Cal., June, 1911.
President—George J. Cook, M. D., 224 N. Meriden St., Indianapolis, Ind.
Secretary—Lewis H. Adler, Jr., 1610 Arch St., Philadelphia, Pa.

AMERICAN PUBLIC HEALTH ASSOCIATION.

Annual meeting at (not yet decided), 1911.
President—Chas. O. Probst, M. D., Columbus, Ohio.
Secretary—Wm. C. Woodward, M. D., Washington, D. C.

THE AMERICAN ROENTGEN-RAY SOCIETY.

Annual meeting at Richmond, Va., October, 1911.
President—Percy Brown, M. D., 155 Newbury St., Boston, Mass.
Secretary—Frederick H. Baetjer, M. D., 4 E. Madison St., Baltimore, Md.

AMERICAN SURGICAL ASSOCIATION.

Annual meeting at Denver, Col. (Date not yet decided), 1911.
President—Richard H. Harte, M. D., 1503 Spruce St., Philadelphia, Pa.
Secretary—Robert G. LeConte, M. D., 1530 Locust St., Philadelphia, Pa.

AMERICAN THERAPEUTIC SOCIETY.

Annual meeting at Boston, Mass., May 11, 12, 13, 1911.
President—Harvey W. Wiley, M. D., Washington, D. C.
Secretary—Noble P. Barnes, M. D., 212 Maryland Ave., N. E., Washington, D. C.

AMERICAN UROLOGICAL ASSOCIATION.

Annual meeting at Los Angeles, Cal., June, 1911.

President—Hugh Cabot, M. D., 87 Marlborough St., Boston, Mass.

Secretary—H. A. Fowler, M. D., The Cumberland, Washington, D. C.

ASSOCIATION OF AMERICAN MEDICAL COLLEGES.

Annual meeting at Chicago, February 27-29, 1911.

President—J. A. Witherspoon, M. D., Nashville, Tenn.

Secretary—Fred G. Zapffe, M. D., 3431 Lexington St., Chicago, Ill.

ASSOCIATION OF AMERICAN PHYSICIANS.

Annual meeting at Atlantic City, N. J., June 6, 1911.

President—F. Forchheimer, M. D., Cincinnati, Ohio.

Secretary—Geo. M. Kober, M. D., Washington, D. C.

THE ASSOCIATION OF MILITARY SURGEONS OF THE UNITED STATES.

Annual meeting at Milwaukee, Wis., (date not yet decided), 1911.

President—Brig.-Gen'l G. H. Torney, Washington, D. C.

Secretary—Major Charles Lynch, Union Trust Bldg., Washington, D. C.

CONGRESS OF AMERICAN PHYSICIANS AND SURGEONS.

Next meeting at Washington, D. C., 1913.

President—Reginald H. Fitz, M. D., Boston, Mass.

Secretary—W. H. Carmalt, M. D., New Haven, Conn.

INTERNATIONAL HAHNEMANNIAN ASSOCIATION.

Organized 1880.

President—Maurice Worcester Turner, M. D., Brookline, Mass.

Secretary—J. B. S. King, M. D., Chicago, Ill.

Next annual meeting at Asbury Park, New Jersey, early in June, 1911.

MEDICAL ASSOCIATION OF THE SOUTHWEST.

Annual meeting at Oklahoma City, Okla., Oct. 1911.

President—M. L. Perry, M. D., Parsons, Kans.

Secretary—Fred H. Clark, M. D., El Reno, Okla.

MEDICAL SOCIETY OF THE MISSOURI VALLEY.

Semi-annual meeting at St. Joseph, Mo., March 16-17, 1911.
President—Donald Macrea, M. D., Council Bluffs, Iowa.
Secretary—Chas. Wood Fassett, M. D., St. Joseph, Mo.

MISSISSIPPI VALLEY MEDICAL ASSOCIATION.

Annual meeting at Nashville, Tenn., Oct. 17-18-19, 1911.
President—Robert H. Babcock, M. D., Chicago, Ill.
Secretary—Henry E. Tuley, M. D., Louisville, Ky.

THE NATIONAL ASSOCIATION FOR THE STUDY OF EPILEPSY AND THE CARE AND TREATMENT OF EPILEPTICS.

Annual meeting at (not yet decided) 1911.
President—M. L. Perry, M. D., Parsons, Kans.
Secretary—J. F. Munson, M. D., Sonyea, N. Y.

SOUTHERN MEDICAL ASSOCIATION.

Annual meeting at Hattiesburg, Miss. (date not yet decided), 1911.
President—Isadore Dyer, M. D., New Orleans, La.
Secretary—Seale Harris, M. D., Mobile, Ala.

SOUTHERN SURGICAL AND GYNECOLOGICAL ASSOCIATION.

Annual meeting at Washington, D. C., Dec. 19-2, 1911.
President—Rudolph Matas, New Orleans, La.
Secretary—W. D. Haggard, M. D., Nashville, Tenn.

THE WESTERN SURGICAL AND GYNECOLOGICAL ASSOCIATION.

Annual meeting at Kansas City, Mo., Dec. 18-19, 1911.
President—Amos W. Abbott, M. D., Minneapolis, Minn.
Secretary—Arthur T. Mann, M. D., Minneapolis, Minn.

CANADIAN MEDICAL SOCIETY.

Annual meeting at Montreal, P. Q. (date not yet decided), 1911.
President—Geo. E. Armstrong, M. D., Montreal, P. Q.
Secretary—E. W. Archibald, M. D., 190 Peel St., Montreal, P. Q.

STATE MEDICAL SOCIETIES.

MEDICAL ASSOCIATION OF THE STATE OF ALABAMA.

President—Wyatt H. Blake, M. D., Sheffield, Ala.
Secretary—J. N. Baker, M. D., 602 So. Perry St., Montgomery, Ala.

ARIZONA MEDICAL ASSOCIATION.

President—John W. Foss, M. D., Phoenix, Ariz.
Secretary—John W. Flinn, M. D., Prescott, Ariz.

ARKANSAS MEDICAL SOCIETY.

President—R. C. Dorr, M. D., Batesville, Ark.
Secretary—Morgan Smith, M. D., Little Rock, Ark.

MEDICAL SOCIETY OF THE STATE OF CALIFORNIA.

President—John C. King, Banning, Cal.
Secretary—Philip Mills Jones, M. D., Butler Bldg., San Francisco, Cal.

COLORADO STATE MEDICAL SOCIETY.

Annual meeting at Steamboat Springs, Colo., Sept., 1911.
President—Wm. H. Swan, M. D., Colorado Springs, Colo.
Secretary—Melville Black, M. D., 16th and Broadway, Denver, Colo.

CONNECTICUT HOMOEOPATHIC MEDICAL SOCIETY.

Organized 1851.
President—H. A. Cameron, M. D., Waterbury.
Secretary—W. W. Christian, M. D., Berlin.
Next meeting (annual), Tuesday, April 25, 1911, at Hotel Garde, New Haven.

CONNECTICUT STATE MEDICAL SOCIETY.

President—Frank K. Hallock, M. D., Cromwell, Conn.
Secretary—Walter R. Steiner, M. D., 4 Trinity St., Hartford, Conn.

MEDICAL ASSOCIATION, DISTRICT OF COLUMBIA.

President—Noble P. Barnes, M. D., 212 Maryland Ave., N. E., Washington, D. C.
Secretary—L. H. Richelderfer, M. D., 1721 Connecticut Ave., Washington, D. C.

DELAWARE STATE MEDICAL SOCIETY.

Annual meeting at Lewes, Del., October 10, 1911.
President—G. Frank Jones, M. D., Georgetown, Del.
Secretary—G. W. K. Forrest, M. D., Wilmington, Del.

FLORIDA MEDICAL ASSOCIATION.

President—James D. Love, M. D., Jacksonville, Fla.
Secretary—J. D. Fernandez, M. D., Jacksonville, Fla.

GEORGIA STATE MEDICAL ASSOCIATION.

President—E. C. Davis, M. D., Atlanta, Ga.
Secretary—W. C. Lyle, M. D., Augusta, Ga.

HAWAIIAN TERRITORIAL MEDICAL SOCIETY.

Annual meeting at Honolulu, T. H., November, 1911.
President—G. StD. Walters, M. D., Honolulu, T. H.
Secretary—V. E. Collins, M. D., Honolulu, T. H.

IDAHO STATE MEDICAL SOCIETY.

Annual meeting at Boise, Idaho, October, 1911.
President—John W. Givens, M. D., Orofino, Idaho.
Secretary—Ed. E. Maxey, M. D., Boise, Idaho.

ILLINOIS STATE MEDICAL SOCIETY.

President—A. C. Cotton, M. D., 3218 Jackson Blvd., Chicago, Ill.
Secretary—Edmund W. Weis, M. D., Ottawa, Ill.

INDIANA STATE MEDICAL ASSOCIATION.

Annual meeting at Indianapolis, Ind., Sept. 28-29, 1911.
President—F. C. Heath, M. D., Indianapolis, Ind.
Secretary—C. N. Combs, M. D., Terre Haute, Ind.

IOWA STATE MEDICAL SOCIETY.

President—M. N. Voldeng, M. D., Cherokee, Ia.
Secretary—V. L. Treynor, M. D., Council Bluffs, Ia.

KANSAS MEDICAL SOCIETY.

President—O. P. Davis, M. D., Topeka, Kan.
Secretary—Chas. S. Huffman, M. D., Columbus, Kan.

KENTUCKY STATE MEDICAL ASSOCIATION.

Annual meeting at Paducah, Ky., Oct., 1911.
President—Jas. G. Carpenter, M. D., Stanford, Ky.
Secretary—A. T. McCormack, M. D., Bowling Green, Ky.

LOUISIANA STATE MEDICAL SOCIETY.

President—E. J. Graner, M. D., 1633 First St., New Orleans.
Secretary—Joseph D. Martin, M. D., 141 Elk Place, New Orleans, La.

MAINE HOMOEOPATHIC MEDICAL SOCIETY.

Organized 1866.
President—John T. Palmer, M. D., Portland.
Secretary—L. A. Brown, M. D., Portland.
Next annual meeting, second Tuesday in June, 1911.

MAINE MEDICAL ASSOCIATION.

Annual meeting at Augusta, Me., June 28 and 29, 1911.
President—E. H. Bennett, M. D., Lubec, Me.
Secretary—W. Bean Moulton, M. D., 622 Congress St., Portland, Me.

MEDICAL AND CHIRURGICAL FACULTY OF MARYLAND.

President—F. B. Smith, M. D., Frederick, Md.
Secretary—John Rurah, M. D., 839 N. Eutaw St., Baltimore Md.

THE MICHIGAN STATE MEDICAL SOCIETY.

Annual meeting at Detroit, Mich., Sept. 1911.
President—C. B. Burr, M. D., Flint, Mich.
Secretary—Wilfred Haughey, M. D., Battle Creek, Mich.

MINNESOTA STATE MEDICAL ASSOCIATION.

Annual meeting at St. Paul, Oct. 5-6, 1911.
President—J. W. Roberston, M. D., Litchfield, Minn.
Secretary—Thos. McDavitt, M. D., St. Paul, Minn.

MISSISSIPPI STATE MEDICAL ASSOCIATION.

President—J. W. Young, M. D., Grenada, Miss.
Secretary—E. F. Howard, M. D., Vicksburg, Miss.

MISSOURI STATE MEDICAL ASSOCIATION.

President—Herman E. Pearse, M. D., Commerce Bldg., Kansas City, Mo.
Secretary—E. J. Goodwin, M. D., Metropolitan Bldg., St. Louis, Mo.

MONTANA STATE MEDICAL ASSOCIATION.

President—W. F. Cogswell, M. D., Livingston, Mont.
Secretary—A. D. Kistler, M. D., Butte, Mont.

NEBRASKA STATE MEDICAL ASSOCIATION.

President—J. P. Lord, M. D., Omaha, Neb.
Secretary—A. D. Wilkinson, M. D., Lincoln, Neb.

NEW HAMPSHIRE HOMOEOPATHIC MEDICAL SOCIETY.

Organized 1852.
President—W. E. C. Nobles, M. D., Littleton.
Secretary—Chas. A. Sturtevant, M. D., Manchester.
Meetings in June, annually.

NEW HAMPSHIRE MEDICAL SOCIETY.

President—Alonzo S. Wallace, M. D., Nashua, N. H.
Secretary—D. E. Sullivan, M. D., Concord, N. H.

MEDICAL SOCIETY OF NEW JERSEY.

Annual meeting at Asbury Park, N. J., June 27, 28 and 29, 1911.
President—Thomas MacKenzie, M. D., Trenton, N. J.
Secretary—William J. Chandler, M. D., South Orange, N. J.

NEW MEXICO MEDICAL SOCIETY.

President—F. B. Fest, M. D., E. Las Vegas, N. M.
Secretary—R. E. McBride, M. D., Las Cruces, N. M.

MEDICAL SOCIETY OF THE STATE OF NEW YORK.

President—Charles Stover, M. D., Amsterdam, N. Y.
Secretary—Wisner R. Townsend, M. D., 17 West 43d St., New York City.

THE MEDICAL SOCIETY OF THE STATE OF NORTH CAROLINA.

Annual meeting at Charlotte, N. C., June 20, 1911.
President—C. M. Poole, M. D., Salisbury, N. C.
Secretary—D. A. Stanton, M. D., High Point, N. C.

NORTH DAKOTA MEDICAL ASSOCIATION.

President—H. H. Healy, M. D,, Grand Forks, N. D.
Secretary—H. J. Rowe, M. D., Casselton, N. D.

OHIO STATE MEDICAL ASSOCIATION.

President—R. E. Skeel, M. D., Cleveland, Ohio.
Secretary—J. H. J. Upham, M. D., Columbus, Ohio.

OKLAHOMA STATE MEDICAL ASSOCIATION.

President—David A. Myers, M. D., Lawton, Okla.
Secretary—C. A. Thompson, M. D., Muskogee, Okla.

OREGON STATE MEDICAL ASSOCIATION.

Annual meeting at Portland, Ore., June, 1911.
President—F. W. Van Dyke, M. D., Grant' Pass, Ore.
Secretary—C. S. White, M. D., Depew Bldg., Portland, Ore.

THE MEDICAL SOCIETY OF THE STATE OF PENNSYLVANIA.

Annual meeting at Harrisburg, Pa., Sept. 25-28, 1911.
President—John B. Donaldson, M. D., Canonsburg, Pa.
Secretary—Cyrus Lee Stevens, M. D., Athens, Pa.

RHODE ISLAND HOMOEOPATHIC SOCIETY.

Organized 1850.

President—Arthur H. Wood, M. D., 475 Elmwood Ave., Providence.

Vice-President—Robert S. Phillips, M. D., 194 Angell St., Providence.

Treasurer—Wm. N. Muncy, M. D., 23 Waterman St., Providence.

Secretary—Ralph W. Hayman, M. D., 672 Broad St., Providence.

Quarterly meetings, second Friday of January (annual), April, July, October.

RHODE ISLAND MEDICAL SOCIETY.

President—Augustine A. Mann, M. D., Central Falls, R. I.

Secretary—Stephen A. Welch, M. D., 253 Washington St., Providence, R. I.

SOUTH CAROLINA MEDICAL ASSOCIATION.

President—James H. McIntosh, M. D., Columbia, S. C.

Secretary—Edgar A. Hines, M. D., Seneca, S. C.

SOUTH DAKOTA STATE MEDICAL ASSOCIATION.

Annual meeting at Pierre, S. D., June, 1911.

President—H. M. Finnerud, M. D., Watertown, S. D.

Secretary—R. D. Alway, M. D., Aberdeen, S. D.

TENNESSEE STATE MEDICAL ASSOCIATION.

Annual meeting at Nashville, Tenn., June 11, 1911.

President—J. A. Witherspoon, M. D., Nashville, Tenn.

Secretary—Geo. H. Price, M. D., 146 Eighth Ave., Nashville, Tenn.

STATE MEDICAL ASSOCIATION OF TEXAS.

President—Jno. T. Moore, M. D., Houston, Texas.

Secretary—Holmes Taylor, M. D., Fort Worth, Texas.

UTAH STATE MEDICAL ASSOCIATION.

Annual meeting at Salt Lake City, Utah, October, 1911.

President—Fred W. Taylor, M. D., Provo, Utah.

Secretary—W. Brown Ewing, M. D., Salt Lake City, Utah.

VERMONT HOMOEOPATHIC MEDICAL SOCIETY.

Organized 1854.
President—F. Hamilton, M. D., Brattleboro.
Secretary—George I. Forbes, M. D., Burlington.
Meetings annually second Wednesday in May; semi-annual, October.

VERMONT STATE MEDICAL SOCIETY.

Annual meeting at Burlington, Vt., Oct. 12-13, 1911.
President—H. C. Tinkham, M. D., Burlington, Vt.
Secretary—C. H. Beecher, M. D., Burlington, Vt.

MEDICAL SOCIETY OF VIRGINIA.

Annual meeting at Richmond, Va., Oct. 24-27, 1911.
President—O. C. Wright, M. D., Jarratt, Va.
Secretary—P. A. Irving, M. D., Farmville, Va.

WASHINGTON STATE MEDICAL SOCIETY.

Annual meeting at Spokane, Wash., July, 1911.
President—Wilson Johnson, M. D., Traders Bldg., Spokane Wash.
Secretary—C. H. Thomson, M. D., Walker Bldg., Seattle, Wash.

THE WEST VIRGINIA STATE MEDICAL ASSOCIATION.

Annual meeting at White Sulphur Springs, W. Va., 1911.
President—C. A. Wingerter, M. D., Wheeling, W. Va.
Secretary—A. P. Butt, M. D., Davis, W. Va.

STATE MEDICAL SOCIETY OF WISCONSIN.

Annual meeting at Waukesha, Wis., June 22-24, 1911.
President—Byron M. Capes, M. D., Waukesha, Wis.
Secretary—Charles S. Sheldon, M. D., Madison, Wis.

WYOMING STATE MEDICAL SOCIETY.

Annual meeting at Thermopolis, Wyo., Sept. 1911.
President—A. G. Hamilton, M. D., Thermopolis, Wyo
Secretary—W. H. Foberts, M. D., Sheridan, Wyo.

FOREIGN NATIONAL SOCIETIES.

BRITISH MEDICAL ASSOCIATION.

President—H. T. Butlin, LL. D., P. R. C. S., London, Eng.
Secretary—Guy Elliston, 429 Strand, London, Eng.
Annual Meeting at Birmingham, England, July 25-29, 1911.

GERMAN CONGRESS FOR INTERNAL MEDICINE.

President—Prof. Dr. von Krehl, Heidelberg, Germany.
Secretary—Emil Pfeiffer, M. D., Parkstrasse, 13, Wiesbaden, Germany.

GERMAN SURGICAL CONGRESS.

President—Prof. Dr. Bier, Berlin, Germany.
Secretary—Prof. Dr. W. Korte, Berlin, Germany.

THE MARITIME MEDICAL ASSOCIATION.

Annual meeting at St. John, N. B., July, 1910.
President—W. A. Ferguson, M. D., Moncton, N. B.
Secretary—George G. Melvin, M. D., 171 Princess St., St. John, N. B.

NEW BRUNSWICK MEDICAL SOCIETY.

Annual meeting at St. John, N. B., July 18-19, 1911.
President—A. G. Emery, M. D., St. John, N. B.
Secretary—J. S. Bentley, M. D., St. John, N. B.

ONTARIO MEDICAL ASSOCIATION.

President—H. R. Casgrain, M. D., Windsor, Ont.
Secretary—F. Arnold Clarkson, M. D., 471 College St., Toronto, Ont.

MISCELLANEOUS INFORMATION.

THE HOSPITAL MUSIC FUND.

52 West Cedar Street, Boston. John Dixwell, M. D., Director and Treasurer. Gives concerts during the seven winter months in all the charitable homes and hospitals of Greater Boston, exclusive of penal institutions. A distinctly therapeutic effect is aimed at, and the music selected is especially adapted to that purpose. Only professional performers are employed. There are no salaried officers. Supported by annual subscriptions. Any further information supplied by the director or by Helen G. Powers, Secretary, 8 Louisburg Square, Boston.

INSTITUTION FOR PHYSICAL THERAPEUTICS.

Incorporated 1908. Farragut Building, 126 Massachusetts Ave., Boston, Mass.

Directors—J. J. Putnam, M. D., Persident; J. H. Pratt, M. D., Treasurer; H. D. Arnold, M. D., H. C. Baldwin, M. D., W. N. Bullard, M. D., A. T. Cabot, M. D., H. A. Christian, M. D., E. G. Cutler, M. D., R. W. Emmons, H. Gage, M. D., R. W. Lovett, M. D., F. B. Percy, M. D., C. P. Putnam, M. D., M. H. Richardson, M. D., W. L. Richarsdon, M. D., F. C. Shattuck, M. D., E. W. Taylor, M. D., H. F. Vickery, M. D., G. H. Washburn, M. D.

INSTRUCTIVE DISTRICT NURSING ASSOCIATION.

561 Massachusetts Ave., Boston. Established 1886. Incorporated 1888.

Responds to the call of any physician who requires a nurse for a poor patient.

President—Mrs. Katherine B. Codman.

Vice-Presidents—Mrs. Helen Mumford, Miss Emily G. Denny.

Secretary—Miss Gertrude W. Peabody.

Managers—Miss Fannie Bartlett, Miss Mary E. Batchelder, Miss Ellen Bullard, Miss Georgina S. Carey, Mrs. Isabella W. Clark, Miss Ely P. Condner, Mrs. Cornelia P. Donald, Mrs. Sally Ehrlich, Mrs. Elizabeth H. Fitz, Miss Ellen Hale, Miss Mary L. Hall, Mrs. Margaret L. Hayes, Miss Mary Minot, Mrs. Ely O. Monks, Mrs. Marion O. Motley, Mrs. Susannah R. Norcross, Miss Alice E. Parker, Mrs. Mary P. Rice, Mrs. Rosa Ritchie, Miss Anita S. Ward.

SOUTH END DIET KITCHEN.

Incorporated 1882. 21A Common Street, Boston. Branch, 73 A Street, South Boston. Open 11.45 A. M. to 1.00 P. M.

For the sick poor. Distributes diets of milk, eggs and broth among the sick poor on orders from Dispensary Doctors, District Nurses, Associated Charities and other responsible persons.

WARREN ANATOMICAL MUSEUM.

The Warren Anatomical Museum was founded in 1847 by John Collins Warren, of the College Class of 1797, Adjunct Professor of Anatomy and Surgery from 1809 to 1815, Hersey Professor of Anatomy and Surgery from 1815 to 1847, Professor Emeritus from 1847 to his death in 1856, son of John Warren, the first Hersey Professor of Anatomy and Surgery. This important Museum is open to students in the School, and its collections are used in demonstration of lectures. It occupies the upper three floors of the Administration Building. Its Curator is Dr. William Fiske Whitney.

The collection has about nine thousand specimens, illustrating both normal and pathological anatomy and materia medica. Students may have access to these specimens at any time upon application to the Curator.

Besides dissections and serial sections of many bones, the anatomical collection includes many corrosion preparations, plaster and papier mache models of bones, organs, and various parts of the body, and frozen sections.

The pathological collection is being constantly enlarged by the addition of numerous specimens, preserved in their natural colors by Kaiserling's method.

WARREN TRIENNIAL PRIZE.

The Warren Triennial Prize was founded by the late Dr. J. Mason Warren in memory of his father, and his will provides that the accumulated interest of the fund shall be awarded every three years to the best dissertation, considered worthy of a premium on some subject in Physiology, Surgery, or Pathological Anatomy; the arbitrators being the Physicans and Surgeons of the Massachusetts General Hospital.

The subject for competition for the year 1910 is on some Special Subject in Physiology, Surgery, or Pathology.

Dissertations must be legibly written, and must be suitably bound, so as to be easily handled. The name of the writer must be enclosed in a sealed envelope, on which must be written a motto corresponding with one on the accompanying dissertation. Work which has already been published will not be received in competition.

Any clue given by the dissertation, or any action on the part of the writer which reveals his name before the award of the prize, will disqualify him from receiving the same.

Essays must be typewritten in English, French or German.

The amount of the prize for the year 1910 will be $500.

In case no dissertation is considered sufficiently meritorious, no award will be made. A high value will be placed on original work.

BOARD OF REGISTRATION OF NURSES.

Mary M. Riddle, Chairman; Edwin B. Harvey, M. D., Secretary, Lucia L. Jaquith, Mary E. Shields, Charles A. Drew, M. D.

An Act to Provide for the Registration of Nurses.

(Chapter 449 of the Acts of 1910.)

Section 1. A Board of Registration of Nurses is hereby established to consist of five members. One member shall be the secretary of the board of registration in medicine, ex officio; the other four members shall, within sixty days after the passage of this act, be appointed by the governor with the advice and consent of the council. Three members shall be nurses holding diplomas, each from a different training school for nurses giving at least a two years' course in the theory and practise of nursing in a hospital, and they shall have had eight years' experience in nursing the sick. The fifth member shall be a physician who is superintendent of a hospital having a training school for nurses. The four appointive members shall be appointed to serve as follows: one member for one year, one for two years, one for three years and one for four years from the first day of October, nineteen hundred and ten, and until their respective successors are appointed; and thereafter the governor, with the advice and consent of the council, shall annually, before the first day of October, appoint one person qualified as aforesaid to hold office for four years from the first day of October next ensuing. Vacancies in said board shall be filled for the unexpired term in the manner of the original appointment. Any member of the said board may be removed, for cause, by the governor with the advice and consent of the council.

Section 2. The members of said board shall meet at the office of the board of registration in medicine on the second

Tuesday of October, nineteen hundred and ten, annually hereafter, and shall immediately proceed to organize by electing a chairman who shall hold office for the term of one year. The secretary of the board of registration in medicine shall be secretary of the board of registration in nursing, and shall receive as compensation therefor such sums as may be fixed by the governor and council, to be paid from fees received hereunder. The said board shall hold three regular meetings in each year: one on the second Tuesday of January, one on the second Tuesday of April, and one on the second Tuesday of October at the office of the board of registration in medicine, and it may hold additional meetings at such times and places as it may determine.

Section 3. It shall be the duty of said board, immediately upon its organization, to notify all persons engaged in the practise of nursing the sick in this commonwealth, of the times, places and subjects of the examinations for registration, by publication in one or more newspapers in each county. Application for registration shall be made upon blanks to be furnished by the board, and shall be signed and sworn to by the applicants. An applicant for registration who shall furnish satisfactory proof that he or she is at least twenty-one years of age, and of good moral character shall, upon payment of a fee of five dollars, be examined by the said board, and, if found to be qualified, shall be registered, with a right to use the title Registered Nurse, and shall receive a certificate thereof from the board signed by the chairman and secretary. An applicant who fails to pass an examination satisfactory to the board, and is therefore refused registration, shall be entitled, within one year after such refusal, to a re-examination at a meeting of the board called for the examination of applicants, without the payment of an additional fee. The said board may, after a hearing, by vote of a majority of its members, annul the registration and cancel the certificate of any nurse; and, without a hearing, may annul the registration and cancel the certificate of a nurse who has been found guilty of a crime or misdemeanor. All fees received by the board shall once a month be paid by its secretary into the treasury of the commonwealth.

Section 4. Examinations shall be partly in writing in the English language, and partly in practical work, and shall incude the principles and methods of nursing. Due credit shall be given for examinations in special branches.

Section 5. Any resident of this commonwealth who shall make application for registration within one year after the passage of this act, and who shall prove to the satisfaction of the board, by affidavit or otherwise, that he or she was actually engaged for five years next prior to the date of application in nursing the sick in a competent manner or has had such experience in a hospital or training school as, in the opinion of the board, would justify registration, shall be registered without examination on the payment of a fee of five dollars.

Section 6. The board shall have power to register in like manner, without examination, any person who has been registered as a professional nurse in another state under laws which in the opinion of the board maintain a standard substantilly similar to that of this act.

Section 7. Each member of the board, except the secretary, shall receive five dollars for every day actually spent in the performance of his or her duties: provided, however, that in no event shall the total sum paid to any member of said board exceed one hundred and fifty dollars in any one year, and the in the opinion of the board maintain a standard substantially necessary travelling expenses actually occurred in attending meetings of the board, not exceeding three cents a mile each way. The said compensation and travelling expenses and any incidental expenses necessarily incurred by the board or any member thereof shall, if approved by the board, be paid from the treasury of the commonwealth, but only from the fees paid into the said treasury by the board.

Section 8. The board shall investigate all complaints of violation of the provisions of this act, and report the same to the proper prosecuting officers.

Section 9. The board shall keep a record of the names of all persons registered hereunder, and of all money rceived and disbursed by it, and a duplicate thereof shall be open to inspection in the office of the secretary of the commonwealth. Said board shall annually, on or before the first day of January, make a report to the governor of the condition of professional nursing in this commonwealth, of all its official acts during the preceding year, and of its receipts and disbursements.

Section 10. Whoever, not being lawfully authorized to practise as a registered nurse within this commonweath, practises or attempts to practise as a registered nurse, or uses the abbreviation, R. N., or any other words, letters, or figures to indicate that the person using the same is such a registered nurse, shall for each offence be punished by a fine of not more than one hundred dollars. Whoever becomes registered or attempts to become registered, or whoever practises or attempts to practise, as a registered nurse under a false or assumed name, shall for each offence be punished by a fine of not less than one hundred nor more than five hundred dollars, or by imprisonment for three months, or by both such fine and imprisonment.

Section 11. This act shall not apply to gratuitous nursing of the sick by friends or members of the femily, or to the acts of any person nursing the sick for hire who does not assume to be a registered nurse.

Section 12. The board may make such rules and regulations with reference to procedure hereunder as it may deem expedient, provided that the same are not inconsistent with this act or with any other law of the commonwealth.

Section 13. For the purpose of the appointment of said board and of the registration of persons by it hereunder, this act shall take effect upon its passage, and it shall take full effect on the first day of October in the year nineteen hundred and ten. Approved, April 27, 1910.

PHYSICIANS OF GREATER BOSTON.

ABBE, ELIZABETH M. (Tufts Med. '09). Member Mass. Med. Soc. Private hospital, 47 Bellevue St., Boston. Tel. Brookl. 3446M.

ABBE, FREDERICK R. (Harvard Med. '95). Member Mass. Med. Soc., Am. Med. Assoc. Hrs. 1-3. 15 Sayward St., Dorchester. Tel. 140.

ABBOT, FLORENCE H. (Woman's Med. Coll. of New York Infirm '97), Women's Hosp. of Philadelphia '97-'98, Medfield Asylum '98-'03, Taunton State Hospital '03-'08, Worcester State Hosp. '08-'10, Assistant Physician Newton Nervine. Member Mass. Med. Soc., N. E. Soc. of Psycharity, Amer. Medico-psychol. Soc., Amer. Med. Ssso. Specialty—Mental Diseases. 1660 Washington St., West Newton. Tel. N. W. 870.

ABBOTT, ADELAINE N., 459 E. 8th St., So. Boston.

ABBOTT, E. STANLEY (Harvard Med. '93), 1st Asst. Phys. McLean Hosp. Member Mass. Soc. of Psychiatry and Neurology, Mass. Med. Soc., Am. Med. Assoc., Am. Medico-Pcychol. Soc., Boston Soc. of Med. Sciences. McLean Hosp., Waverly.

ABBOTT, FREDERICK L. (Boston Coll. of Phys. & Surg. '88). Hrs. 10-1. 252 Newbury St., Boston. Tel. B. B. 3271.

ABBOTT, HOWARD E. (Bowdoin '84). Member Mass. Med. Soc. Hrs. 1-3, 6-8. 184 S. Common St., Lynn.

ACHORN, KENDALL LINCOLN. Hrs. 9-12, 2-4. 687 Boylston St., Boston.

ACHORN, J.WARREN (Bowdoin College Med. Dept. '87) (Bellevue Hosp. Med. Coll. '89), Brooklyn City Hosp. '89-'90. Member Mass. Med. Soc., No.. Carolina State Med. Soc., Specialty—Gastro-Intestinal Diseases, Constitutional Disorders. L. C.—Some Physical Disorders having Mental origin, "Nature's Help to Happiness" (Moffat Yard & Co.). Residence, 1819 Beacon St., Brookline. Hrs. 9-4 and by appointment. Tel. B. B. 109. Office, Trinity Court, Boston.

ACHORN, RALPH C. (Baltimore Med. '09). 3118 Washington St., Roxbury.

ACONE, MODESTINO (Univ. of Naples '90). 419 Hanover St., Boston.

Collect Your Accounts

WITH OUR SERVICES

OUR METHODS are such as command the respect of debtors from the first; but lead automatically to final settlement.

OUR CHARGES are on a business basis only. No "annual fees," no "advance charges," no "postage."

Our methods, charges and services are endorsed by many prominent physicians.

Our various methods of treating various accounts certainly warrant an interview.

Tufts College Medical School

416 HUNTINGTON AVENUE
BOSTON, MASS.

THE COURSE OF STUDY.

The course of study is a graded one, covering four annual sessions. In general, the first two years consist of didactic and laboratory work; the last two years are chiefly clinical. During the latter part of the fourth year a certain latitude is allowed in choice of elective subjects, but the course is otherwise uniform, and the required subjects cover thoroughly the general ground of medicine, surgery, and the important special subjects.

THE BUILDING.

The building now occupied by the school was erected on Huntington Avenue, Boston, and occupied for the first time in the session 1901-02. Increasing requirements have necessitated more commodious quarters, and during the past summer the building was enlarged and remodelled at an expense of $50,000. A fourth story was added, and the building is now completely equipped with every facility for teaching Medicine in accordance with present requirements.

ENTRANCE REQUIREMENTS.

Admission by Credentials—Graduates of colleges and high schools approved by the New England College Entrance Certificate Board, and students holding Regents' diplomas showing a four-year course in a high school in New York State, are admitted without examination, except in Chemistry.

Admission by Examination—Candidates for admission by examination must have received adequate preparation in certain subjects falling in two groups, known respectively as the Primary and the Secondary Group. The requirements of the entrance examinations are explained in careful detail in the catalogue of the school.

For further particulars, or for a catalogue, address

FREDERIC M. BRIGGS, M. D., Secretary.

BOSTON - - - MASS.

OUR MILK SUPPLY

COUNTRY END. Our dairies are regularly visited by trained inspectors to secure clean, healthy cows—well-lighted and ventilated cow stables—milk rooms and supplies of ice for the cooling of milk. Our contract with each producer states that in case of the outbreak of any infectious disease at the farm, shipment of milk shall be stopped and during the period of quarantine the milk kept at home will be paid for by us.

CITY END. Our milk is transported to the city in refrigerator cars in express trains and is received in a modern plant with every facility for the sanitary handling of milk, viz.,—machinery for the cleansing of cans and bottles by caustic alkalies and steam—filling and capping of bottles by automatic apparatus, eliminating handling by men—lavatories and shower baths for employees—steam laundry for the cleansing and sterilizing of employees' suits—a chemical laboratory to guard the richness of our milk—a bacteriological laboratory to guard the cleanliness of our milk.

PASTEURIZATION. We do not stop with this, but finally subject our milk to Pasteurization in recently perfected apparatus which holds the milk for twenty minutes at a temperature of **145** degrees Fahrenheit. Pasteurization under these scientific conditions destroys any germs of disease which may have reached milk in spite of the above described system of precaution and, according to our best investigators,* does not injure the digestibility of milk. The system above described gives our supply the highest possible degree of security. Our plant and methods of handling milk are open at all times for your inspection.

Very truly yours,

D. WHITING & SONS.

The Greatest Triumph in Typewriter History

NEW VISIBLE MODELS OF THE

Remington

These new models represent the sum total of more labor, more experience, more accumulated knowledge, and greater resource than all other typewriters combined.

That is why these new Remingtons have given such complete satisfaction to typewriter users, and why their sales have broken all records since the invention of the writing machine.

WINDSHIELD EXTRA.

The Most Popular Physician's Runabout. New Price, $600

What 12,000 Doctors Say Must Be True

RECORD SALES LAST YEAR AT OLD PRICE

Last year was our greatest in sales to physicians. We sold 5,500 Doctors' Runabouts before July 1st. Our reputation gained during the two previous years was largely responsible. Our good work began when Mr. J. D. Maxwell designed the "Doctor Maxwell" Model in 1908. Its popularity was instantaneous. It was a fool-proof car, simple to run and easy to care for—just the car for the busy practitioner. To-day 12,000 physicians in the United States use Maxwell's, one Doctor in every ten in the United States. Ask any one of them about it.

DOCTORS DEMAND CONSTANT SERVICE

If one attribute more than another is responsible for our tremendous sale of cars to physicians, it is the ability of the Maxwell to run day after day, month after month, with unfailing reliability and efficiency. Service is the physician's watchword. His car must go when he wants it—must not need constant tinkering. This is insured in the Maxwell by simple construction and first-class materials. 12,000 physicians, all sticklers for service, prove it. Our confidence in the Maxwell is so great that we are willing to allow our case to rest with any owner.

THESE BOOKS FREE—"How the Maxwell Increases the Incomes of Physicians," "How to Judge an Automobile," our beautiful new catalogue. Write to-day. A postal will do. Just say, **"Mail Books."**
